JFK Signs Military Measure

West Berliners To Welcome Johnson

Top Diplomat Flies By Jet To Germany

Vice President To Renew Pledge Of U.S. Support

BERLIN (AP)—West Berliners put out the welcome mat for U.S. Vice President Lyndon B. Johnson, who is flying here for a first-hand look at this crisis-ridden city.

The visit of the Kennedy administration's top envoy to Berlin and Bonn this weekend and word from London diplomats that the United States, Britain and France have agreed in principle to send reinforcements to their 11,000-man garrison here, heartened townspeople dismayed by the Communist blockade.

Mayor Willy Brandt, who told President Kennedy early this week that the West should hit back with political action as well as words against the Red restrictions on East German travel to West Berlin, said he was delighted.

A West German government spokesman in Bonn reported Johnson will be received heartily, adding: "Nothing could serve the cause of Berlin better than for friends of Germany to inform themselves on the spot and get an impression about the situation."

To Explain Policy

With talk of tough reprisals abating, Johnson is to try to explain current policy to the Germans this weekend. He is making the trip by Kennedy's request to offer fresh assurances of American support.

Accompanying him is Gen. Lucius D. Clay, Ret., former U.S. commander in Germany who was the chief architect of the airlift that defeated the 1948-49 Soviet blockade of Berlin.

A Western source said that, across the border, some wives and children of the 400,000 Soviet troops in East Germany are being sent home. The withdrawal, he said, is probably slowly paced to avoid alarm, but is more than ordinary summer vacation travel.

Reds Build Wall

Communists closed a part of the boundary between East and West Berlin with a concrete-block wall five feet high and topped with barbed wire, giving an air of permanence to the barricades that the Big Three Western Allies have called on the Soviet Union to clear away.

The new wall is almost complete in northern and central districts of the 25-mile border, winding from Reineckendorf southeast to Nuekoeln.

Over it peered Communist troops, their rifles sometimes decorated with flowers from girls of the East German youth organization.

The wall was thrown up, evidently to create a no man's land between it and the barbed wire fencing installed Sunday, after *(Cont. on page 2, column 3)*

Cooperation Is Indicated In The Congo

LEOPOLDVILLE, the Congo (AP)—Antoine Gizenga has declared his willingness to cooperate with the Congo's central government, it was reported Friday. He has held confidential discussions with Congo Premier Cyrille Adoula the last two days in Stanleyville.

Calling in Communist and neutralist diplomats who recognize him as legal premier of the Congo, Ginzenga recommended they transfer their recognition to the Adoula government in Leopoldville, which he called "the Congo's only legal government which has just been approved by Parliament."

Reports from Stanleyville did not indicate whether Gizenga will take the post of vice premier offered him in the Adoula Cabinet.

Adoula added a new triumph to his success in Stanleyville Thursday night when he was heralded as a "worthy successor" to the late Premier Patrice Lumumba—a high compliment in the Lumumbist stronghold.

"(Adoula) will follow the route already traced by his predecessor, Patrice Lumumba," declared the president of Oriental Province, Jean Forster Manzikala.

"In our new prime minister we have a man wise and dynamic," Manzikala added. "We are confident that his policy is to safeguard the unity of our land."

U. S. Notifies Castro To Send For Freighter

NORFOLK, Va. (UPI) — The United States gave asylum Friday to a Cuban captain and 10 crewmen who staged a mutiny-in-reverse and took over their Russia-bound merchant ship at gunpoint.

Capt. Jorge Augstin Navarro, 45-year-old skipper of the 3,805-ton motor vessel Bahia de Nipe said he and two of his mates hatched the plan to seek refuge in the U.S. only after the ship was 300 miles east of Bermuda bound for Baltic ports with a load of raw sugar.

By steering a false course the defectors arrived off Norfolk Thursday night and messaged the Coast Guard that they wanted political asylum.

Authorities went aboard the vessel and questioned the crew closely before Navarro was permitted to meet Friday with newsmen.

After granting the defectors asylum, a polite diplomatic note was sent to Cuba telling that nation that it could have back the ship and the 23 crewmen who the defectors locked up before piloting the vessel into Chesapeake Bay.

Navarro, speaking for his colleagues, said he and his two mates had only two pistols when they began rounding up "one-by-one" the crewmen they felt they could not trust.

"They never suspected nothing, Navarro told newsmen at the naval base. "We held them prisoners, dividing them into three groups" according to how dangerous they were regarded. Some were known to be Communists, the skipper said.

"Actually we were only three among 34," Navarro said. "The others did not really make a decision until we were almost to the United States."

Navarro, a graduate of the Cuban Naval Academy at Havana and a veteran of 23 years at sea, said the reason for the defection was simple:

"This was the only way we could get out of Cuba," he said. "Living conditions in Cuba are surpressed to anyone who wants to express freely and live as he believes."

3 Airlines Cut Fares Across U.S.

WASHINGTON (UPI) — Three major airlines put into effect Friday new transcontinental fares that make the cost of a California-New York air trip close to that of train, bus and private automobile travel.

The new fares, approved by the Civil Aeronautics Board (CAB), make it possible for air coach passengers to fly coast-to-coast for a round trip excursion fare of $198 in jets and $178 in piston-engine planes. The regular trip coach fare is $280.

Trans World Airlines started the reduced fares Wednesday and American and United followed suit Friday. They apply to coach flights between Monday noon and Friday noon. They also require the round trip to be completed in not less than 13 days and not more than 30 days.

A TWA spokesman said coach sections on jet flights leaving New York, Philadelphia, Pittsburgh, Los Angeles and San Francisco under the new fares were filled to 91 per cent of capacity — 2,359 available seats and 2,138 of them occupied by paying passengers.

"The response to these new fares is even greater than we had anticipated," TWA vice president Louis P. Marechal said.

Kennedy Orders Combat Group To West Berlin

WASHINGTON (AP) — President Kennedy Friday night ordered a 1,500-man battle group to reinforce the United States garrison in West Berlin. The troops are due to reach the West German capital Sunday.

The White House said the British and French—and presumably the West German — governments had been advised of the decision to send additional troops into beleaguered West Berlin.

Britain and France earlier had been understood to have been considering also an increase in their strength in West Berlin, where the Western Allies' garrison now totals about 11,000 men.

Asked if the U.S. decision signaled a similar move by Britain and France, White House press secretary Pierre Salinger said only: "I can only speak for the American government."

Salinger read this White House announcement: "In view of recent developments, including the movement of East German military forces into East Berlin, the President has directed an appropriate increase in the U.S. garrison in Berlin.

"A battle group of approximately 1,500 men will proceed by way of the Helmstadt-Berlin autobahn, arriving there on Sunday."

Of the 11,000 men now in the Western Allies' garrison, about 5,000 are U.S. troops.

The White House said details on the new troop movement, including the identity of the military unit or units involved and their present location, would be made public by the Defense Department.

Salinger Cancels Talk

WASHINGTON (AP) — White House press secretary Pierre Salinger has canceled a speech before the Maryland Press Association, reportedly because the convention hotel in Ocean City, Md., bars Negroes.

Salinger accepted an invitation to address the association at its Ocean City meeting on Sept. 8.

He confirmed Friday that he had canceled the engagement in a letter to the association last Monday which stated no reason for his action. He declined further comment, but it was learned that he was motivated by what he understood to be the hotel's racial policy.

Ray Hamby, executive secretary of the Maryland Press Association, said in Baltimore that accommodations for Negroes could not be arranged in Ocean City at the Commander Hotel, where the convention is scheduled, or at any other hotel at the seaside resort.

Nixon Is Favorite In California GOP

LOS ANGELES (UPI) — Former Vice President Richard Nixon is the overwhelming choice of top state Republicans to be the GOP gubernatorial candidate in California next year, a poll showed Friday.

In the poll, conducted by state GOP Chairman John Krehbiel, questionnaires were sent to 1,456 ranking Republicans throughout the state. So far, 972 answers have been received.

To the question, "in your opinion who would be the strongest Republican candidate for governor in 1962," 687 Republicans thought Nixon would, Krehbiel said.

Foreign Aid Bill Still In Trouble

Senate-House Disagree On Lending Plan

Heart Of Plan May Be Salvaged In Conference

WASHINGTON (AP)—The Senate passed a foreign aid bill Friday night providing President Kennedy long-range lending and Treasury-borrowing authority. But the House approved a measure stripped of both these provisions.

Kennedy regards these powers as essential to the success of his program of overseas development. Administration leaders will strive to get them for him in the House-Senate conference on the two measures.

There was considerable speculation that the eventual compromise would allow the President three years of lending authority instead of the five years he asked and the Senate approved.

With this might go authority to borrow from the Treasury under the Senate plan, which would provide for congressional veto of any individual loan over $5 million. The over-all loan money probably would depend on the duration of the program with the rate between $1 billion and $1.5 billion annually.

The House bill would limit the program to one year with $1.2 billion for loans to be provided by Congressional appropriation with no Treasury borrowing.

The House bill calls for $4,368,- *(Cont. on page 2, column 2)*

NASA Halts Suborbital Flights

WASHINGTON (UPI) — The National Aeronautics and Space Administration announced Friday it was discontinuing its suborbital Mercury flights and "will now devote its full energies and resources" to putting a U.S. astronaut into orbit.

"Analysis of data obtained during all Redstone-boosted suborbital Project Mercury flights indicates the objectives of that phase of the program have been achieved," NASA said in a statement.

"No further Mercury-Redstone flights are planned," it said. NASA's space task group will now devote its full energies and resources to the orbital phase of Project Mercury and to follow-up flight programs, including Apollo."

Apollo is the program to launch a space capsule carrying three men into orbit around the earth and ultimately to the moon.

"A new evaluation of all pertinent pilot data will be made to select astronaut candidates for orbital flight," NASA said. "All seven will be considered for orbital flight."

Mikoyan Softens Talks In Japan

OSAKA, Japan (UPI) — Soviet First Deputy Premier Anastas Mikoyan, perhaps worried by a burst of angry outcries against his criticism of Japan, Friday stressed peace and trade.

Mikoyan, who is making an eight-day "goodwill" tour of Japan softened his propaganda tactics in Osaka despite the fact that this is where the Communists have their biggest stronghold.

"Let us abandon arms and let us eradicate war," he said. "It is not because we are militarily weak that we are advocating total disarmament."

Biggest Bill For Defense Becomes Law

$46 Billion Is Marked To Pay Way For Peace

WASHINGTON (AP) — The White House announced Friday that President Kennedy has signed the biggest military appropriation ever passed in peacetime.

Kennedy approved the $46,662,-556,000 defense bill Thursday night, exactly a week after it cleared Congress.

The President signed a separate measure Friday appropriating funds to step up the space program, including a start toward sending men to the moon.

The military appropriation includes an extra $3.5 billion which Kennedy requested three weeks ago for an emergency buildup of the nation's fighting forces.

It also includes $207.6 million which Kennedy asked for an intensified Civil Defense program in the face of new Communist threats in Berlin and elsewhere.

The bill contains these major allotments for the fiscal year ending next June 30:

Army $11,802,312,000;
Navy $14,505,665,000;
Air Force $18,836,534,000;
Defense secretary $1,310,445,000.

The bill has $265,611,000 more than Kennedy requested, but there is no requirement that the extra money be spent and authority is providing for shifting funds as emergency needs require.

The Civil Defense allotment, carried in the military budget for the first time, includes funds for a start on the construction of fall-out shelters in federal buildings around the country as well as for the purchase of emergency supplies and surveys.

The space program funds were part of a bill appropriating $8,996,-285,000 to a score of independent federal agencies. The National Aeronautics and Space Administration receives $1,671,750,000 of the total.

About one-fourth of the NASA allotment was earmarked for expansion of the moon exploration program. That calls for sending a three-man team to the moon and back by 1970.

Tunisians Mass Before French Army Positions

BIZERTE, Tunisia, (AP) — Crowds of Tunisian demonstrators massed Friday night before French military positions and clamored for withdrawal of French troops from this barricaded city.

President Habib Bourguiba warned earlier in the day at Sousse that Tunisian armed forces would fight back if the French tried to interfere with mass demonstrations.

The crowds were kept back by triple rows of barbed wire and the machineguns of French paratroopers pointed in the glare of headlights of French army trucks.

President Bourguiba called for nationwide peaceful demonstrations to make an impression on the special session of the U.N. General Assembly opening Monday to discuss the French-Tunisian conflict. He spoke at a rally in the southern port city of Sousse.

At dusk several hundred Tunisians, grouped around the red and white national flag, marched from the casbah toward the French sector, demanding entry.

Hundreds of combat-ready French marines and paratroopers were deployed throughout the city. Armored cars and tanks were grouped near the outskirts and fire trucks were brought up.

The crowd, mostly young men in blue jeans led by several robed judges of the Bizerte court, roared patriotic slogans and sang the Neo-Destour party song with a refrain "na moutou," which means we shall die.

Red Scientist Tells Why He Left Russia

OTTAWA (UPI) — Brilliant Soviet scientist Mikhail A. Klotchko said Friday he defected to the West because in Russia his human dignity was denied and his peaceful research was suppressed.

"It is the lack of human dignity in the U.S.S.R. which hurts most," the small, greying chemist said.

"I am not after fame and glory. I seek neither. I just want to serve mankind."

Klotchko, a holder of the Stalin prize, ended two days of secret seclusion to tell a jammed news conference why he decided to live out his life in a foreign land.

The 59-year-old scientist said his life's work had not involved military projects but rather "the more peaceful research of pure-science." In Russia, he said, his work was suppressed because he had criticized the Soviet Academy of Sciences.

"I just could not carry out pure research where the scientist is constantly hampered by political considerations," Klotchko said.

Klotchko, who won the Stalin Prize for work in the refining of platinum, had come to Canada last week with eight other Soviet scientists to attend an international scientific conference.

Klotchko has no family in Russia and he said he had no fear of reprisal against himself.

Firemen Halt Blaze In Big Ocean Liner

SEATTLE (AP) — Firemen quickly controlled a blaze which broke out below decks Friday on the 17,000-ton passenger liner President Roosevelt which is undergoing conversion at a drydock.

All of the 600 men working on the former Leilani were accounted for, although at first some had been feared trapped.

Compromise Education Bill Awaits JFK Go-Ahead

WASHINGTON (AP) — A compromise aid-to-education bill is waiting in the House Education and Labor Committee for President Kennedy and Speaker Sam Rayburn to approve it.

They aren't expected to get around to it until next week, though, because of their current preoccupation with the foreign aid bill.

Democrats on the committee have given the four-part package $2.6-billion compromise their tentative approval.

Secretary of Welfare Abraham A. Ribicoff, who presented the plan Thursday, termed the outlook "very encouraging." "I am confident that before the gavel falls an excellent educational program will be passed," he said.

The chairman of the committee, Rep. Adam C. Powell, D-N.Y., made the announcement Friday that he would take no formal action on the Ribicoff compromise until he got word that Kennedy and Rayburn back it.

Ribicoff's proposal, which is estimated to cost $2.6 billion instead of the $6.1 billion the administration originally suggested, includes a five-year program of loans and grants for construction of academic facilities at colleges and universities. This is the biggest single outlay of the bill, amounting to $1.5 billion. It would provide for $180 million in grants and $120 million in loans annually.

Gigi Couldn't Make Up Her Mind About Wedding

COLUMBIA, S. C. (AP)—An impulsive teen-age socialite who fled from her pending lavish wedding in Miami said here Friday: "I wasn't positive I wanted to go through with it."

Georgine (Gigi) Gorman, 18, willowy debutante who disappeared Tuesday night from Miami, driving her father's $4,500 white sports car, was picked up near here Friday.

"I left to postpone the wedding," she told newsmen. "I was just glad to get away, to think it over and use my own judgment."

Gigi's father, Harold Dale Gorman, a retired trucking executive, chartered a private plane to fly here from Miami.

The jilted bridegroom was Robert M. Oliver III, 20, of Coral Gables.

Gigi, a tall and strikingly pretty blonde, said she just started driving north after the Tuesday night wedding rehearsal. "I stopped the next day, I think it was in Georgia. I had no particular destination in mind."

She said her decision to leave Miami was not due to a conflicting romance. Asked if she still planned to marry Oliver, she replied: "Just maybe, but not at this time."

She left her father a note before leaving Miami. He indicated later that he had some idea of her whereabouts.

Her father obtained a warrant at Miami Thursday charging Gigi with theft of the sports car, a legal move to have law agencies alerted for her.

Housekeeper Tortures, Smothers Two Small Boys

MILWAUKEE, Wis. (AP) — A 24-year-old woman, sitting only a few feet from the neat trim beds where the bodies of two boys were found a short time earlier, sullenly admitted Friday that she had tortured one child with burning matches, then "squeezed them until they were dead."

The woman was Lucille Adams, a fat and dumpy brunette hired by William R. Craig Jr., as a housekeeper after he and his wife separated about three months ago.

Questioned by Deputy Detective Inspector Harold Breier and Dist. Atty. William J. McCauley, the woman said she had trouble with Donald Craig, 4, and his brother, Ronald, 2, Thursday afternoon. She said they threw one of her shoes, a toothbrush and other articles out of a bedroom window.

Breier asked if she had punished the baby by burning his ear, palm and fingertips with matches.

"Maybe I did," Miss Adams said.

"Damn it," Breier said, "you know you did."

"Yes, I did," the woman said.

McCauley said that Miss Adams told him she got the idea of smothering the children after "hearing that story on the radio." He said she apparently referred to a Dubuque, Iowa, baby sitter, involved in similar deaths of three children.

Craig, a night shipping clerk at a wholesale grocery firm, found the bodies of his sons, dressed in undershirts and shorts, lying on their beds when he came home from work about 9 a.m. Friday.

Miss Adams was asleep in another room.

Breier said the woman told him that after Craig went to work Thursday night "she played with the boys and squeezed them until they were dead."

McCauley said he would issue a warrant charging Miss Adams with two counts of first-degree murder.

Polio Cases Show Increase Across Nation

ATLANTA (UPI) — The number of polio cases in the nation increased "notably" last week but still remained under last year's level, the Communicable Disease Center reported Friday.

The U.S. Public Health Service center here said 54 new cases were reported during the week ending Aug. 12 — seven of them from Louisiana and six from New York. Thirty-six of the nation's polio cases were paralytic including three of Louisiana's and three from Frederick County, Md.

Two of Louisiana's paralytic cases and one of the four non-paralytic cases were from New Orleans. The center said three additional paralytic polio cases have occurred in New Orleans and three more suspect cases are being investigated.

The center said a total of nine paralytic cases have been reported in Frederick County this year. Seven of the nine persons had received no polio vaccination, the center said.

The six paralytic cases from New York state are from different counties.

Three new paralytic cases have occurred in the Atlanta area. None had either Salk or Sabin vaccine. A total of 11 cases have occurred in Atlanta.

Will Rogers Jr. Is Acquitted

ENCINITAS, Calif. (AP) — A seven-woman, five-man jury Friday acquitted Will Rogers Jr., son of the late humorist, on charges of lewd and dissolute conduct.

The jury deliberated less than an hour.

Rogers testified he is "an honest, decent and normal human being."

Two sheriff's deputies and a motorist testified the former California congressman was partly unclothed in his car on U.S. Highway 101 near Del Mar, Calif., last Feb. 15.

500,000 for the one-year program, including loans and grants and covering military aid as well as economic.

The Senate measure provides $4,076,500,000 for the over-all program, including $1,187,000,000 for the first year's long-range lending, plus authority for the President to borrow $1.7 billion in each of the next four fiscal years.

The House roll call was 287-140. It was the only record vote the House had in its five days of debate. There were 195 Democrats and 92 Republicans who voted for the measure while 63 Democrats and 77 Republicans opposed it.

The long-range lending and Treasury-borrowing provisions of the House bill were knocked out by a 197-185 teller vote last Wednesday. The House Democratic leaders made no serious effort to reverse this result despite an appeal from President Kennedy. A voice vote upheld the amendment which cut out what the President regards as the heart of his program.

Another voice vote rejected a motion to kill the bill by returning it to committee.

Bi-Party Support

The Senate vote was 66-24 on the measure which it has been debating for nearly three weeks. Forty-six Democrats were joined by 20 Republicans in supporting the bill. Thirteen Democrats, 12 of them from the South, voted with 11 Republicans against the measure.

The President's program sailed past several Senate shoals Friday before being hit by an amendment which clamped a lid on the interest that can be charged by a foreign government relending U.S. aid money for internal programs.

Sen. Ernest Gruening, D-Alaska asked that such interest be not more than five percentage points above the rate charged on the U.S. loan. The administration offered a substitute but this was beaten, 53-37, and the Alaskan's amendment then was approved, 74-16.

Gruening's move was based on reports that interest rates in some Latin-American countries run as high as 10 to 20 per cent whereas U.S. loans to underdeveloped countries presumably will be made at rates of one to three per cent in most instances.

three East German men escaped to West Berlin by gunning a heavy truckthrough the wire.

West Berlin police said Communist guards shot up the truck, but the men were uninjured. A bullet gouged into a wall of a West Berlin house. Western authorities said refugees were still slipping through at a rate of 150 daily.

Chancellor Konrad Adenauer and Brandt, rivals for the chancellorship in a general election Sept. 17, joined in condemning the Communist restrictions before a special session of the West German lower house in Bonn as a violation of human rights.

Adenauer said West Germany will step up its military preparedness within the North Atlantic Treaty Organization, but that military measures will not solve the crisis.

He pledged cooperation with his Western partners in efforts to get East-West talks started. Reliable sources said Western notes probably will go to the Kremlin next week in answer to a Soviet expression Aug. 3 of willingness for negotiations aimed at concluding a German peace treaty.

Youngsters Operating Nation's First Tent Motel To Aid Crippled Children

RICHMOND, Va. (AP) — The walls may be a trifle flimsy and there isn't any pool. But what other motel throws in breakfast with the 15-cent-a-night fee?

And anyway, there's always the telescope for a penny a look and the well-stocked library of the latest comic books.

Put them together and you've got the R.W.G. Motel, a collection of tents which puts the childhood penchant for backyard camping on a paying basis.

The project began unfolding when Tommy Riley, 11, got one tent from his father, a scoutmaster. And it blossomed when Jimmy Gillian, 11, and Mona Wray, 10, pitched in with help and ideas.

"We kept adding on more tents, and first thing we knew it looked like a motel," says Tommy, whose bespectacled face reflects his knack for business. The next step was natural.

"We decided to put it on a paying basis."

And with a promoter's instinct Tommy soon had signs advertising the tent motel sprouting on neighborhood trees — complete with the list of charges:

Regular room, 15 cents a person private room, 18 cents; clock, 2 cents; radio, 3 cents; "Kool Aid," 1 cent a glass; crackers, 5 cents a pack, and peek through the telescope, 1 cent.

And to make the motel even more attractive to prospective pint-sized patrons, a comic book library and breakfast in bed—served by Mona, a pert blonde—were added.

The first three nights the motel pulled in $2.52, all of which will go to the crippled children's hospital here.

None of the neighbors has registered any complaint as yet, but Tommy remarked: "Some of the boys got homesick and went home."

Fall-Out Shelter Interest Up 400 Per Cent In State

By The Associated Press

Maryland Civil Defense officials said Friday requests for information about fall-out shelters had increased in the state by 400 per cent in recent weeks.

Civil Defense offices throughout Maryland reported they are being swamped by telephone inquiries. At CD headquarters in Pikesville, officials said calls were coming in at the rate of 10 an hour, and that two workers there do nothing but answer such calls.

William P. Bolton Sr., Baltimore County Civil Defense director, described the increase in interest as "fantastic."

"Since President Kennedy spoke (about the Berlin situation on July 26), it's a crusade," Bolton said. "Before, we couldn't get anybody to listen to us."

Fletcher S. Joyce, CD director in Anne Arundel County, said his office has had a similar increase in calls since the President's speech.

On the Eastern Shore, the most interest in shelter building seems to be in Sussex County, Del. Paul A. Bruner, CD director for Sussex, said more than 100 shelters of various types had been built there. At Seaford, Del., a dealer in shelters has opened a business on U.S. 13.

Allen W. Bunting, Worcester County Civil Defense director, said towns should build large shelters at public expense, rather than concentrate on individual shelters for single families.

Auto Workers Favor Walkout

DETROIT (UPI) — First tallies from a nationwide strike poll by the United Auto Workers Union showed Friday 95 per cent of the workers approving a walkout.

Early reports from plants in Michigan, Ohio, Indiana and Delaware had workers authorizing a strike by a margin of 5,315 to 264, an average far above the two-thirds necessary to call a walkout.

SRC Asks Bids On Expressway

BALTIMORE (AP) — Bids for construction along a five-mile toll-free section of the new Northeast Expressway to the Delaware line will be advertised in mid-October by the State Roads Commission.

Five contracts worth $7 million will be let for the expressway section. The SRC already has advertised for bids for construction of four bridges on the interchange where the new Northeast Expressway will join the Baltimore Expressway.

The rest of the 43-mile route from White Marsh to the Delaware line will be a toll facility, to be financed by a special bond issue. The total cost of the expressway in Maryland is estimated at $90 million.

FBI Apprehends Escaped Murderer

WASHINGTON (AP) — Albert S. (Bumps) Sutton, a convicted murderer who escaped from a Maryland prison camp last weekend, was arrested by FBI agents in downtown Washington Friday.

Sutton, a one-time Washington gambler, had been jailed since 1936 in connection with the gangland style murder of Alen B. Wilson, a newspaper circulation employe in Takoma Park, Md., two years before.

The FBI said Sutton offered no resistance when agents grabbed him.

Sutton, 62, broke out of the Springfield work camp at Sykesville, Md., Sunday night or early Monday morning. He had been confined there recently after having spent considerable time in the Maryland Penitentiary, where he was committed in May 1936.

BALTIMORE (AP)—The Johns Hopkins Medical Institutions announced Friday it has received a grant of $115,000 from the W. K Kellogg Foundation to aid in construction of a new research laboratory for the Wilmer Ophthalmological Institute.

The building will provide facilities for research into the causes and treatment of blinding ocular diseases.

About one-half of the more than $1 million cost of the building will be raised by private subscription, with matching funds from the National Institutes of Health expected to provide the remainder.

EMMITSBURG ,Md. (AP) — Construction will begin Monday on a new student union building and a new dormitory at Mount St. Mary's College.

The $765,000 student union building is expected to be completed by May 1, 1962, and the $700,000 dormitory by July 15, 1962. The dormitory will house 208 students.

MARTINSBURG, W.Va. (AP)—For the third successive month, the number of Berkeley County families receiving surplus food through federal and state agencies has declined.

Film Seeks To Counter East German Red Conformity Pressure Put On Christians

By GEORGE W. CORNELL
Associated Press Religion Writer

You want to be a part of things, don't you? You want to be accepted, to belong. You want to be a regular, normal, successful guy. You don't want to be an oddball, an eccentric. You've got to get in step, son. Adapt, cooperate.

This, in one form or another, is the timeless and universal lure of conformity, and ever since the ancient Roman Empire it has been used intermittently to try to get Christians to abandon their "peculiar ways."

The come-on is heard in many places, in various ways, but it is being applied relentlessly today against the Christian "outsiders" in the East German Communist zone surrounding Berlin.

Listen to this gentle persuasion from a likable, young East Zone teacher, as he counsels the son of a Lutheran pastor: "Your father has every right to his old ideas. I'm sure he thinks that what he has taught you is true. But times are changing.

"When you get out in the world, in this era of the atom and the sputnik, people won't ask, or even care, whether you know the catechisms—or even the 10 Commandments—or the fairy tales of the Bible.

"I see you want to go to music school—then your political background is even more important. Nobody stands outside society, especially not a teacher, an artist."

The subtly unmanning effects, with the underlying implications for any age or place in which mass-organized society overshadows individual conscience, are depicted in a new church-sponsored movie, "Question 7."

Based on factual documentation it is scheduled for nationwide release next month and already has aroused wide acclaim among both Protestant and Catholic leaders, as well as some disturbing self-examination.

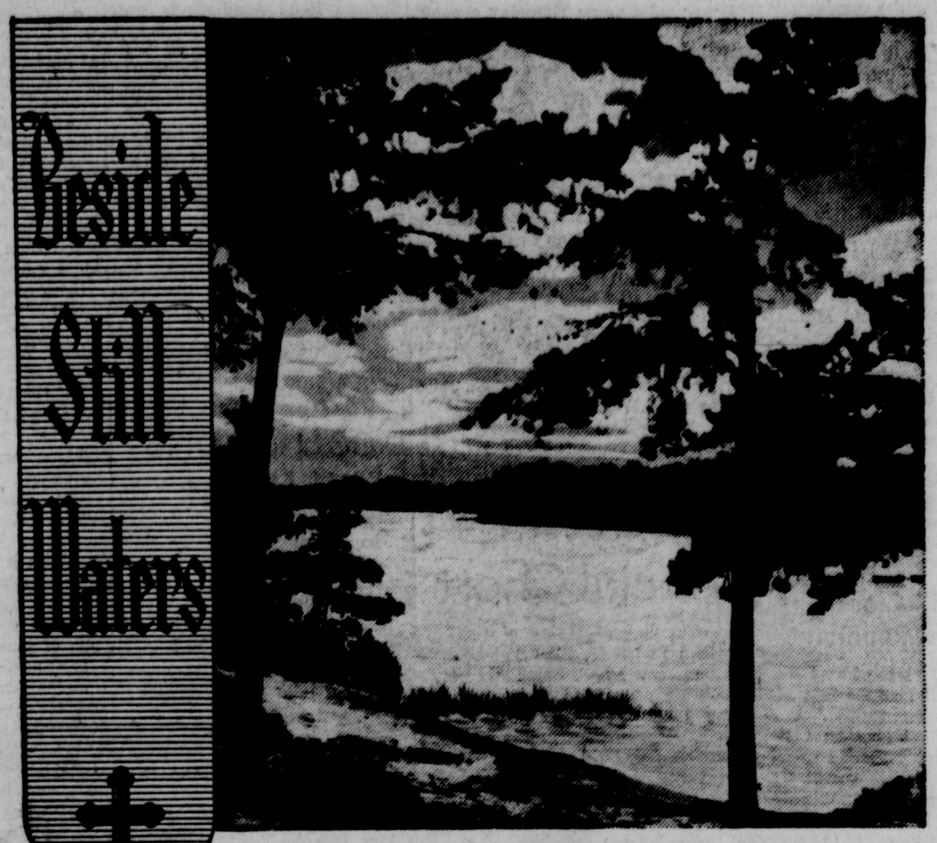
It is a tensely realistic account of the modern Christian stance behind the Iron Curtain, where the church remains the only institution to resist Communist demands for conformity.

The story concerns the quietly harrowing pressures on members of an East Zone congregation, whose jobs, reputations and status are jeopardized by their faith.

The crisis focuses on the pastor's gifted, teen-age son, Peter, who wants to enter a music conservatory, but must foreswear his religion to do so. A questionnaire he must fill out puts the crucial decision in "Question 7."

Sponsored by a group of U. S. Lutheran denominations and produced by Louis de Rochemont Associated (which also made the successful "Martin Luther") the movie, filmed in West Germany, has been three years in the making.

It was given a preliminary premiere in six U. S. cities this spring and won two awards at this summer's Berlin Film Festival, including one from the International Catholic Film Office.



These stirring words of the Twenty-Third Psalm:

He maketh me to lie down in green pastures . . . He leadeth me beside the still waters . . . He restoreth my soul!

The psalmist must have known the turmoil of life, even though he lived three thousand years ago. At least he had experienced the peace which comes upon a man when he escapes the bustling world and rests in the quiet stillness of nature's scene. And he caught its spiritual meaning!

A man's soul, like his body, needs to be restored. Just as sleep and recreation rebuild our physical strength, prayer and worship re-vitalize our spiritual being.

Thoughtfully, our forefathers taught us to spend part of each day in spiritual pursuits. Wisely, they set aside one day of the week for worship.

The Church provides opportunity for Sunday worship, and guidance in every-day devotion to God.

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Secrets Of Charm

by John Robert Powers

Makeup Magic

Even after all these years, it is still fascinating for me to watch a group of Powers Models applying their makeup. As they sit before the well-lighted mirrors, getting ready to be photographed, or as they walk down the runway of a fashion show, you find that each one has an individual beauty trick that improves . . . or almost changes her original appearance. One model concentrates more on her eyes; another on applying foundation . . . still another, more on her lipstick. Each applies her makeup like an artist — and with such imagination. Each one is individual and wears the cosmetics that suit her best.

They do amazing things with two shades of foundation — light for dramatizing a feature, and dark for diminishing a flaw. Rouge is the other most effective cosmetic in creating an impression of a different facial type. The value and intensity of rouges, like foundations, is a determining factor in giving prominence to one plane over another.

Let's take some specific examples. If you happen to have a round or square or triangle contour of face with heavy jaws, apply the lighter foundation on the frontal planes of the face and the darker shades of foundation over the jawline. Thus the heavy jaw would recede and the other part of the face would be highlighted. This same principle may be used to camouflage prominent foreheads and receding chins; hollow cheeks and oversized noses; short necks and long, thin ones. The round face needs rouge applied on the outer portion of the cheeks and carried up faintly to the temples — not applied in circular areas. While the long, narrow face will look better if it has lighter rouge blended in a circle in the center of the cheek plus the lighter foundation to highlight the entire face.

Sales Tax Helps Drop Welfare Cost

An illustration of the benefits which Allegany County taxpayers receive from allocation of state sales tax monies was given at yesterday's session of the Allegany County Board of Commissioners.

Miss Ethel Wilderman, director of the Allegany County Welfare Board, met with the commissioners yesterday to submit a letter from Thomas J. S. Waxter, director of the State Welfare Department, which shows the county will save $49,867 in welfare expenditures for the current fiscal year.

The letter from Waxter stated that "we have received the form showing the taxable basis and appropriations for the fiscal year which started July 1. The levy request of your department was prepared before the Legislature passed a law limiting local funds to a maximum of 10 cents per $100 assessable property. However, the maximum amount of local funds required is $174,000 which is less than the total of $223,867 as shown on the form."

The county commissioners were asked to submit a new form giving the new and lower figure which will be noted by the state agency in its records.

The state will defray more of the cost of the welfare load by virtue of the 10 cents per $100 limitation and the funds will come from sales tax monies.

Trial In 30s Recalled Here

The escape of Albert S. (Bump) Sutton, 62-year-old man convicted of a gangster-style mistaken identity murder case in Allegany County Circuit Court, was recalled yesterday by veteran attorneys, court attaches and Cumberlanders residing here in the Thirties.

Sutton, along with an accomplice, Albert McDermott, were tried in Cumberland for the slaying of a Washington newspaper route salesman who was mistaken for a Takoma Park bookie and numbers figure.

On May 4, 1936, the trials of Sutton, (the alleged brains of the murder) and McDermott, a Baltimore gangster, were removed here from Montgomery County.

Because of the notoriety of Sutton and his companion, extra guards were placed around the County Jail 24 hours a day during the weeklong trial.

Spotlights shone on the jail at night, and State Police, City Police and Montgomery County Police placed heavy guards on the two men.

Sutton fled last week from the Springfield work camp, a minimum security institution at Sykesville, but was back in custody yesterday.

County Is Given Report On Roads

The quarterly report of the Allegany County Roads Department was submitted to the county commissioners yesterday.

Harry T. Skelly, roads supervisor, appeared before the board with the report.

He lists total expenditures of $110,741.15 with labor costs $53,706.64, material, $37,095.48 and equipment, $19,939.03.

A summary shows administrative costs of $4,473.26, road and bridge repairs, $95,583.90, shops, $9,276.95 and snow and ice removal (in April) of $1,407.04.

Skelly has listed each roadway and street in each district which was repaired during the quarter.

The Lee brothers, of Virginia, Richard Harry Lee and Francis Lightfoot Lee, were the only brothers to sign the Declaration of Independence.

German trains have telephones which can be connected with the German telephone system.

The average United States farm family has a cash income of a little more than $2,500.

Record Number Of Fish Caught By Children

C. Eugene Mason, recreation director, reported that the recent fishing rodeo at the Battie Mixon fishing area at Oldtown set a new catch record of 412.

Last year, the total was 173; 113 in 1959; 275 in 1958 and 137 in 1957.

The record catch included 25 bass, 115 catfish 5 perch, 1 sucker, 75 sunfish, 2 crappy, 145 bluegill 20 golden shiners, 4 carp, 3 chub, 11 turtles, 5 crawfish and 1 frog.

A total of 114 prizes, donated by Cumberland and Oldtown merchants, were awarded to participating children.

Mason commended the two other sponsors, the Cumberland Outdoor Club and Oldtown Sportsman's Club for their work and thanked merchants who gave prizes and local dairies which contributed milk for the children.

Railroads Request Hike In Fare Rates

The Baltimore and Ohio Railroad, together with four other carriers, has applied to the Interstate Commerce Commission for permission to increase its first class passenger fares.

This boost, if granted, would only apply to sleeping car and parlor car accomondations and would not pertain to coach, slumbercoach and Speedliner fares.

The increase proposed by the B&O, the Erie-Lackawanna, the Monon, the Nickel Plate and the Wabash, amount to slightly more than one-half cent a mile.

The present one-way, first class fare 5.21 cents a mile would be boosted to 5.95 cents a mile.

Despite the increase, B&O officials pointed out that its first class passenger fares will be more than 13 per cent lower than those in effect on the major passenger roads in the East.

The B&O, in petition filed with the ICC, the Maryland Public Service Commission and other state regulatory agencies, said that fare hike is being proposed because of heavy deficits in passenger operations.

During 1960, the B&O sustained a passenger service deficit of $18,226,077, which consumed 55 per cent of the company's net income from freight operations.

The new fares, if approved, would become effective October 1.

West Virginia Tax Revenue To Be Higher

Tighter Practices To Aid Collections

CHARLESTON, W. Va. (UPI)—West Virginia tax revenue this fiscal year may be $1.5 million higher than anticipated because of tighter collection practices, Tax Commissioner C. Howard Hardesty said Friday.

He explained that a crack-down on businesses that have been delinquent in turning in consumer sales and gross sales taxes was made possible by strengthening the department's auditing staff.

The last Legislature gave the department a $30,000 budget increase to expand the auditing staffs in the gross sales and consumer sales tax divisions from only three persons to 22 men.

Hardesty told the Charleston Rotary Club that the state will gain eight times that amount through better enforcement. The Legislature had estimated that this might result in capturing about $1 million in overdue taxes, but Hardesty said he believes now the amount will be at least $2.5 million.

The tax chief said this closer check also will serve to prevent big delinquency pile ups in the future. "Word of the findings spreads like wildfire throughout industry and has the effect of preventing future delinquencies, or induces payment of taxes owed," Hardesty said.

"Since June 1, the expanded force has made audit findings on apparent tax delinquencies totaling about $836,000," Hardesty said. He said this includes $663,000 in consumers sales taxes and $173,000 in gross sales taxes.

"This is more in two months than the three-man staff was able to uncover in the entire previous year," Hardesty said. "That's what an adequate number of personnel can do."

He said total delinquencies found this year could be as much as $5 million. "However, the taxpayer has the right to file a petition for a re-assessment, and perhaps might not owe all or any of the tax," he said.

"But, supposing only 50 per cent of the auditors' findings are due and collectible, that still would mean a direct increase in revenue of $2.5 million this year."

Hand Written Old Testament Shown At Fair

One of the booths at the Cumberland Fair this week contains the entire King James version of the Old Testament written in longhand and bound in four large volumes. The booth is sponsored by the Christ Ambassadors of the Trinity Assembly of God Church in Frostburg. Brenda Brain, secretary of the Christ Ambassadors, was in charge of the writing project started last fall. Thirty-six persons participated in the project which took eight months to complete. Miss Brain completed 174 chapters. Miniature Bibles and brochures are being given to persons visiting the booth. Some 7,000 Bibles are expected to be given away during the six-day span. In the picture, Glenn Walker, 6, and Mary Ann Walker, 4, children of Mr. and Mrs. Edward Walker of Pinto, are looking at the booth, which is being manned by Miss Rebecca Robertson, left, and Mrs. Nellie Lyons.

Midland VHF Television Is Successful

Sponsors Plan Second Channel

MIDLAND — A VHF television transmitter, bringing in channel 7, WMAL, Washington, is operating so successfully here, that sponsors are planning to raise funds for the addition of another channel as soon as possible, Mayor Lionel D. Baker said last night.

Several months ago a corporation of interested citizens was formed to sponsor and promote the enterprise. Since Midland, because of its location, surrounded by hills and mountains, was a deep-fringe and blackout area so far as television reception is concerned, the project had the endorsement of the mayor and town council.

The corporation, known as MGW Television Company, Inc., has as its officers, William Kroll, president; John Yeager, vice president; J. Edwin Winters, secretary and John J. Devlin, treasurer. All serve without salary or remuneration.

Residents were asked to contribute $25 each for the initial installation and some 150 subscribers are participating. Those who have not paid their full subscriptions are to be contacted so that funds will be available for an additional channnel. All present equipment, sponsors say is paid for, however there is a slight cost for upkeep, such as tube replacement etc., which may cost users between one and two dollars per family per year.

Reception is possible in all parts of Midland and Gilmore and in the higher spots of Lonaconing, Mayor Baker explained, in discussing the civic project. "We are all very pleased with the results of the civic-minded cooperative effort".

The Federal Communications Commission has licensed the corporation to operate the transmitter, and additional channels may be added by application. An engineer from the firm which manufactures the equipment is expected shortly to make a final inspection and recommend what is needed for additional channels.

Area Land Bank Extends Credit To Farmers

ROMNEY, W. Va. — The Potomac Valley Federal Land Bank Association extended $256,200 in long-term credit to farmers in this area during the year which ended June 30, H. Robert DeWitt, manager reports.

Mr. DeWitt said this volume of credit represents an increase of $57,800 over 1960.

Major purposes for which money was borrowed included refinancing of indebtedness, purchase of land and livestock, improvements to land and buildings and general farm operations.

The association's report shows $1,562,165 in loans outstanding on June 30. This compares with $1,473,941 on the same date a year earlier.

Mr. DeWitt said the association now owns $100,940 of capital stock in the Federal Land Bank of Baltimore, the institution for which it makes and services loans. Association stock is completely owned by its borrower-members.

Total loans outstanding in the area served by this association and the other 34 Federal Land Bank Associations in Pennsylvania ,Maryland, Delaware, Virginia, West Virginia and Puerto Rico amounted to $105,300,000 on June 30.

Moose Leader Defends W. Va. In Address

Pittsburgh Man Says State Maligned

CHARLESTON, W. Va. (UPI)—An out-of-stater spoke up like an indignant Mountaineer Friday in defense of West Virginia.

"It burns me up to keep reading about the evils to which West Virginia reportedly has fallen heir," he said. "The people of this good state can match any group anywhere."

The speaker was J. Jack Stoehr, Pittsburgh, regional director of the Loyal Order of Moose.

Addressing a session of the West Virginia Moose Association, he said West Virginia has been and is being unjustly maligned by stories, both published and broadcast, about its depressed economic condition.

The Moose heard a brief welcoming address by Gov. W. W. Barron in which he urged them to continue to take a major hand in humanitarian and community development projects.

The convention winds up Saturday, with H. R. Parrish assured of being elected president to succeed Philip Graziani, Elkins. Parrish is unopposed. The 1962 convention probably will be set for Fairmont.

Anthony DeFazio will be installed as deputy supreme governor of the order for northern West Virginia and Melvin Treolo, Logan, for the south.

Where Will The Showdown Come?

New Kremlin moves in East Germany are flagrant violations of four-power agreements. They are tacit confession of the failure of Communism to win popular support in East Germany. But the West will not intervene.

All this is, however, a bad augury for the future. This is almost certainly the first move in a series of steps, each going a little farther, each daring the West to resist.

This follows the totalitarian tactics made familiar by Hitler—achieve your ends by small steps, no one of which seems worth a war to resist, though the sum total might have seemed worth fighting against.

The real showdown will come when the Communists — either the Russians or the East Germans — try to close the access routes from West Germany to Berlin. In 1948 this was done, and the Allied airlift was the ingenious answer which broke the blockade and enabled both sides to avoid war.

It is doubtful whether another airlift would work in 1961. The Russians would hardly be preparing another attempt to isolate Berlin unless they meant to go further this time.

Will this mean world war? Russia intends to turn control of access to West Berlin over to East Germany, which of course she cannot do unilaterally without violating her solemn agreements. This implies that initial clashes could come between Allied and native troops, as in Korea, with the Russians remaining on the sidelines.

But such a prospect is offset by the fact that Khrushchev has repeatedly threatened retaliation if the West lays a hand on East German troops blocking its access to Berlin.

These Days

By George E. Sokolsky

Partisanship

In the days of Joe McCarthy, those who saw any justice in his effort were accused of improper partisanship. Those who became wildly irate over a kind or humane reference to McCarthy did not recognize that they were almost psychopathically partisan themselves. They failed to recognize that McCarthy had uncovered a Soviet procedure which was then being employed in every country. Today the procedures are different and there is no McCarthy to deal with them; actually, we are just beginning to uncover what McCarthy did not know existed.

Most of those who supported McCarthy have been silenced into sullen inactivity. The man is dead but the opposition need only shout "McCarthyism!" and men rush to the bomb-shelters. One of the most tricky ways of suppression of the truth is the libel suit for large sums.

During much of the Eisenhower Administration, partisanship ceased to be startling. Eisenhower succeeded in establishing a posture which made opposition to him too personal, too non-political. Perhaps the essential reason for this was not Eisenhower's charming personality but rather his inactivity. It became increasingly difficult to discuss political questions without appearing to dislike Eisenhower as a negative personality—the kind of man one just likes for no particular reason.

Political discussion during the Eisenhower Administration was reduced almost to banality. The Republicans were led into the absurd position of being a secondary party while they had a President in office. Were it not for Lyndon Johnson, the Eisenhower Administration might have found itself totally unable to proceed with its legislative necessities.

Now, a curious attitude has appeared. One is regarded as excessively partisan who believes that President Kennedy is President of the United States and that the problems which now face the American people are serious and not contrived to give the impression that President Kennedy is scaring the American people into supporting him.

For instance, the Cuban situation is not a Kennedy contrivance. He found it when he became President, just as he inherited the Berlin problem from Yalta and Potsdam; that is, from Roosevelt and Truman. Any President is entitled to at least 100 days before we jump all over him. When the 100 days were over, the United States was faced with the peril of war. Khrushchev assumed that Kennedy was young, inexpert and that he could not hold the respect of the American people. Therefore, he began to push him around even before, under our system, the President accustomed himself to his office. And it was a tough pushing around that Khrushchev has given Kennedy who had to make an instant decision regarding war or peace.

The opponents of Kennedy rejoiced. But their rejoicing is ridiculous, because when a President of the United States is being pushed around, it is the United States that is being hit at and humiliated. After Vienna, it was impossible not to stand by the President, recognizing that we are as close to war as we have been since Pearl Harbor. The only way to keep Khrushchev at arm's length is to show him a solidarity among the American people which he does not believe exists and which he cannot understand any more than the Kaiser or Hitler understood it.

If the President wants such support from the people, he must not be more partisan than he wants his adversaries to be. If we are to operate the two-party system with all its operational antagonisms, then the President must expect the kind of juvenile antagonism which says that anyone named Kennedy cannot be right. If, on the other hand, the President recognizes, as Woodrow Wilson did, that in time of war there are no partisans, there are only Americans, and he is their leader, he will find a fuller support than he imagines possible or than Khrushchev imagines possible.

Because Joe Kennedy, the President's father is an exceptionally rich man, the assumption is that if a Republican speaks well of his President, he must have been corrupted by Joe. I have known Joe Kennedy for at least 20 years and I have not yet been corrupted by him nor has he offered to corrupt me. Those who are corruptible are usually not worth the pay just as the bigot's opposition, at a time like this, can be ignored as unworthy of a civilized people. We need not sacrifice our right of choice, but we do need to be sensible.

West Must Not Fail Oppressed East Germans

By David Lawrence

IN EUROPE — Anxiety and apprehension over the Berlin problem seem more pronounced in America, judging by press reports, than here in Europe.

Maybe they're accustomed over here to the behavior of dictators and the the bluffing tactics that surround an artificially created crisis. But in a period of economic prosperity, the natural tendency also is to indulge in some wishful thinking and to hope the storm clouds will blow over.

The governments themselves, however, are worried. Foreign ministers and ambassadors in all the capitals are busy talking a lot to each other, and the telephone lines are crowded with official business.

But notwithstanding all the news articles about "time-tables" and "contingency planning" in the official conferences, there seems to be as yet a lack of coordinated policy among the Western powers. It's a sort of wait-and-see kind of approach. It isn't even clear just what is the issue on which the West will risk everything, including war.

For several weeks now the United States has endeavored to impress upon Nikita Khrushchev that there is a point beyond which we will not hesitate to fight for our "rights." But, at the same time, this has been coupled with a well-publicized determination to seek "negotiations."

Legal rights of access to Berlin have become entangled, therefore, in all sorts of abstract issues. The Soviet Premier may think he can rely on the strategy of confusion to attain his objectives while the Western Allies debate among themselves what "concessions" to make.

Broadly speaking, what is absent is a spirit of idealism and a willingness to fight, if necessary, for those ideals. There seems to be no compass to steer by — no principle that has been given paramountcy. Instead, the word goes out, for instance, that the Western Allies are so afraid of possible revolutions in East Germany that the peoples there have been asked through official American radio broadcasts to keep calm and avoid any disturbances which could lead to the use of force. Observers in West Germany, moreover, are dismayed by an editorial in the New York Times which was carried on the press association wires to European newspapers on Wednesday, and which reads in part as follows:

"While the Soviets seek to stir up revolution and war against us wherever they can — even to the perfidy of the Hitler-Stalin Pact—we must seek to discourage anti-Communist revolts in order to avert bloodshed and war. We must, under our own principles, live with evil even if by doing so we help to stabilize tottering Communist regimes, as in East Germany, and perhaps even expose citadels of freedom, like West Berlin, to slow death by strangulation."

This is but another way of saying that the United States must avoid encouragement of a revolutionary spirit inside the Communist-dominated countries for fear of distasteful complications. It implies that the West is really afraid to use the most powerful weapon that can be mobilized at present — the public opinion of the afflicted countries whose citizens look to the United States for inspiration at least, if not direct military help.

The Western powers keep haggling among themselves about legal rights in Berlin when the basic issue is the continued enslavement of 16,000,000 human beings in East Germany. There is nowadays a lot in the press about the need for self-determination of half-civilized peoples in Africa, but there seems to be a temerity about proclaiming such a goal for the civilized peoples of Eastern Europe. Already resentment is rising in West Germany, whose people are beginning to feel they are being forsaken by the West.

The true issue is whether the West is going to adopt an attitude of craven acquiescence which will help the Soviet Union "stabilize tottering Communist regimes," and whether the peoples of East Germany and of the other countries behind the Iron Curtain are to be condemned to "slow death by strangulation."

It seems tragic that, at a time when President Kennedy has been speaking some brave and courageous words, there should arise hints from some administration officials in Washington — also reported in the press of Europe — urging the East Germans to be careful not to offend their Communists masters.

Revolutions are unpredictable, and so are their originating causes. But they come about spontaneously when whole nations become desperate and rise up against their tyrannical rulers. Then even foreign armies sometimes refuse to shoot down the revolutionaries and, instead, join the revolt

Above all else, it is risky for the West to appear to cringe before the Communists and to be giving the world the impression that it is afraid to speak up for basic ideals lest captive peoples derive there-from some hope of liberation. America has rarely failed in the past forthrightly to speak its words of encouragement to peoples anywhere in the world who may be struggling for freedom.

Inside Washington

By Henry Cathcart

APPROPRIATE — Unsupported temporary walls covering a new elevator shaft in the Senate collapsed recently, falling on the chaplain of the Senate, the Rev. Frederick Brown Harris.

The Reverend Harris is back at his work now, but still visibly convalescing from the painful cuts and bruises he received. Through the years, he has gained a modest measure of fame for his ability to attune his daily prayer opening the Senate session with some event of current concern.

However, on the day the wall collapsed, he had no particular theme for his prayer. He made a passing reference to "these historic walls," and commented that "there is a heavenly power to lift us up which is stronger than all the earthly gravitation that pulls us down."

Harris then left the chamber to fall victim to the collapsing wall. His prayer has now been added to Senate lore as one of the most timely and topical he has ever made.

SHORT SHORT — A constituent of Rep. Charles S. Joelson, New Jersey Democrat, wrote: "Dear Congressman: Since you are a member of the Committee on Education and Labor, I would appreciate knowing your opinion on this subject."

Joelson replied: "Dear Sir: I am in favor."

Joelson thinks he's established the record for the shortest exchange of correspondence in Capitol Hill history. His only concern is that he hasn't satisfied his voter because, in retrospect, he didn't know whether the letter writer wanted his opinion on education or labor.

However, the Congressman isn't completely unhappy. He's "in favor" of both.

'Hydrophobia Skunks' Were Frontier Hazard

By Dr. Theodore R. Van Dellen

Dry Gulch Jake, writing in a recent issue of Arizona Medicine, quotes the following story on skunk hydrophobia as it appeared in the Prescott, Ariz., Miner Journal in 1908:

"In the throes of unutterable agonies, J. W. Scantlin, the trapper who Saturday was brought to the county hospital—a victim of hydrophobia—died at midnight Sunday. A month and 10 days passed after the skunk bite before the victim noted anything wrong. Three days later he was a corpse."

Skunk hydrophobia was so common in the southwest, cowpokes regarded their skunks as somewhat different from others, and called them "hydrophobia skunks." Authorities came from far and near to study the exact species and a government agent (a professor, no less) reported that seven persons had died in the Arizona frontier during a six week period.

Those who knew skunks had to admit the species was separate and distinct from others because these animals usually are timid and nocturnal in their habits. The hydrophobic skunk faded away gradually and nowadays the stinker joins dogs, coyotes, foxes, ground squirrels, bats, and wolves as the principal animal reservoirs for rabies.

Dry Gulch Jake says hydrophobia skunks were so real to the Arizona cowhand, a local tent and awning company sold special skunk boats for protection while sleeping in the desert. They were made of heavy canvas and opened up into a fence 6 by 3 feet and 2 feet high.

The cowhand carried this boat in his bed roll. At night, he opened it up and staked it out with a stick at each corner. He wasn't afraid of rattlers but to be bitten by a hydrophobia skunk — man, that would be fatal. Now the skunk boat has joined the prairie schooner in limbo.

MEASLES

J. S. M. writes: Do a large number of women who develop German measles during early pregnancy give birth to defective children?

REPLY

Yes—up to 85 per cent — when German measles occurs during the first three months of pregnancy. The child may be born with a defect of the heart, ears, or eyes.

EXERCISE AFTER OPERATION

M. R. writes: Is walking up and down stairs dangerous after a ruptured disk operation?

REPLY

Not as a rule, but the question should be answered by the surgeon who did the operation, as he knows what was done and whether climbing stairs or the jarring from walking would not be advisable.

PULSE RISE

A. D. writes: Is it normal for the pulse to go up after smoking a cigaret?

REPLY

Yes, if the person is sensitive to tobacco. There are many unavoidable situations such as exertion, digestion, and emotional upsets that increase the pulse rate. Why add smoking to the list?

VISION AND READING

J. F. writes: Can a person read a great deal without harming the eyes?

REPLY

Yes. Normal eyes may become fatigued or straightened but these manifestations disapper with rest.

INELASTIC FINGERS

F. B. writes: Do stiff, numb fingers indicate arthritis?

REPLY

Not always. Cold and overwork may make fingers stiff and numb.

DEPRESSED FRACTURE

P. T. writes: What is a depressed skull fracture?

REPLY

The skull bone not only is fractured but dented, as a result of an injury.

To the limit of space questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is enclosed. Telephone inquiries not accepted. Dr. Van Dellen will not make diagnoses or prescribe for individual diseases.

Try And Stop Me

By Bennett Cerf

A man who had been very poor all his life made a fortune overnight on some electronic stock and began living it up in great style. One of his greatest joys consisted in inviting old cronies up to inspect his sumptuous new estate. "Come see the grounds," he urged one of them, "I want to show you my three swimming pools."

"Three swimming pools!" echoed the friend, "Isn't that the least bit excessive?"

"Not at all," the host assured him, "One has cold water, one has hot water, and one has no water at all."

"One with cold water I can understand," conceded the guest. "I can even see a reason for one with hot water But what's the idea of a swimming pool with no water at all?"

The host shook his head sadly,

"You'd be surprised, Sam," he confided, "how many of my don't know how to swim."

"The girl who knows all the answers," opines Marya Mannes, "has very often misunderstood the questions."

Capitalist Countries Have Things Reds Hope To Have In 20 Years

By Drew Pearson

(Editor's Note—Drew Pearson's column today takes the form of a letter written from Stockholm, Sweden, to his eldest grandson, Drew Arnold.)

Stockholm, Sweden
August 13, 1961

Dear Drew,

You probably have heard of the statement made by Premier Khrushchev of Russia that my grandchildren, and other peoples' grandchildren will live under Communism. His statement is an important one which could affect all the boys and girls of America and I am on my way to Russia to report on whether it is likely to come true.

On my way, I stopped in two countries which lie very close to Russia. They are Norway and Sweden, and I figured that if any countries were likely to go Communist, these little nations which live under the very shadow of the Soviet system would be the most likely.

If you will get out your map you will see what I mean. You also will remember from studying history that the peoples of these two countries have been very adventurous and that one of them, Leif Ericson, in the early days even before Columbus, actually landed in what is now North America.

I have been traveling all through Norway. It is rugged and mountainous, full of beautiful lakes and deep, narrow harbors, and the people are honest, industrious, and friendly. Because their country is so rocky, they have taken to the seas and developed a great shipping and fishing industry. Together with the Swedes, many have also come to America, and some of our fine public servants, like Chief Justice Magnuson of Washington, and Judge Luther Youngdahl of Minnesota, came — through their ancestors — from these countries.

How To Defeat Communism

But despite the poverty and roughness of this area, the Norwegian and Swedish governments are among the most stable in Europe. They are in no danger of going Communist. Both have labor governments and have had them for 28 years.

Some people, like the John Birch Society members and Rev. Billy Hargis of Oklahoma, would claim these governments were Communistic because they're adopted generous pensions for old people and a medical health program for everyone. But what people vote for they have a right to. That's a principle of democracy which is opposed to Commusic — the right to vote and decide for yourself.

If you look over the map of Europe, or travel over Europe as I have done, you will find that no European country has become Communist — unless it has been taken by force of arms. The countries around Russia which are generally called satellite countries did not become Communist by voting. They were occupied by Russian troops. Only then did they become Communist. Others, alongside them, with the right to vote, did not.

However, in order to prevent Communism you have to meet and defeat the problems that cause Communism. That's what these little countries of Norway and Sweden have done. So has Finland, which is located even closer to Russia but which is also non-Communist.

Under The Czar

Your great-grandfather, Count Josef Gizycki, once was a member of Czar's cavalry at a time when the Czars ruled Russia with an iron hand. That Czarist system was what really caused Communism. Your great-grandmother, an American girl who moved from Chicago to live in Russia, used to tell me how shocked she was when she saw the peasants horsewhipped and punched in the face by the overseers on your great-grandfather's farm. This was only 50 years ago, which is very short in the history of nations.

It was this system of treating human beings that really caused Communism. When you don't treat people right, they revolt.

And the people of Norway and Sweden have worked very quietly and efficiently to bring about better living, better health, better schools and hospitals, so that they don't even have strikes in these countries. I suppose this is because labor unions don't like to strike against a labor government, and also because they get such a good deal in pension and health benefits.

At any rate, when I read over Khrushchev's twenty-year goals for the Russian people I noticed that most of these benefits had already been won by the Swedes and Norwegians and in large part also by the American people.

So, instead of trying to have you live under Communism, it looks as if Khrushchev is trying to win some of the benefits of capitalism. This is a real compliment to us. And as long as he doesn't use force of arms to win them we can't quarrel with him for trying; because the heart of the capitalist system is competition.

However, I shall be in Russia soon and will write you what I find out.

Lots of Love,
Your Grandfather

Anguish In Britain

By John Crosby

LONDON

One of the most cutting and concise descriptions of modern architecture I've read was Ian Fleming's assessment of Corbusier's Hansa Settlement in West Berlin written for the "Sunday Times" of London.

"The new face is the new face we are all coming to know—the upended packet-of-fags design for the maximum number of people to live in the minimum amount of space.

"The system treats the human being as a six-foot cube of flesh and breathing space and fits him with exquisite economy into steel and concrete shells. He is allotted about three times the size of his cube for his bed sitter (bedroom-livingroom), once his cube for his bathroom, and once for his kitchen. So that he won't hate this cellular existence too much, he is well-warmed and lighted, and he is provided with a chute in the wall through which he can dispose of the muck of his life—cartons, newspapers, love letters, and gin bottles, the last chaotic remains of his architecturally undesirable non-cube life. These untidy bits of him are consumed by some great iron stomach in the basement.

"Having taken a quick and shuddering look at Corbusier's flattened human ants' nest in Marseilles some years ago, and having visited his recent architectural exhibit in England, I had already decided that he and I did not see eye to eye in architectural matters, and I am glad to learn that the Berliners, however anxious to clamber out of their ruins into a new home, are inclined to agree with me. When they heard of his new plan, they christened him the Devil with Thick Spectacles; and his 2,000-person apartment house—if it can be so called—is still ungratefully known as 'The Living Machine.'"

These upended packet-of-fags apartment houses are all over the world now — Paris, Berlin, New York, Los Angeles, Tel Aviv, Buenos Aires. I suppose even Tokyo, though I've not been there. The glaring single feature of each of these anthills is the balcony. There is no space for humans to put their feet on the ground, so everyone is allotted a balcony to look at the stars. But no one ever sits on these balconies.

I have searched these balconies in Madrid, Paris, Berlin, Caracas, and Fifth Avenue. I've never seen a soul. The world is loaded with unoccupied balconies, thousands of miles of empty balconies, a sort of vast unsung revolt against these damned "Living Machines."

The alternative to the "Living Machine" in an overcrowded city is Britain's New Towns, one of the great social experiments of all time. Britain's fifteen New Towns are built almost from scratch (around the kernel of an existing small town) with their own industries, residential neighborhoods, schools, shopping centers (some of which are getting uncomfortably popular with the surrounding countryside which they weren't designed to serve). The key to the New Towns is employment. These are not meant to be suburbs, with the man of the house commuting to London. A man lives and works in the same town.

Britain's fifteen New Towns, now nearing completion, are, of course, a planner's paradise and again you run into the eternal struggle between planner and the cussedness of the individual. Wyndham Thomas, director of Britain's Town and Country Planning Association, which has done much of the brain work behind the New Towns and the green belt, told me there had been psychiatric problems, especially among women, in moving to the gleaming new garden cities which are to my eye a little too clean and neat and—well—TOO planned. There has been a terrible struggle against monotony but it has not always been successful. But the squares and open spaces and meadowlands are lovely.

When an industry decides to move to a New Town, about 70 per cent of its employes decide to go along, thirty per cent don't want to move from wherever they are. The proportion of young families in New Towns is considerably higher than in the older communities and the healthy and the unmistakably happy appearance of children is a difficult argument for the non-planners to surmount.

Still, not everyone is in love with the New Towns. Quite a fuss was kicked up in the press by a book called "Family and Kinship in East London," which said that few people wish to leave London's dirty, overcrowded, but colorful East End. "They are attached to Mum and Dad, to the markets, to the pubs and settlements, to the club rooms and the London Hospital." The separation of Mum from her young married daughter who has been transplanted to a New Town has caused anguish in Mum-loving Britain.

The planners have retorted to this that the social life of the slums is not a precious flower to be inflicted on the children and their children forevermore. The emotional disturbances, says Wyndham Thomas, are temporary, the first three years being the difficult ones. Anyhow the argument is academic. John Smith may like Bethnal Green just as it is, but, with the population explosion, it's not going to stay as it is. Life in a tall block of cells at 120 persons to the acre in 1960 is hardly going to resemble life in a street of two-story houses built in 1860.

As between the Living Machines and the new garden cities, there is no comparison.

State Collects $25.4 Million

ANNAPOLIS (AP) — Comptroller Louis L. Goldstein Friday announced the state collected $25.4 million from its major tax sources during the month of July.

Goldstein said the total of $25,399,676 represented a 16.9 per cent over collections for the same month a year ago.

The largest increase was noted in collections of $7,329,319 from the individual income tax, 28.8 per cent of $1.6 million over July last year. Goldstein said the variation in the figures was only of a temporary nature.

He explained that the Income Tax Division is in the middle of the processing period for employer withholding returns for the April-June quarter and a better picture can be obtained at the end of August when this processing is completed.

The first returns from the recent increase in the sales tax showed collections of $7,275,936, up $730,140 over a year ago. The recent legislature lowered the sales tax base from 51 to 25 cents and applied it to restaurant meals over $1.

Another tax increase, the jump from three to six cents in the state cigarette tax, accounted for a whopping 87.8 per cent rise in tobacco tax collections. The comptroller's report showed collections from this source were $2,497,715, up $1,167,600 from totals for July 1960.

End Of The Project

Cumberland Contracting Company crews are seen putting the finishing touches on the blacktopping of the Franklin Street widening project. Ann Landers . . .

Answers Your Problems

DEAR ANN LANDERS: Our eight-year-old son is gentle and kind. He has a sweet disposition and gets along well with everyone. Every night when we sit down to dinner his father says, "Well, son, have you had a fight yet?"

The boy always lowers his eyes and meekly replies, "No." His father has suggested in many ways that it is manly to fight, and if a boy does not have a few fist fights he is either cowardly or other people are pushing him around. I deplore this notion, but he says women don't understand these things and that if it were up to me the boy would be a cream-puff.

Please discuss this in your column. If I am the one who needs straightening around I will gladly change my ideas. — A MOTHER

DEAR MOTHER: It is normal for boys to fight now and then but a boy who does not fight is not abnormal, nor is he cowardly.

Your husband sounds like a bully who found satisfaction in beating up on others. He can't understand how a boy can get along without the crutch that he found so useful. He should be grateful that his son is better adjusted, more secure, and more mature than he was.

DEAR ANN: My best girl friend lives in the same block. Her father is a respected member of the community. Our parents have been friends for many years.

This summer I went on a trip, 250 miles away, to visit relatives. They gave a small dinner for me at the downtown hotel. As I glanced around the dining room I pretended not to see him but I'm sure he saw me.

Since returning home I've been wondering about this. Louise casually mentioned that her dad had been to the same city "to get his teeth fixed."

I keep telling myself the woman was a relative or a business acquaintance but I must admit it didn't look that way. I wouldn't mention this to Louise, but shall I tell my mother? — BIG EYES

DEAR BIG EYES: Why? Merely mentioning it suggests that you think the worst, and you have no evidence whatsoever because you have no idea who the woman was.

Loose talk can cause immense damage and heartache. Remember that big people talk about ideas. Medium-size people talk about things. Small people talk about people.

Are your parents too strict? You can benefit from the experiences of thousands of teen-agers if you write for ANN LANDERS' booklet, "How To Live With Your Parents," enclosing with your request 20 cents in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Grant Holds Bombers To Three Hits

Mantle And Maris Fail To Connect As Mudcat Wins 12th

CLEVELAND (AP)—Jim Grant held the New York Yankees to three hits in pitching the Cleveland Indians to a 5-1 victory in the opener of a four-game series Friday night.

Bubba Phillips drove in two runs with his 18th homer of the season and Woodie Held sent two more runners home with a triple to back up Grant, who went the distance in picking up his 12th victory in 18 decisions.

The 26-year-old right-hander retired the first 14 batters he faced before the Yankees got their first hit, a home run by Elston Howard. The only other hits off Grant were a ground rule double by Bud Daley which bounced into the right field stands in the sixth inning and a single by Tony Kubek in the ninth.

Yankee slugger Roger Maris and Mickey Mantle, who are hitting homers at a pace exceeding that of Babe Ruth when he set the all-time record of 60 in 1927, failed to add to their totals of 48 and 45, respectively.

Jim Piersall backed up against the fence in right center field near the 380-foot mark to make a leaping catch of Mantle's line drive in the fifth inning.

The Indians got all their runs off starter Jim Coates (9-4), who gave up five hits in the 2 2-3 innings he worked. Daley and Al Downing followed him to the mound.

Phillies Drop 21st Straight

Break Modern Mark, Lose To Braves, 4-1

By RAY W. DOHERTY

MILWAUKEE (UPI)—The Philadelphia Phillies broke the modern major league record for consecutive losses Friday night when they lost their 21st in a row, 4-1, to the Milwaukee Braves and Lew Burdette, who allowed only six hits in winning his 15th game this year.

The major league record had been 20 in a row, set by the Boston Red Sox in 1906 and tied by the Philadelphia Athletics in 1916 and 1943. The all - time major league record is 24, by Cleveland in 1899 while a member of the National League.

It was Milwaukee's eighth win in a row, its best streak in two seasons.

Hank Aaron batted in two runs with a single in the first inning and Burdette took it from there to give the Phillies their inglorious spot in the record books. Five of their hits were singles, and except for Don Demeter's 11th homer in the seventh, the Phils had only three other scoring chances, and they were meager ones.

It was Burdette's 11th win in his last 13 decisions and seventh complete game in his last 13 starts. He didn't walk a man, running his string to only five free passes in the last 104 2-3 innings.

Burdette drove in the Braves' third run with a double in the second, following a single by Roy McMillan and Lee Maye wound it up for Milwaukee with his 13th homer of the year in the fourth.

The Philadelphia losing streak started on July 29. Their last win was 4-3 over the San Francisco Giants in the second game of a doubleheader July 28. They were eliminated from the pennant race Thursday.

Barber went all the way for the Orioles, gaining his 15th victory of the year on a five-hitter. He yielded both Washington runs in the first inning on a single by Chuck Hinton, a scoring double by Danny O'Connell, a single by Willie Tasby and Bob Johnson's infield out.

U.S. Swimmers Hang Up Three World Records

Stickles, Tremewan, Clark Lower Marks

By ALEX KAHN

LOS ANGELES (UPI)—American swim stars set two world records — in the 100-meter freestyle and 400-meter individual medley—and one new U.S. mark in the 1,500-meter freestyle in the first day's competition of the men's outdoor national swimming championships.

Rose Is Scratched

Neither Australia's Murry Rose, who was scratched from the 1,500 by illness, nor Japan's Tsyoshi Yamanaka, a distant sixth, was among top finishers Friday.

Ted Stickles, of the Indianapolis Athletic Club who held the pending world record of 4:56.8, broke his own mark in the 400-meter medley with a four body-length win in 4:55.6. His teammate, Cary Tremewan, bettered the existing world's mark in the event in 5:01.5.

Clark Beats Lyons

Steve Clark, 18-year-old Santa Clara, Calif., Swim Club performer, set the other world record of :54.4 in the 100-meter free-style in which he beat David Lyons of Winnetka, Ill., by about a half-body length. The American record in the 1,500 meter freestyle of 17:29.8 was set by Roy Saari of El Segundo, Calif.

The 400-meter individual medley consists of the butterfly, backstrong, breaststroke and freestyle, in that order. Stickles took the lead as he completed the breaststroke and opened up a two-body length advantage of the first lap of the freestyle.

Clark bested the four-year-old world mark in the 100 by two-tenths of a second.

the Cas Taylors

Just for speculation, mind you! We wonder at the wisdom of expanding baseball's major leagues from eight to ten teams each. We wonder if a move in the opposite direction might not, perhaps, have been the better for baseball as a whole.

For example, the American League jumped to ten teams this season. What happens . . . one of the already weak links in the league immediately plummeted from eighth to tenth place.

Now, the National League is planning expansion for next season. Would it be better to go with just six teams (six in each league could play an intra-league schedule) . . . teams that could and would best utilize the available talent? In the National League quite obviously the Cubs and Phillies just don't belong.

We're not suggesting, mind you, just speculating. Why not drop in at The Cas Taylor's, corner of N. Mechanic and Valley Streets and speculate with us?

PROVES NOTHING—An engineer in New York (left) uses an explosive-driven ram to test baseballs of today and yesterday in an effort to determine whether all those home runs are due to a livelier ball. The result was that "the test proved interesting but not conclusive." At the right (top) baseballs from 1936 (left) and 1961 looked like this in lab bottles. In the cutaway ball below are the ingredients which go into making one. Included are a cork center, layers of black and red rubber, white wool, 53 yards of fine gray wool and 150 yards of white cotton, rubber cement and the white horsehide cover.

State Collects $25.4 Million

ANNAPOLIS (AP) — Comptroller Louis L. Goldstein Friday announced the state collected $25.4 million from its major tax sources during the month of July.

Goldstein said the total of $25,399,676 represented a 16.9 per cent over collections for the same month a year ago.

The largest increase was noted in collections of $7,329,319 from the individual income tax, 28.8 per cent of $1.6 million over July last year. Goldstein said the variation in the figures was only of a temporary nature.

He explained that the Income Tax Division is in the middle of the processing period for employer withholding returns for the April-June quarter and a better picture can be obtained at the end of August when this processing is completed.

The first returns from the recent increase in the sales tax showed collections of $7,275,936, up $730,140 over a year ago. The recent legislature lowered the sales tax base from 51 to 25 cents and applied it to restaurant meals over $1.

Another tax increase, the jump from three to six cents in the state cigarette tax, accounted for a whopping 87.8 per cent rise in tobacco tax collections. The comptroller's report showed collections from this source were $2,497,715, up $1,167,600 from totals for July 1960.

Ann Landers . . .

Answers Your Problems

DEAR ANN LANDERS: Our eight-year-old son is gentle and kind. He has a sweet disposition and gets along well with everyone. Every night when we sit down to dinner his father says, "Well, son, have you had a fight yet?"

The boy always lowers his eyes and meekly replies, "No." His father has suggested in many ways that it is manly to fight, and if a boy does not have a few fist fights he is either cowardly or other people are pushing him around. I deplore this notion, but he says women don't understand these things and that if it were up to me the boy would be a cream-puff.

Please discuss this in your column. If I am the one who needs straightening around I will gladly change my ideas. — A MOTHER

DEAR MOTHER: It is normal for boys to fight now and then but a boy who does not fight is not abnormal, nor is he cowardly.

Your husband sounds like a bully who found satisfaction in beating up on others. He can't understand how a boy can get along without the crutch that he found so useful. He should be grateful that his son is better adjusted, more secure, and more mature than he was.

DEAR ANN: My best girl friend lives in the same block. Her father is a respected member of the community. Our parents have been friends for many years.

This summer I went on a trip, 250 miles away, to visit relatives. They gave a small dinner for me at the downtown hotel. As I glanced around the dining room I pretended not to see him but I'm sure he saw me.

Since returning home I've been wondering about this. Louise casually mentioned that her dad had been to the same city "to get his teeth fixed."

I keep telling myself the woman was a relative or a business acquaintance but I must admit it didn't look that way. I wouldn't mention this to Louise, but shall I tell my mother? — BIG EYES

DEAR BIG EYES: Why? Merely mentioning it suggests that you think the worst, and you have no evidence whatsoever because you have no idea who the woman was.

Loose talk can cause immense damage and heartache. Remember that big people talk about ideas. Medium-size people talk about things. Small people talk about people.

Are your parents too strict? You can benefit from the experiences of thousands of teen-agers if you write for ANN LANDERS' booklet, "How To Live With Your Parents," enclosing with your request 20 cents in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Cleveland Halts Yankees, 5-1; Baltimore Defeats Senators, 3-2

Grant Holds Bombers To Three Hits

Mantle And Maris Fail To Connect As Mudcat Wins 12th

CLEVELAND (AP)—Jim Grant held the New York Yankees to three hits in pitching the Cleveland Indians to a 5-1 victory in the opener of a four-game series Friday night.

Bubba Phillips drove in two runs with his 18th homer of the season and Woodie Held sent two more runners home with a triple to back up Grant, who went the distance in picking up his 12th victory in 18 decisions.

The 26-year-old right-hander retired the first 14 batters he faced before the Yankees got their first hit, a home run by Elston Howard. The only other hits off Grant were a ground rule double by Bud Daley which bounced into the right field stands in the sixth inning and a single by Tony Kubek in the ninth.

Yankee slugger Roger Maris and Mickey Mantle, who are hitting homers at a pace exceeding that of Babe Ruth when he set the all-time record of 60 in 1927, failed to add to their totals of 48 and 45, respectively.

Jim Piersall backed up against the fence in right center field near the 380-foot mark to make a leaping catch of Mantle's line drive in the fifth inning.

The Indians got all their runs off starter Jim Coates (9-4), who gave up five hits in the 2 2-3 innings he worked. Daley and Al Downing followed him to the mound.

Phillies Drop 21st Straight

Break Modern Mark, Lose To Braves, 4-1

By RAY W. DOHERTY

MILWAUKEE (UPI)—The Philadelphia Phillies broke the modern major league record for consecutive losses Friday night when they lost their 21st in a row, 4-1, to the Milwaukee Braves and Lew Burdette, who allowed only six hits in winning his 15th game this year.

The major league record had been 20 in a row, set by the Boston Red Sox in 1906 and tied by the Philadelphia Athletics in 1916 and 1943. The all - time major league record is 24, by Cleveland in 1899 while a member of the National League.

It was Milwaukee's eighth win in a row, its best streak in two seasons.

Hank Aaron batted in two runs with a single in the first inning and Burdette took it from there to give the Phillies their inglorious spot in the record books. Five of their hits were singles, and except for Don Demeter's 11th homer in the seventh, the Phils had only three other scoring chances, and they were meager ones.

It was Burdette's 11th win in his last 13 decisions and seventh complete game in his last 13 starts. He didn't walk a man, running his string to only five free passes in the last 104 2-3 innings.

Burdette drove in the Braves' third run with a double in the second, following a single by Roy McMillan and Lee Maye wound it up for Milwaukee with his 13th homer of the year in the fourth.

The Philadelphia losing streak started on July 29. Their last win was 4-3 over the San Francisco Giants in the second game of a doubleheader July 28. They were eliminated from the pennant race Thursday.

Reds Conquer St. Louis, 6-3

Win Fifth Straight, Johnson Is Victor

CINCINNATI (UPI) — Ken Johnson, a 28-year - old Kansas City castoff, pitched the league-leading Cincinnati Reds to their fifth straight victory Friday night by beating the St. Louis Cardinals 6-3.

The victory was the veteran right hander's fourth against one loss since purchased by the Reds from Toronto of the International League July 21.

A bases-loaded triple by Gordy Coleman, hitless in his last 10 previous trips to the plate, started the Reds on the road to victory in the first inning.

Coleman's smash off Bob Gibson came after a single and two walks had loaded the bases with two out.

Frank Robinson scored the Reds fourth run in the third inning on the front end of a double steal. He then drove home the last two runs with singles in the fifth and seventh innings.

Johnson had a three hit shutout until the seventh inning. The Cards then scored two runs, one unearned, to end a string of 32 scoreless innings for the Red pitchers.

U.S. Swimmers Hang Up Three World Records

Stickles, Tremewan, Clark Lower Marks

By ALEX KAHN

LOS ANGELES (UPI)—American swim stars set two world records — in the 100-meter freestyle and 400-meter individual medley—and one new U.S. mark in the 1,500-meter freestyle in the first day's competition of the men's outdoor national swimming championships.

Rose Is Scratched

Neither Australia's Murry Rose, who was scratched from the 1,500 by illness, nor Japan's Tsyoshi Yamanaka, a distant sixth, was among top finishers Friday.

Ted Stickles, of the Indianapolis Athletic Club who held the pending world record of 4:56.8, broke his own mark in the 400-meter medley with a four body-length win in 4:55.6. His teammate, Cary Tremewan, bettered the existing world's mark in the event in 5:01.5.

Clark Beats Lyons

Steve Clark, 18-year-old Santa Clara, Calif., Swim Club performer, set the other world record of :54.4 in the 100-meter free-style in which he beat David Lyons of Winnetka, Ill., by about a half body length. The American record in the 1,500 meter freestyle of 17:29.8 was set by Roy Saari of El Segundo, Calif.

The 400-meter individual medley consists of the butterfly, backstrong, breaststroke and freestyle, in that order. Stickles took the lead as he completed the breaststroke and opened up a two-body length advantage of the first lap of the freestyle.

Clark bested the four-year-old world mark in the 100 by two-tenths of a second.

PROVES NOTHING—An engineer in New York (left) uses an explosive-driven ram to test baseballs of today and yesterday in an effort to determine whether all those home runs are due to a livelier ball. The result was that "the test proved interesting but not conclusive." At the right (top) baseballs from 1936 (left) and 1961 looked like this in lab bottles. In the cutaway ball below are the ingredients which go into making one. Included are a cork center, layers of black and red rubber, white wool, 53 yards of fine gray wool and 150 yards of white cotton, rubber cement and the white horsehide cover.

the Cas Taylors

Just for speculation, mind you! We wonder at the wisdom of expanding baseball's major leagues from eight to ten teams each. We wonder if a move in the opposite direction might not, perhaps, have been the better for baseball as a whole.

For example, the American League jumped to ten teams this season. What happens . . . one of the already weak links in the league immediately plummeted from eighth to tenth place.

Now, the National League is planning expansion for next season. Would it be better to go with just six teams (six in each league could play an intra-league schedule) . . . teams that could and would best utilize the available talent? In the National League quite obviously the Cubs and Phillies just don't belong.

We're not suggesting, mind you, just speculating. Why not drop in at The Cas Taylor's, corner of N. Mechanic and Valley Streets and speculate with us?

Dapper Phillies Capture Fourth Straight Little League Crown

Defeat Cards In Playoffs Finale, 8-3

Deremer Cops 6th Mound Win; Team Sets Title Mark

The Phillies won their fourth consecutive Dapper Dan Little League championship by defeating the Cardinals, 8-3, in the finale of their title series at Penn Avenue Field yesterday.

The defending champions set a new mark for winning by becoming the first team in the 12-year history of the two-division circuit to win four titles. They also now hold the record for consecutive championships.

Only the Phillies, and the Red Sox with three championship nines, have won the crown more than twice since the league began operation in 1950.

Edge Cardinals Again

Piloted by Lloyd "Pete" Deremer and Howard "Farmer" Northcraft, the Phillies edged the Cardinals for the second straight year in their best-of-three championship series. They lost the opener of this year's title playoffs to the Cardinals, 7-0, then bounced back to win 5-4 on Wednesday and took the crown with yesterday's triumph.

The Phillies also won two of three games in the championship playoffs against the Cardinals last season.

The winners eliminated the Dan Indians, 9-8 and 4-2, to reach the 1961 finals while the Dapper Cardinals downed the Dan Braves 3-2 and 9-6 after losing 3-2 in their semi-final series.

Trailing 3-2 in the fifth inning, the Phillies forged ahead with two runs in the top of the frame when Randy Natale and Jimmy Bennett spanked two-base hits to left for the tying run and then starter Nick Perlozzo walked Billy Meister, Quentin Simpson and Gary Perkins to force in the winning tally.

The victors added four insurance runs in the sixth on consecutive singles by Tommy McGeady, Natale, Terry Deremer, and Bennett and a two-run double by Mark Lindner.

Cards Take Lead

The Cardinals, managed by Jim Ellsworth, took the lead in the bottom of the fourth when Kenny Green singled to center and completed the circuit on an outfield error. Nick Perlozzo beat out an infield hit and Curtis Kime was safe on an error. Walt Davis then singled the last two runs home for the losers.

Outstanding fielding plays included a fine running catch by Shortstop Green of the Cardinals of Meister's pop fly into center, and Simpson's perfect peg from centerfield to nail Nick Perlozzo at the plate for the Phillies.

The Cardinals had another runner thrown out at the plate when Green tripled to left and was cut down with the potentia' tying run in the fifth. The relay from Leftfielder Gary Knowlton to Lindner to Meister at the plate got Green as he tried to stretch the hit into a home run.

Deremer Wins Sixth

Leading stickers for the Phillies were Bennett, Terry Deremer, Natale and Mark Lindner, each with a single and a two-bagger. Walt Davis collected a pair of singles and Green had a single and a triple for the Cardinals.

Terry Deremer won his sixth game of the season for the Phillies with a seven-hit effort. He whiffed nine and walked only one batter as he completed his third year with the champions. Nick Perlozzo, relieved by Dave Coffman, was the loser.

Deremer's three - year pitching record in the Little League is 14-3. The results:

Phillies	100 124—8	11	4
Cardinals	000 300—3	7	2

Terry Deremer and Billy Meister. Nick Perlozzo, Dave Coffman (6) and Walt Davis.
Loser—Nick Perlozzo.

Bartzen Gives U.S. Netmen Tie With Mexicans

McKinley Is Upset By Rafael Osuna

CLEVELAND (AP) — Bernard (Tut) Bartzen gave the United States a 1-1 tie with Mexico in the American Zone Davis Cup tennis championships Friday.

Bartzen, 33, beat Mario Llamas, Mexico's No. 1 player, in the second round of singles play 4-6, 6-4, 6-4, 6-4. He continually forced Llamas across the back line, making his opponent drive the ball into the net several times.

In the first round, Mexico's Rafael Osuna relied on a powerful serve and accurate forehand smash to beat Chuck McKinley in straight sets, all by 6-3 scores.

The teams resume their best-of-five struggle for supremacy on the clay courts of the Cleveland Skating Club with doubles Saturday and a pair of singles Sunday. The same Mexican squad that just missed an upset a year ago is rated a good chance to win. The margin then was just 3-2.

Osuna, 22, a University of Southern California student, proved too fast and powerful for McKinley, a recent runnerup at Wimbledon. McKinley, 28, of St. Louis, never broke through the Mexican's service.

Three Clubs Are Involved; Twin Bill Set Sunday

Hyndman's Merchants have captured the pennant in the Pen-Mar Baseball League but there's a three-cornered battle on for playoff positions in the circuit that winds up its regular season one week from tomorrow.

Frostburg, occupant of second place with a 16-9 record, holds a one game lead over Moorefield and Barrelville, now deadlocked for the third spot with 15 wins and 10 losses. The three teams have three more games on their schedules before the race draws to a close.

Twin Bills Sunday

Six games are on tap for Sunday, including doubleheaders between Flintstone and Frostburg in the Mountain City and Salisbury and Moorefield at the latter place. Both twin bills are slated to start at 1:30 p. m.

In other Sunday games at 2:30, Hyndman plays at Lonaconing and Barrelville hosts Mt. Savage's Old Germans.

The game scheduled between Flintstone and Salisbury on the Pennsylvanians' diamond has been cancelled by mutual agreement.

If Frostburg and Moorefield win doubleheaders Sunday and Barrelville emerges the victor the battle for second, third and fourth place playoff spots will go right down to the final day of the season.

Umpiring assignments for games August 26 and 27 are as follows:

SATURDAY, AUGUST 26
3:30—Barrelville at Flintstone — Charles Snider and Howard Brode.
SUNDAY, AUGUST 27
2:30—Moorefield at Barrelville — Bill Wilson and Mel Nee.
2:30—Mt. Savage at Salisbury — John Boyle and Joe Geatz.
2:30—Hyndman at Frostburg — Bill Andrews and Vic Reynolds.
2:30—Lonaconing at Flintstone — Al Martin and Gary Shook.

Cresaptown Takes 2nd Place Playoff, Beats 'Coney, 3-2

Cresaptown won the playoff game for the runner-up berth in the Bi-State Pony Baseball League by downing Lonaconing at the latter place yesterday by the score of 3-2.

Each team had finished the regular season tied for second place with 13-8 records.

John Hancock's home run in the sixth inning with a teammate aboard broke a 1-1 tie and gave Manager Dale Broadwater's team the decision.

Roger Wilt, who was supplanted by Steve Vandenberg in the 6th inning, was the winning pitcher. Danny Sloan, who went the route for Lonaconing, struck out ten batsmen.

Hancock rapped a double in addition to his homer while Vandenberg collected a two-bagger and single. Freddie Metz smacked a triple and double for two of the losers' five hits.

The best-of-three playoff semi-finals get under way Monday with the Frostburg Mounties at Cresaptown and Lonaconing at Mt. Savage in 5:30 p.m. games. The second games are billed for Wednesday and the third, if necessary, on Friday. Score:

Colts Defeat Vikings, 13-3

Lenny Moore Tallies Both Touchdowns

BALTIMORE, Md. (UPI)—Halfback Lennie Moore ran for one touchdown and took a pass from quarterback Johnny Unitas for another to lead the Baltimore Colts to a 13-3 pre-season win Friday night over the Minnesota Vikings.

The Colts freely displayed rookies but no secrets, with the veterans appearing to score easily over the new entry in the National Football League.

A Memorial Stadium crowd of 10,203 saw Moore race nine yards late in the second quarter to give Baltimore a 6-0 lead. Minnesota fought back with a 30-yard, third quarter field goal by Mike Mercer. But in the final quarter Moore caught a Unitas pass good for 75 yards and a touchdown.

Two players acquired in trades, ends Jimmy Orr of the Steelers and Dee Mackey, of San Francisco were impressive newcomers to the Baltimore club.

Former Colt George Shaw did a smooth job of quarterbacking the Vikings, while halfbacks Hugh McElhenny and Tommy Mason carried the brunt of the ground game.

Minnesota	0	0	3	0—3
Baltimore	0	6	0	7—13

Scoring:
Blt: TD, Moore (9 run); Moore (75, pass from Unitas).
PAT—Myra.
Minn: FG—Mercer (3).

Market Reaches New High In Active Trading Friday

NEW YORK (AP)—Weathering some profit taking and bad news for the drugs, the stock market Friday moved to a new high in active trading.

Historic peaks were recorded for The Associated Press average, the Dow Jones industrial average, and Standard & Poor's 500-stock index.

An estimated $1.6 billion was added to the quoted value of stocks listed on the New York Stock Exchange, based on the rise in the AP average.

The vigorous rise was achieved despite news that Pfizer, American Cyanamid and Bristol-Myers had been indicted on antitrust charges that they had allegedly fixed prices for antibiotics.

The pattern was spotty for Big Three motors, steels, chemicals and electronics, but rails continued their strong rebound.

The Dow Jones industrial average rose 1.70 to 723.54, topping its previous closing high of 722.61 reached Aug. 11. The AP 60-stock average rose 1.10 to 256.50 with industrials up 1.40, rails up 1.10 and utilities up .30 to a high for the year.

Standard & Poor's 500-stock index rose .18 to 68.29.

Of 1,252 issues traded, 577 advanced and 465 declined. New highs for the year totaled 65 and new lows 8.

Prices on the American Stock Exchange also moved generally higher. Volume was 1.22 million shares compared with 1.16 million Thursday.

Corporate bonds were mixed. U.S. government bonds advanced.

Bond volume dipped to $5.24 million par value from $5.91 Thursday.

In Memoriam

In memory of Florence Shriver, who passed away August 19, 1954.
You were loved in life, in death remembered,
Time takes away the edge of grief,
But memory turns back every leaf.
Sadly missed by sister and niece,
ELLA LAWMAN WANENFELTZ AND FAY MULLENIX

COLLEGE PARK, Md. (AP)—Brooklawn, N. J. Post 72 upset Washington Gas Light Post 55, 5-4, and Post 21, of Wilmington, Del., eliminated Post 94 of South Charleston, W. Va., 10-3, in today's second round of the American Legion Junior Baseball Regional Tournament at the University of Maryland.

Delaware plays Post 11 of Frederick, the Maryland champion, at 10 a. m. tomorrow while Post 1367 of Staten Island, N. Y., meets New Jersey, with a 2-0 record, at 1 p.m.

Delaware made short work of West Virginia behind the 6-hit pitching of Paul Harrington. Allen Beitman had 3 hits and Dick Lindsay a solo home run for the winners.

New Jersey came from behind with 4 runs in the bottom of the 7th inning to nip Washington, the tourney favorite. Toby Frymira knocked in 2 runs and Dennis O'Brien one in the 7th. Jerry Osler walked and scored the winning run on an error.

Dick Laxton went all the way on the mound for New Jersey and survived despite 6 errors by his teammates. All of Washington's runs were the result of New Jersey errors.

Banks' Double Beats Bucs 2-1

Chicago Wins Game On 11th Inning Hit

CHICAGO (AP) — Ernie Banks' double scored Jerry Kindall with one out in the 11th inning to give the Chicago Cubs a 2-1 victory over the Pittsburgh Pirates Friday.

In scoring the winning run, Kindall collided with catcher Don Leppert, who was attempting to block the plate while waiting for the relay throw from shortstop Dick Groat after Bill Virdon recovered Banks' blow.

Kindall remained on the ground for three minutes before walking off the field after successfully beating the throw to Leppert.

The loss was a heart-breaker for American League cast-off Tom Sturdivant, who suffered his first National League defeat. He gave up eight hits. Winner Dick Ellsworth, who balanced his record at 7-6, was tagged for 10 hits as the Cubs squared their season series with the Pirates at 6-6.

Casper Holds Stroke Lead

Billy Shoots 137 At Indian Spring

SILVER SPRING, Md. (AP)—Billy Casper's reliable putter went sour on him Friday and sent him a stroke over par 70, but the chubby golfer from Apple Valley, Calif., had enough of a head start to hold the second-round lead in the $35,000 Indian Spring Open.

Casper's 71 was five strokes higher than he shot in Thursday's opening round of the 72-hole tournament and left him with a total 137.

His nearest first-round pursuers had even worse luck on the difficult 7,031-yard course and left the way open for a new set of Casper challengers.

Billy Maxwell shot his way to within one stroke of Casper. The Dallas pro displayed consistency by taking 69 strokes for the second straight time.

Wightman Tests To Start Today

CHICAGO (AP)—A trio of teenagers has been assigned shock troop duty against the decidedly favored women amateur tennis stars of Great Britain in Wightman Cup competition starting Saturday.

Karen Hantze, 18, of San Diego, Billie Jean Moffitt, 17, Long Beach, Calif., and Justina Bricka, 18, St. Louis, make up the youngest group ever to represent the U.S. in the 32 matches played between the two countries since 1923.

To Miss Hantze and Miss Moffitt, named No. 1 and No. 2, respectively, goes the major task of playing in two singles each and one doubles.

Two singles and one doubles will be held Saturday starting at 1:30 p.m. EST, with three singles and one double Sunday. Each match won is worth one point.

Great Britain won last year on its home ground 4-3. If it repeats, it will be the first time it has done so since 1924 and 1925.

Mayor Sees No Way To Change Budget

Resurfacing Funds Reduced

Mayor J. Edwin Keech said yesterday that he has gone over the proposed budget very carefully again and sees no way, at this time, to change it.

Barring a surprise proposal, levy and budget ordinances which were prepared yesterday by City Comptroller Arthur B. Gibson will go before the Mayor and Council for action Monday morning.

The ordinances call for levying a tax of $1.54 for operations and debt service to raise a budget totaling $1,950,610.

The $1.54 tax rate will include $1.2498 for operating expenses and 29.02 cents for servicing the city's general debt.

City officials found no way, during studies of the budget, to provide requested wage increases for the city's 270 workers beyond the some $25,000 included for merit pay increases.

Would Mean Cut

Mayor Keech said that if the city were to use all of the $239,000 surplus which was used to help make up this budget, there would be no surplus next year and the budget would have to be cut by as much as it is short.

He said that property taken off the tax books as the Thruway project progresses is cutting into the tax base and that he was informed by the State Roads Commission that property assessed at some $1,444,000 will be taken.

The present $1.25 limit on taxes for operating expenses, he added, "does not allow for increases in the costs of city services."

A lot of people, Mr. Gibson commented, do not get the idea of the surplus.

He said the surplus was $239,000 last year and that to make the same budget, you would have to have the same surplus.

Takes Cut

The Street Department paving and resurfacing program took the worst beating in final compilation for the budget.

The department had requested a total of $226,481 for its projects and in the appropriations which may be approved at Monday's meeting of the Mayor and Council, received only $95,500.

That represents a reduction of 57.83 per cent from the original request.

On the other hand, the Fire Department asked for $339,121.01 and received $325,000, a reduction of 4.16 per cent; while the Police Department requested $339,724 and received $315,000, a reduction of 7.28 per cent.

Projects Listed

Included in the original request was $125,000 for the rehabilitation of downtown streets, of which the city would pay $62,500; and resurfacing plans for East Third Street, Montgomery Avenue, Buckingham Road, Windsor Road, Arch Street, Sedgwick Street, Washington Street, Greenway Avenue, Brookfield Avenue, East Elder Street, Tilghman Street, School Street and Camden Avenue.

New construction was proposed on Memorial Avenue, First Street and Somerville Avenue and $90,000 in improvements on Bedford Street.

Since ordinances have already been passed in most cases for resurfacing the mentioned streets, it would appear that the $95,500 granted for street and alley paving is committed. It will not, in fact, cover the resurfacing of all the listed streets during the next fiscal year.

Set up under Special Projects which includes streets as well as others, are the widening of North Mechanic Street, $10,000; new traffic lights on Baltimore Street, $7,680; traffic signals at Henderson Avenue-North Mechanic Street intersection (bridge), $5,500; the Virginia Avenue (Industrial Boulevard) traffic lights, $4,600; repair of the old Market Street bridge over the railroad, $2,500; and a conduit needed in connection with the Industrial Boulevard, $2,500.

Street Commissioner John J. Long in commenting on his budget, said "We would like to have more to continue our excellent program but if the city fathers feel that is all we can have, then we will do the best we can with what we have."

Home Is Planned On Kent Avenue

The Garner Construction Company yesterday secured permits for the construction of a home and a garage at 912 Kent Avenue.

The 26 by 26 foot home will be of brick and frame construction and is estimated to cost $9,000. A brick garage at the rear of the lot will cost $1,000.

The battle is being staged in connection with the 15th anniversary celebration of Old Rail Post 6025, Veterans of Foreign Wars in Mt. Savage. Three other units also will take part in the attraction.

Mock Civil War Battle Today At Mt. Savage

A mock Civil War skirmish will be staged this afternoon at Mt. Savage between two Confederate units and two units representing Union Army forces.

The mock battle will be presented at 2 p. m. at the Mt. Savage High School athletic field under the auspices of Old Rail Post 6025, Veterans of Foreign Wars in Mt. Savage, which is observing its 15th anniversary this week.

Between 80 and 100 men are expected to take part in the "battle" which will depict a typical raid by Confederate forces on railroads in the Cumberland area during the Civil War.

Units which will take part include the Cumberland Continentals, Company C, Second Maryland Infantry Regiment, U. S. Volunteers; Company A, Second Maryland Infantry Regiment, U. S. Volunteers from Hagerstown; Winchester (Va.) Rebels, Company K, Fifth Virginians, and the Warren Rifles Company, 17th Regiment, Front Royal, Va.

Pike Firemen Raise $1,466 In Fund Drive

Baltimore Pike volunteer firemen have just completed the best fund drive they've held in recent years. They raised $1,466.10, and more money is still to come in, said Donald Ware, president.

The firemen plan to use part of the money for payments on the 600-gallon tank truck they bought two years ago for $16,000. Having the truck brought down fire insurance rates for people who live in the area the company serves.

Part of the money may be spent on a new five-horsepower siren to be mounted atop the fire hall.

Mr. Ware said the present one-horsepower siren is too weak to be heard by most members of the company when it's sounded to call the firemen to a fire. As a result, the company has to rely heavily on the telephone to summon some of its members. This takes too much time.

The firemen are considering moving the present siren to a point somewhere on Martin's Mountain for use as an auxiliary unit if a bigger siren is bought. Many members live in that area, and some live as far away as Bean's Cove, across the line in Pennsylvania.

Mr. Ware said anyone who still has a coin card from the fund drive may turn it in at Kight's Garage or at Hanlin's Esso Station, or may call him at PA 4-9398 and it will be picked up.

He said the company wants to thank all donors who "made this one of the best fund drives held in recent years." Last year's drive raised about $1,200, and the 1959 drive, about $1,000.

Premium Money To Be Distributed At Fair Today

A memorial service was held for the late Edward Tatman, past department commander and Cootie. The pup tent will place a wreath in Arlington National Cemetery November 12 in memory of the unknown dead.

The Cooties announced they will make their next visit to Newton D. Baker veterans hospital at Martinsburg, W. Va. in October. They also expressed thanks to Alvin C. Neat Post 5280, VFW, at Lonaconing, for its help in the hospital program.

Md. Prison Assistant Is Dismissed

Robert L. Clopper Said Insubordinate

BALTIMORE (AP)—The State Board of Correction voted Friday to dismiss Robert L. Clopper as assistant superintendent of the Reformatory for Males on grounds of insubordination.

The 5-1 vote came on the recommendation of James W. Curran, superintendent of prisons, and Clement J. Ferling, superintendent of the reformatory.

The board acted on the basis that Clopper was not under the state merit system. His request for a hearing was turned down.

Clopper's only apparent appeal is to the courts. Contacted at his home on the reformatory grounds, he had no immediate comment on the board's action.

G. C. A. Anderson, chairman of the board, read a letter from Ferling recommending Clopper be fired. The letter said Clopper had been insubordinate to Ferling in an incident at the reformatory Aug. 8.

Clopper, a reformatory employe for nine years, was suspended by Curran the day after the incident.

Ferling's letter said the Aug. 8 incident involved a prisoner who had been denied athletic privileges for medical reasons but had been kept working on the rock pile.

Ferling said Clopper made insubordinate remarks and claimed that he was always "caught in the middle" in differences between Ferling and the reformatory doctor.

Ferling has been superintendent for seven years at the reformatory, which houses 1,200 inmates at Brethedsville, near Hagerstown.

Three Hurt In Accident At Eckhart

Three persons, including a man and his wife, were injured yesterday evening in a two-car accident in Eckhart.

Admitted to Miners Hospital in Frostburg for observation was Michael J. Gaudio, 32, of Porter Street, Eckhart, who sustained a possible injury to his left leg.

Victor E. Wonn, 49, of RD 1, Dressman's Addition, city, was admitted to Memorial Hospital here with an injury to his left knee, abrasions of the body, chest injuries and possible fractured ribs. He was reported in "good" condition.

His wife, Margaret, was treated at the local hospital, according to police, who said she suffered abrasions in the accident at 6:10 p. m. at the intersection of old and new Route 40 in Eckhart.

State Police said Gaudio was traveling west on Route 40 and stopped to make a left turn onto old Route 40.

Wonn was traveling west on Route 40 and struck the Gaudio car in the rear, said police.

Tfc. Joseph V. Stakem of the Maryland State Police said charges are pending.

Minister Hurt In Auto Crash

Rev. Wilmer Rayner, 41, pastor of Lonaconing Church of God, is reported in "satisfactory" condition at Memorial Hospital where he was admitted yesterday morning following an auto accident on Oldtown Road.

Rev. Mr. Rayner sustained a possible fracture of the spine when his car struck a guard rail. Tfc. Joseph H. Helmstetter said the Lonaconing minister swerved to avoid an oncoming car and ran off the highway.

Sears Ouster Is Urged By Pressman

Attorney Charges Abuses By Firms

BALTIMORE (AP) — Attorney Hyman Pressman appealed publicly Friday night for removal of F. Douglass Sears as state insurance commissioner.

He charged in a televised speech that Sears has ignored complaints of motorists whose claims have been refused and whose policies have been canceled or rates boosted "arbitrarily" by certain out-of-state firms.

Such policy holders are forced after cancellation to go into an "assigned risk" pool where risks are spread over various companies and they pay higher rates.

Pressman said that Sears has been associated with the insurance industry for 30 years and "apparently feels it is his duty to protect the industry."

He said the commissioner has refused to hold a public hearing on the matter.

"This is a job which calls for an aggressive person who will protect the rights of the public," Pressman said in the telecast for which he purchased time.

Charges Abuses

"I urge that you do something about it. I ask you to write to Gov. Tawes urging that Commissioner Sears be replaced by an active, vigorous man who will dedicate his efforts to the protection of the public and that the new commissioner hold hearings to review the insurance rates and to eliminate abuses by insurance companies."

Sears said he watched the telecast but had no comment to make on Pressman's charges.

The Baltimore attorney charged that there are "a number of out-of-state companies which have been coming to Maryland to make a fast buck."

"They cancel policies without just cause. After a person's policy is canceled, even the honorable insurance companies refuse to sell him insurance so he is forced to get his insurance through a special pool at a tremendously increased rate."

General Cases Cited

Pressman did not name any of the companies, but he cited several cases.

He said Donald Carlsen of Baltimore, a driver for 38 years, has been involved in "only a few minor accidents in which no one was injured and the total amount of property damage was less than $200."

"Yet his policy was canceled with the result that neither he nor anyone in his family can get insurance at regular rates. In the assigned risk pool, he has to pay $119 for a policy which cost him $69 before. When his son became of age, he had to pay $256 instead of $154."

Pressman said other cancellations which had come to his attention "were even more arbitrary and discriminatory."

"Some were canceled because the insured happened to live in a neighborhood which the company suddenly decided to black out, or because the company eliminated everyone in a certain occupation," he said.

The Maryland Paintiff's Bar Association, of which Pressman is a member, had earlier appealed to Gov. Tawes for public hearings by the insurance commissioner on policy cancellations.

John B. Wright, of Annapolis, association president, said in a letter to the governor Wednesday that the group has instances of wholesale cancellations of policies on drivers who generally had good records.

'Y' Will Offer Classes For Women

Central YMCA will offer morning and evening baby sitting service for its fall and winter "slimnastics" and swimming classes, according to Benjamin Haines, program director.

All women's classes will be offered on Tuesday and Thursday morning and on Tuesday evenings. Mrs. Judy Briner, "Y" gym and swimming instructor, will teach both classes.

A registered nurse will supervise the children in the "Y" nursery room during the class periods.

The special women's classes will start September 12, and interested women should contact the YMCA, Mr. Haines said.

New PE Map Features Civil War Area Events

Attention is focused on the Cumberland Tri-State area by a colorful Civil War map just published by the Potomac Edison System as the last phase of the PE program to commemorate the centennial of that war between brothers of 1861-65.

Framing the map which includes portions of Maryland, West Virginia, Virginia, Pennsylvania and the District of Columbia are 18 pictures taken in and around different communities in Maryland, West Virginia and Virginia.

One picture was taken here in Cumberland. Present-day "soldiers" dressed in Union and Confederate uniforms typical of a century ago are shown in front of the Revere House, now the home of Monarch Foods Corporation at 184 Baltimore Street. It was in this building that a small band of McNeill Rangers captured Union General George Crook on the night of February 21, 1865. General B. F. Kelley was similarly captured the same night from Barnum House, which for years was known as the Windsor Hotel. This building at the corner of Baltimore and George streets was torn down several years ago to make room for a parking lot.

Also pictured on the map is the Clarysville Inn, situated some three miles east of Frostburg. During the Civil War, the Union Army used this building as a hospital.

Other pictures on the map were taken in the South Branch Valley communities of Romney, Moorefield and Petersburg. The Romney picture shows a home which was the headquarters of Union General Lew Wallace.

The Moorefield photograph shows the Presbyterian Church which was used as a stable by Union soldiers. The Petersburg picture depicts "Silver Bend," built in 1812, which was the home of Captain John Hanson McNeill.

Other pictures on the map were taken in communities within a 90-mile radius of Cumberland. Included are Chambersburg, Pa.; the Maryland communities of Frederick, Boonsboro, Sharpsburg and Burkittsville, West Virginia towns of Harpers Ferry, Charles Town and Martinsburg and the Virginia communities of Millwood, Front Royal, Winchester, Middletown and Strasburg.

TO PREACH HERE — Rev. L. Stanley Whitson, pastor of Holy Trinity Evangelical Lutheran Church in Elkins, W. Va., will be guest minister at St. Paul's Lutheran Church at the 8:30 and 11 a. m. services tomorrow. A son of Mr. and Mrs. Roy Whitson, 203 Columbia Street, he is married to the former Dorothy Jean Dunkelberger. He graduated from Allegany High School before going to Gettysburg College and to the seminary there. He was ordained in 1948.

City To Aid In Area Water, Sewage Studies

Mayor J. Edwin Keech yesterday promised cooperation of the City of Cumberland in studies of water and sewage problems of this county.

The offer was made as Mayor Keech, City Attorney William R. Carscaden, City Engineer C. R. Nuzum and City Comptroller Arthur B. Gibson met with John C. Childs of Matz, Childs and Associate, Baltimore.

The firm is making a feasibility study of a water line from the Savage River Dam to serve communities and plants along the North Branch.

The city, Mayor Keech said, agreed to make available information, maps and reports which might be of use to the firm for a long-range study of the area's water needs.

Mr. Childs also reported his firm was making a study of the sewage problem at Roberts Place, Bowling Green and Cresaptown and discussed with city officials sewer lines, the treatment plant and how city facilities may apply to his studies.

Injuries Fatal To Woman In Route 50 Crash

Mrs. Ruth Butcher Dies In Winchester

Mrs. Ruth Butcher, about 31, of Summit Point, W. Va. (Jefferson County) died yesterday at 11 a. m. in Winchester (Va.) Memorial Hospital of injuries sustained in a two-car collision Thursday morning on U. S. Route 50 about a mile west of Capon Bridge.

Her husband, two-year-old son, and a Hedgesville, W. Va., man are patients in the hospital.

Rev. Samuel F. Butcher, 35, is reported in "satisfactory" condition, according to attaches, who said he sustained a ruptured liver and fractured ribs.

Timothy Butcher, two, had several teeth knocked out and suffered facial lacerations and concussion.

Otis Clark of Hedgesville, sustained a minor knee injury in the accident, which occurred about 10:45 a. m. Thursday.

A young daughter of Rev. and Mrs. Butcher escaped serious injury and was taken care of Thursday night by friends of the couple.

Authorities said Clark, who was traveling east, was making a left turn into a service station when the Butcher car hit the vehicle almost headon.

Mrs. Butcher sustained a fractured skull, a severe laceration of her forehead, a fractured right leg and broken ribs.

No charges were preferred pending a complete investigation by West Virginia State Police at Romney.

The victim's body was taken to the Kurtz Funeral Home in Winchester and will be taken to the Tomblyn Funeral Home in French Creek, W. Va.

Summit Point is located about six miles southwest of Charles Town.

Miss Fairgo Selection Tonight

The sixth Miss Fairgo will be crowned about 8 o'clock tonight at the 44th annual Cumberland Fair just before the final performance of the "Stars of Tomorrow Revue" on the stage in front of the Fairgo grandstand.

Miss Helen Paxton of Cumberland, who as the Allegany County farm queen was selected as the first Miss Fairgo in 1956, is scheduled to crown the sixth Miss Fairgo tonight.

Voting for Miss Fairgo ended last night. The ballots will be counted in time for the 8 o'clock ceremony tonight. Fair patrons are wondering whether Mineral County, W. Va., can retain its monopoly on Miss Fairgo. The last three years the Mineral County fair queen has gained added honors as Miss Fairgo.

Contestants for Miss Fairgo of 1961 are Miss Kathy Yaste, Garrett County farm queen; Miss Sally Ort Miller, Allegany County farm queen; Miss Rebecca Rininger, Somerset County (Pa.) maple queen; Miss Diane Cheshire, Mineral County fair queen, and Miss Marcia Evans, West Virginia poultry queen.

Previous winners of Miss Fairgo honors since Miss Paxton's selection included the following:

Miss Louise Pyles, West Virginia poultry queen, 1957; Miss Anne Drane, Mineral County fair queen, 1958; Miss Donna Ruth Hershberger, Mineral County fair queen, 1959, and Miss Kay Stullenbarger, Mineral County fair queen, 1960.

Redmen Urge Truck Safety Plan

The Improved Order of Redmen of Westernport, concerned over the fatal accidents which have occurred in Bloomington at the foot of Backbone Mountain, has appealed to Governor Tawes for action to alleviate the dangerous situation.

In a letter to the governor, Earl W. Conn, chairman of the organization's highway safety committee, joins the residents of the community who are appealing to "your better judgment to take immediate steps to have this situation altered."

He pointed out that Maryland Route 135 is heavily traveled to and from Deep Creek Lake and "we are all afraid that one of these runaways might catch a school bus or one or more autos in its path."

Mr. Conn suggests that a large sign could be erected at the top and halfway down the mountain to alert tractor-trailer drivers of the dangerous curve at the foot of the mountain.

"Maybe it would be possible," he said, "to bulldoze out a couple of runways along the left side of the road so the drivers could ditch their rigs in them."

The chairman cited that the Bloomington School and two service stations are located at the bottom of the mountain highway.

Pigeon Show Winners Share $2,032 Prizes

Most of the exhibits in the poultry, pigeon and pet stock department at the Cumberland Fair were being removed yesterday afternoon and C. A. Smith, show secretary and manager, expressed a belief that the quality of the exhibits was the best in years.

Mr. Smith is a man who should know. His association with poultry and pigeons at Fairgo goes back some 37 years to 1924. There are few, if any other persons connected with the Fair, whose experience outdates Mr. Smith's.

Before the show came to its conclusion yesterday, some $2,032 in premium money was distributed to prize-winning exhibitors.

Some 37 different persons are sharing the prize money. Twenty-three of them exhibited pigeons. Five of the pigeon fanciers won over $100 in premium money. Included were C. A. Smith and Sons, LaVale, $419; George Edward Knox, Westminister, $182; Kenneth M. Green, Hagerstown, $171; Ellsworth Kistler, Centre Valley, Pa., $117, and J. Norman High, Reisterstown, $108.

Ten different chicken exhibitors shared prize money. Biggest winners here were Henry K. Miller, Lebanon, Pa., $199; Miles Light, Mt. Aetna, Pa., $173. Three Allegany County exhibitors who did well were E. A. Clise, Midland, $46; Daniel Jones, Frostburg, $27; and E. M. Sager, this city, $21.

The Jones Rabbitry of Cumberland won $28 in premiums for its prize rabbits. Three other rabbit exhibitors shared winnings here.

Man Shot In Back Said 'Satisfactory'

Warren R. Elliott, 36, of near Barton, who was shot in the back at his home Thursday afternoon, was reported in "satisfactory" condition last night at Memorial Hospital.

His wife, Mrs. Frances Ann Elliott, 34, is being held in the County Jail on an open charge pending the outcome of her husband's injury.

Elliott was shot in the back with a .22 caliber pistol following an altercation at the Elliott residence.

County Investigator Edwin R. Lilya and Tfc. Robert C. Dishong are conducting the investigation.

Capuchin Missionaries Vacation Here

By C. WESLEY BLACKBURN
News Staff Writer

Two Cumberland men who have spent the last five years with the Capuchin Mission Band in New Guinea are home on vacation here.

They are Rev. Gary Stakem, O. F. M. Cap., and Brother Claude Mattingly, O. F. M. Cap.

Both are in the United States for a six-month vacation after serving for the past five years with the Capuchin Mission Band in the southern highlands of Papua, New Guinea.

Brother Claude returned to the States six weeks ago and arrived here yesterday for a visit with his brother, Robert C. Mattingly, 324 Cumberland Street.

He will return early next year to the missions established by the Capuchins six years ago.

Brother Claude is enjoying his visits with members of the family here and in California and Pittsburgh, but said it is hard to get used to "all of the hustle and bustle."

He said the people served by the Capuchin Mission are "behind the stone age people" and that their only contact with civilization has been during the past 10 years.

He said he likes the life in New Guinea very much and that "all of the men like it" and that although it is an entirely different type of life there is "never a dull moment."

He expects to stay here until after Labor Day, and then will go to Pittsburgh for a medical check-up and a visit with his sister.

Brother Claude is stationed at Mendi, the mission's main station, with Rev. Benjamin Madden, another native of Cumberland.

Father Gary is stationed at Ialibu, another of the five main stations, and Rev. David Dressman, also of Cumberland, is serving at Kagua.

Father Gary arrived here last week for his vacation and is visiting his parents, Mr. and Mrs. R. J. Stakem, 414 Fayette Street.

He plans to spend the vacation here and in the Pittsburgh area, where he is scheduled to do mission work.

Another son of SS. Peter and Paul parish here, Rev. Stanley Miltenberger, was one of the priests who helped set up the missions. He is now stationed at Rochester, Pa.

Father Gary said life in the New Guinea missions presents many problems, as it is an entirely different way of life, but that he likes it "very much."

Although he is stationed at Ialibu, he spends much of his time making the rounds of the some 20 out-stations, spending as much as two weeks at a time at the outposts.

On some of the trips, it is possible to go in style on a motor bike, as trails have been improved since the stations were established. Accompanied by natives, he makes the other trips into the bush on foot.

Banner Company Shows Clicking

This season perhaps the most successful producing company in television is that of Bob Banner Associates. They had the pleasure of seeing two of their productions land among the top ten all year long. These were the Garry Moore Tuesday night variety shows and the Sunday "Candid Camera" programs.

Coming up on Banner Associates scheduled on September 27 will be "Jack Benny at Carnegie Hall" on CBS-TV. This is a special comprising taping of a salute given to Benny several months ago.

Back to back with the Banner special will be the Victor Borge special and this should make it one of the most memorable evenings on TV in many a moon.

Julia Meade, Bess Myerson Typify Trend

By CHARLES J. LEAVY

Since the days of Susan B. Anthony and Woman Suffrage, there are very few occupations which the "weaker sex" has not been successful in invading. The deep resonant voice of the male has long been the prime requisite for an announcer. During the many years of radio's heydey, there have been some female announcers, but none ever attained great stature in this medium.

With the advent of television — when sight was added to sound — many radio fans were astounded to see that the delightful masculine voice did not always have the looks and figure to match.

Along with woman's inroads into other professions, it was a natural for television to cash in on the distaff's side prime asset — beauty.

Bess Myerson and Julia Meade are two of the most successful salesladies in television today.

Bess graduated from Hunter College in 1945, a photographer submitted her pic- Contest. She won and went on to become Miss America.

Julia's mother, Caroline Meade, appeared in Shakespearean roles.

Besides doing commercials, Bess is a regular panelist on "I've Got A Secret" every Wednesday. She enjoys this especially since it requires no rehearsal time.

Julia can currently be seen in the motion picture, "Tammy, Tell Me True."

Panelist Takes Singing Lessons

Betsy Palmer, pert panelist on "I've Got a Secret," would love to star in a musical some day. That's why she's been taking singing lessons.

"I don't know, though," she reports, "whether my voice would hold up. If I got laryngitis, what would I do? I'm not afraid to get up and face an audience. I don't dance but I could learn that in no time flat if I had to—if it were not too difficult. I love musicals. I like music."

TV fans have already heard Betsy sing. Once on the old Phil Silvers Show and once on the Garry Moore Show. The critics seemed pleasantly surprised.

JFK Signs Military Measure

West Berliners To Welcome Johnson

Top Diplomat Flies By Jet To Germany

Vice President To Renew Pledge Of U.S. Support

BERLIN (AP)—West Berliners put out the welcome mat for U.S. Vice President Lyndon B. Johnson, who is flying here for a first-hand look at this crisis-ridden city.

The visit of the Kennedy administration's top envoy to Berlin and Bonn this weekend and word from London diplomats that the United States, Britain and France have agreed in principle to send reinforcements to their 11,000-man garrison here, heartened townspeople dismayed by the Communist blockade.

Mayor Willy Brandt, who told President Kennedy early this week that the West should hit back with political action as well as words against the Red restrictions on East German travel to West Berlin, said he was delighted.

A West German government spokesman in Bonn reported Johnson will be received heartily, adding: "Nothing could serve the cause of Berlin better than for friends of Germany to inform themselves on the spot and get an impression about the situation."

To Explain Policy

With talk of tough reprisals abating, Johnson is to try to explain current policy to the Germans this weekend. He is making the trip by Kennedy's request to offer fresh assurances of American support.

Accompanying him is Gen. Lucius D. Clay, Ret., former U.S. commander in Germany who was the chief architect of the airlift that defeated the 1948-49 Soviet blockade of Berlin.

A Western source said that, across the border, some wives and children of the 400,000 Soviet troops in East Germany are being sent home. The withdrawal, he said, is probably slowly paced to avoid alarm, but is more than ordinary summer vacation travel.

Reds Build Wall

Communists closed a part of the boundary between East and West Berlin with a concrete-block wall five feet high and topped with barbed wire, giving an air of permanence to the barricades that the Big Three Western Allies have called on the Soviet Union to clear away.

The new wall is almost complete in northern and central districts of the 25-mile border, winding from Reineckendorf southeast to Nuekoeln.

Over it peered Communist troops, their rifles sometimes decorated with flowers from girls of the East German youth organization.

The wall was thrown up, evidently to create a no man's land between it and the barbed wire fencing installed Sunday, after *(Cont. on page 2, column 3)*

Cooperation Is Indicated In The Congo

LEOPOLDVILLE, the Congo (AP)—Antoine Gizenga has declared his willingness to cooperate with the Congo's central government, it was reported Friday. He has held confidential discussions with Congo Premier Cyrille Adoula the last two days in Stanleyville.

Calling in Communist and neutralist diplomats who recognize him as legal premier of the Congo, Ginzenga recommended they transfer their recognition to the Adoula government in Leopoldville, which he called "the Congo's only legal government which has just been approved by Parliament."

Reports from Stanleyville did not indicate whether Gizenga will take the post of vice premier offered him in the Adoula Cabinet.

Adoula added a new triumph to his success in Stanleyville Thursday night when he was heralded as a "worthy successor" to the late Premier Patrice Lumumba—a high compliment in the Lumumbist stronghold.

"(Adoula) will follow the route already traced by his predecessor, Patrice Lumumba," declared the president of Oriental Province, Jean Forster Manzikala.

"In our new prime minister we have a man wise and dynamic," Manzikala added. "We are confident that his policy is to safeguard the unity of our land."

U. S. Notifies Castro To Send For Freighter

NORFOLK, Va. (UPI) — The United States gave asylum Friday to a Cuban captain and 10 crewmen who staged a mutiny-in-reverse and took over their Russia-bound merchant ship at gunpoint.

Capt. Jorge Augstin Navarro, 45-year-old skipper of the 3,805-ton motor vessel Bahia de Nipe said he and two of his mates hatched the plan to seek refuge in the U.S. only after the ship was 300 miles east of Bermuda bound for Baltic ports with a load of raw sugar.

By steering a false course the defectors arrived off Norfolk Thursday night and messaged the Coast Guard that they wanted political asylum.

Authorities went aboard the vessel and questioned the crew closely before Navarro was permitted to meet Friday with newsmen.

After granting the defectors asylum, a polite diplomatic note was sent to Cuba telling that nation that it could have back the ship and the 23 crewmen who the defectors locked up before piloting the vessel into Chesapeake Bay.

Navarro, speaking for his colleagues, said he and his two mates had only two pistols when they began rounding up "one-by-one" the crewmen they felt they could not trust.

"They never suspected nothing, Navarro told newsmen at the naval base. "We held them prisoners, dividing them into three groups" according to how dangerous they were regarded. Some were known to be Communists, the skipper said.

"Actually we were only three among 34," Navarro said. "The others did not really make a decision until we were almost to the United States."

Navarro, a graduate of the Cuban Naval Academy at Havana and a veteran of 23 years at sea, said the reason for the defection was simple:

"This was the only way we could get out of Cuba," he said. "Living conditions in Cuba are surpressed to anyone who wants to express freely and live as he believes."

3 Airlines Cut Fares Across U.S.

WASHINGTON (UPI) — Three major airlines put into effect Friday new transcontinental fares that make the cost of a California-New York air trip close to that of train, bus and private automobile travel.

The new fares, approved by the Civil Aeronautics Board (CAB), make it possible for air coach passengers to fly coast-to-coast for a round trip excursion fare of $198 in jets and $178 in piston-engine planes. The regular trip coach fare is $280.

Trans World Airlines started the reduced fares Wednesday and American and United followed suit Friday. They apply to coach flights between Monday noon and Friday noon. They also require the round trip to be completed in not less than 13 days and not more than 30 days.

A TWA spokesman said coach sections on jet flights leaving New York, Philadelphia, Pittsburgh, Los Angeles and San Francisco under the new fares were filled to 91 per cent of capacity — 2,359 available seats and 2,138 of them occupied by paying passengers.

"The response to these new fares is even greater than we had anticipated," TWA vice president Louis P. Marechal said.

Kennedy Orders Combat Group To West Berlin

WASHINGTON (AP) — President Kennedy Friday night ordered a 1,500-man battle group to reinforce the United States garrison in West Berlin. The troops are due to reach the West German capital Sunday.

The White House said the British and French—and presumably the West German — governments had been advised of the decision to send additional troops into beleaguered West Berlin.

Britain and France earlier had been understood to have been considering also an increase in their strength in West Berlin, where the Western Allies' garrison now totals about 11,000 men.

Asked if the U.S. decision signaled a similar move by Britain and France, White House press secretary Pierre Salinger said only: "I can only speak for the American government."

Salinger read this White House announcement: "In view of recent developments, including the movement of East German military forces into East Berlin, the President has directed an appropriate increase in the U.S. garrison in Berlin.

"A battle group of approximately 1,500 men will proceed by way of the Helmstadt-Berlin autobahn, arriving there on Sunday."

Of the 11,000 men now in the Western Allies' garrison, about 5,000 are U.S. troops.

The White House said details on the new troop movement, including the identity of the military unit or units involved and their present location, would be made public by the Defense Department.

Salinger Cancels Talk

WASHINGTON (AP) — White House press secretary Pierre Salinger has canceled a speech before the Maryland Press Association, reportedly because the convention hotel in Ocean City, Md., bars Negroes.

Salinger accepted an invitation to address the association at its Ocean City meeting on Sept. 8.

He confirmed Friday that he had canceled the engagement in a letter to the association last Monday which stated no reason for his action. He declined further comment, but it was learned that he was motivated by what he understood to be the hotel's racial policy.

Ray Hamby, executive secretary of the Maryland Press Association, said in Baltimore that accommodations for Negroes could not be arranged in Ocean City at the Commander Hotel, where the convention is scheduled, or at any other hotel at the seaside resort.

Nixon Is Favorite In California GOP

LOS ANGELES (UPI) — Former Vice President Richard Nixon is the overwhelming choice of top state Republicans to be the GOP gubernatorial candidate in California next year, a poll showed Friday.

In the poll, conducted by state GOP Chairman John Krehbiel, questionnaires were sent to 1,456 ranking Republicans throughout the state. So far, 972 answers have been received.

To the question, "in your opinion who would be the strongest Republican candidate for governor in 1962," 687 Republicans thought Nixon would, Krehbiel said.

Foreign Aid Bill Still In Trouble

Senate-House Disagree On Lending Plan

Heart Of Plan May Be Salvaged In Conference

WASHINGTON (AP)—The Senate passed a foreign aid bill Friday night providing President Kennedy long-range lending and Treasury-borrowing authority. But the House approved a measure stripped of both these provisions.

Kennedy regards these powers as essential to the success of his program of overseas development. Administration leaders will strive to get them for him in the House-Senate conference on the two measures.

There was considerable speculation that the eventual compromise would allow the President three years of lending authority instead of the five years he asked and the Senate approved.

With this might go authority to borrow from the Treasury under the Senate plan, which would provide for congressional veto of any individual loan over $5 million. The over-all loan money probably would depend on the duration of the program with the rate between $1 billion and $1.5 billion annually.

The House bill would limit the program to one year with $1.2 billion for loans to be provided by Congressional appropriation with no Treasury borrowing.

The House bill calls for $4,368,- *(Cont. on page 2, column 2)*

NASA Halts Suborbital Flights

WASHINGTON (UPI) — The National Aeronautics and Space Administration announced Friday it was discontinuing its suborbital Mercury flights and "will now devote its full energies and resources" to putting a U.S. astronaut into orbit.

"Analysis of data obtained during all Redstone-boosted suborbital Project Mercury flights indicates the objectives of that phase of the program have been achieved," NASA said in a statement.

"No further Mercury-Redstone flights are planned," it said. NASA's space task group will now devote its full energies and resources to the orbital phase of Project Mercury and to follow-up flight programs, including Apollo."

Apollo is the program to launch a space capsule carrying three men into orbit around the earth and ultimately to the moon.

"A new evaluation of all pertinent pilot data will be made to select astronaut candidates for orbital flight," NASA said. "All seven will be considered for orbital flight."

Mikoyan Softens Talks In Japan

OSAKA, Japan (UPI) — Soviet First Deputy Premier Anastas Mikoyan, perhaps worried by a burst of angry outcries against his criticism of Japan, Friday stressed peace and trade.

Mikoyan, who is making an eight-day "goodwill" tour of Japan softened his propaganda tactics in Osaka despite the fact that this is where the Communists have their biggest stronghold.

"Let us abandon arms and let us eradicate war," he said. "It is not because we are militarily weak that we are advocating total disarmament."

Tunisians Mass Before French Army Positions

BIZERTE, Tunisia, (AP) — Crowds of Tunisian demonstrators massed Friday night before French military positions and clamored for withdrawal of French troops from this barricaded city.

President Habib Bourguiba warned earlier in the day at Sousse that Tunisian armed forces would fight back if the French tried to interfere with mass demonstrations.

The crowds were kept back by triple rows of barbed wire and the machineguns of French paratroopers pointed in the glare of headlights of French army trucks.

President Bourguiba called for nationwide peaceful demonstrations to make an impression on the special session of the U.N. General Assembly opening Monday to discuss the French-Tunisian conflict. He spoke at a rally in the southern port city of Sousse.

At dusk several hundred Tunisians, grouped around the red and white national flag, marched from the casbah toward the French sector, demanding entry.

Hundreds of combat-ready French marines and paratroopers were deployed throughout the city. Armored cars and tanks were grouped near the outskirts and fire trucks were brought up.

The crowd, mostly young men in blue jeans led by several robed judges of the Bizerte court, roared patriotic slogans and sang the Neo-Destour party song with a refrain "na moutou," which means we shall die.

Firemen Halt Blaze In Big Ocean Liner

SEATTLE (AP) — Firemen quickly controlled a blaze which broke out below decks Friday on the 17,000-ton passenger liner President Roosevelt which is undergoing conversion at a drydock.

All of the 600 men working on the former Leilani were accounted for, although at first some had been feared trapped.

Biggest Bill For Defense Becomes Law

$46 Billion Is Marked To Pay Way For Peace

WASHINGTON (AP) — The White House announced Friday that President Kennedy has signed the biggest military appropriation ever passed in peacetime.

Kennedy approved the $46,662,-556,000 defense bill Thursday night, exactly a week after it cleared Congress.

The President signed a separate measure Friday appropriating funds to step up the space program, including a start toward sending men to the moon.

The military appropriation includes an extra $3.5 billion which Kennedy requested three weeks ago for an emergency buildup of the nation's fighting forces.

It also includes $207.6 million which Kennedy asked for an intensified Civil Defense program in the face of new Communist threats in Berlin and elsewhere.

The bill contains these major allotments for the fiscal year ending next June 30:

Army $11,802,312,000;
Navy $14,505,665,000;
Air Force $18,836,534,000;
Defense secretary $1,310,445,000.

The bill has $265,611,000 more than Kennedy requested, but there is no requirement that the extra money be spent and authority is providing for shifting funds as emergency needs require.

The Civil Defense allotment, carried in the military budget for the first time, includes funds for a start on the construction of fallout shelters in federal buildings around the country as well as for the purchase of emergency supplies and surveys.

The space program funds were part of a bill appropriating $8,996,-285,000 to a score of independent federal agencies. The National Aeronautics and Space Administration receives $1,671,750,000 of the total.

About one-fourth of the NASA allotment was earmarked for expansion of the moon exploration program. That calls for sending a three-man team to the moon and back by 1970.

Red Scientist Tells Why He Left Russia

OTTAWA (UPI) — Brilliant Soviet scientist Mikhail A. Klotchko said Friday he defected to the West because in Russia his human dignity was denied and his peaceful research was suppressed.

"It is the lack of human dignity in the U.S.S.R. which hurts most," the small, greying chemist said.

"I am not after fame and glory. I seek neither. I just want to serve mankind."

Klotchko, a holder of the Stalin prize, ended two days of secret seclusion to tell a jammed news conference why he decided to live out his life in a foreign land.

The 59-year-old scientist said his life's work had not involved military projects but rather "the more peaceful research of pure-science." In Russia, he said, his work was suppressed because he had criticized the Soviet Academy of Sciences.

"I just could not carry out pure research where the scientist is constantly hampered by political considerations," Klotchko said.

Klotchko, who won the Stalin Prize for work in the refining of platinum, had come to Canada last week with eight other Soviet scientists to attend an international scientific conference.

Klotchko has no family in Russia and he said he had no fear of reprisal against himself.

Final Rites Held For Dr. Buchman

ALLENTOWN, Pa. (UPI) —Dr. Frank Buchman, who conceived the "moral re-armament" ideolgy designed to counter worldliness and foster world peace 23 years ago, was buried Friday in peaceful Fairview cemetery beside the graves of his parents and a brother.

Funeral services, attended by notables and dignitaries from around the world, were held in St. John's Lutheran Church where the 83-year-old Buchman had been ordained a minister.

Gigi Couldn't Make Up Her Mind About Wedding

COLUMBIA, S. C. (AP)—An impulsive teen-age socialite who fled from her pending lavish wedding in Miami said here Friday: "I wasn't positive I wanted to go through with it."

Georgine (Gigi) Gorman, 18, willowy debutante who disappeared Tuesday night from Miami, driving her father's $4,500 white sports car, was picked up near here Friday.

"I left to postpone the wedding," she told newsmen. "I was just glad to get away, to think it over and use my own judgment."

Gigi's father, Harold Dale Gorman, a retired trucking executive, chartered a private plane to fly here from Miami.

The jilted bridegroom was Robert M. Oliver III, 20, of Coral Gables.

Gigi, a tall and strikingly pretty blonde, said she just started driving north after the Tuesday night wedding rehearsal. "I stopped the next day, I think it was in Georgia. I had no particular destination in mind."

She said her decision to leave Miami was not due to a conflicting romance. Asked if she still planned to marry Oliver, she replied: "Just maybe, but not at this time."

She left her father a note before leaving Miami. He indicated later that he had some idea of her whereabouts.

Her father obtained a warrant at Miami Thursday charging Gigi with theft of the sports car, a legal move to have law agencies alerted for her.

Housekeeper Tortures, Smothers Two Small Boys

MILWAUKEE, Wis. (AP) — A 24-year-old woman, sitting only a few feet from the neat trim beds where the bodies of two boys were found a short time earlier, sullenly admitted Friday that she had tortured one child with burning matches, then "squeezed them until they were dead."

The woman was Lucille Adams, a fat and dumpy brunette hired by William R. Craig Jr., as a housekeeper after he and his wife separated about three months ago.

Questioned by Deputy Detective Inspector Harold Breier and Dist. Atty. William J. McCauley, the woman said she had trouble with Donald Craig, 4, and his brother, Ronald, 2, Thursday afternoon. She said they threw one of her shoes, a toothbrush and other articles out of a bedroom window.

Breier asked if she had punished the baby by burning his ear, palm and fingertips with matches.

"Maybe I did," Miss Adams said.

"Damn it," Breier said, "you know you did."

"Yes, I did," the woman said.

McCauley said that Miss Adams told him she got the idea of smothering the children after "hearing that story on the radio." He said she apparently referred to a Dubuque, Iowa, baby sitter, involved in similar deaths of three children.

Craig, a night shipping clerk at a wholesale grocery firm, found the bodies of his sons, dressed in undershirts and shorts, lying on their beds when he came home from work about 9 a.m. Friday.

Miss Adams was asleep in another room.

Breier said the woman told him that after Craig went to work Thursday night "she played with the boys and squeezed them until they were dead."

McCauley said he would issue a warrant charging Miss Adams with two counts of first-degree murder.

Compromise Education Bill Awaits JFK Go-Ahead

WASHINGTON (AP) — A compromise aid-to-education bill is waiting in the House Education and Labor Committee for President Kennedy and Speaker Sam Rayburn to approve it.

They aren't expected to get around to it until next week, though, because of their current preoccupation with the foreign aid bill.

Democrats on the committee have given the four-part package $2.6-billion compromise their tentative approval.

Secretary of Welfare Abraham A. Ribicoff, who presented the plan Thursday, termed the outlook "very encouraging." "I am confident that before the gavel falls an excellent educational program will be passed," he said.

The chairman of the committee, Rep. Adam C. Powell, D-N.Y. made the announcement Friday that he would take no formal action on the Ribicoff compromise until he got word that Kennedy and Rayburn back it.

Ribicoff's proposal, which is estimated to cost $2.6 billion instead of the $6.1 billion the administration originally suggested, includes a five-year program of loans and grants for construction of academic facilities at colleges and universities. This is the biggest single outlay of the bill, amounting to $1.5 billion. It would provide for $180 million in grants and $120 million in loans annually.

Polio Cases Show Increase Across Nation

ATLANTA (UPI) — The number of polio cases in the nation increased "notably" last week but still remained under last year's level, the Communicable Disease Center reported Friday.

The U.S. Public Health Service center here said 54 new cases were reported during the week ending Aug. 12 — seven of them from Louisiana and six from New York. Thirty-six of the nation's polio cases were paralytic including three of Louisiana's and three from Frederick County, Md.

Two of Louisiana's paralytic cases and one of the four non-paralytic cases were from New Orleans. The center said three additional paralytic polio cases have occurred in New Orleans and three more suspect cases are being investigated.

The center said a total of nine paralytic cases have been reported in Frederick County this year. Seven of the nine persons had received no polio vaccination, the center said.

The six paralytic cases from New York state are from different counties.

Three new paralytic cases have occurred in the Atlanta area. None had either Salk or Sabin vaccine. A total of 11 cases have occurred in Atlanta.

Will Rogers Jr. Is Acquitted

ENCINITAS, Calif. (AP) — A seven-woman, five-man jury Friday acquitted Will Rogers Jr., son of the late humorist, on charges of lewd and dissolute conduct.

The jury deliberated less than an hour.

Rogers testified he is "an honest, decent and normal human being."

Two sheriff's deputies and a motorist testified the former California congressman was partly unclothed in his car on U.S. Highway 101 near Del Mar, Calif., last Feb. 15.

500,000 for the one-year program, including loans and grants and covering military aid as well as economic.

The Senate measure provides $4,076,500,000 for the over-all program, including $1,187,000,000 for the first year's long-range lending, plus authority for the President to borrow $1.7 billion in each of the next four fiscal years.

The House roll call was 287-140. It was the only record vote the House had in its five days of debate. There were 195 Democrats and 92 Republicans who voted for the measure while 63 Democrats and 77 Republicans opposed it.

The long-range lending and Treasury-borrowing provisions of the House bill were knocked out by a 197-185 teller vote last Wednesday. The House Democratic leaders made no serious effort to reverse this result despite an appeal from President Kennedy. A voice vote upheld the amendment which cut out what the President regards as the heart of his program.

Another voice vote rejected a motion to kill the bill by returning it to committee.

Bi-Party Support

The Senate vote was 66-24 on the measure which it has been debating for nearly three weeks. Forty-six Democrats were joined by 20 Republicans in supporting the bill. Thirteen Democrats, 12 of them from the South, voted with 11 Republicans against the measure.

The President's program sailed past several Senate shoals Friday before being hit by an amendment which clamped a lid on the interest that can be charged by a foreign government relending U.S. aid money for internal programs.

Sen. Ernest Gruening, D-Alaska asked that such interest be not more than five percentage points above the rate charged on the U.S. loan. The administration offered a substitute but this was beaten, 53-37, and the Alaskan's amendment then was approved, 74-16.

Gruening's move was based on reports that interest rates in some Latin-American countries run as high as 10 to 20 per cent whereas U.S. loans to underdeveloped countries presumably will be made at rates of one to three per cent in most instances.

three East German men escaped to West Berlin by gunning a heavy truckthrough the wire.

West Berlin police said Communist guards shot up the truck, but the men were uninjured. A bullet gouged into a wall of a West Berlin house. Western authorities said refugees were still slipping through at a rate of 150 daily.

Chancellor Konrad Adenauer and Brandt, rivals for the chancellorship in a general election Sept. 17, joined in condemning the Communist restrictions before a special session of the West German lower house in Bonn as a violation of human rights.

Adenauer said West Germany will step up its military preparedness within the North Atlantic Treaty Organization, but that military measures will not solve the crisis.

He pledged cooperation with his Western partners in efforts to get East-West talks started. Reliable sources said Western notes probably will go to the Kremlin next week in answer to a Soviet expression Aug. 3 of willingness for negotiations aimed at concluding a German peace treaty.

Youngsters Operating Nation's First Tent Motel To Aid Crippled Children

RICHMOND, Va. (AP) — The walls may be a trifle flimsy and there isn't any pool. But what other motel throws in breakfast with the 15-cent-a-night fee?

And anyway, there's always the telescope for a penny a look and the well-stocked library of the latest comic books.

Put them together and you've got the R.W.G. Motel, a collection of tents which puts the childhood penchant for backyard camping on a paying basis.

The project began unfolding when Tommy Riley, 11, got one tent from his father, a scoutmaster. And it blossomed when Jimmy Gillian, 11, and Mona Wray, 10, pitched in with help and ideas.

"We kept adding on more tents, and first thing we knew it looked like a motel," says Tommy, whose bespectacled face reflects his knack for business. The next step was natural.

"We decided to put it on a paying basis."

And with a promoter's instinct Tommy soon had signs advertising the tent motel sprouting on neighborhood trees — complete with the list of charges:

Regular room, 15 cents a person private room, 18 cents; clock, 2 cents; radio, 3 cents; "Kool Aid," 1 cent a glass; crackers, 5 cents a pack, and peek through the telescope, 1 cent.

And to make the motel even more attractive to prospective pint-sized patrons, a comic book library and breakfast in bed—served by Mona, a pert blonde—were added.

The first three nights the motel pulled in $2.52, all of which will go to the crippled children's hospital here.

None of the neighbors has registered any complaint as yet, but Tommy remarked: "Some of the boys got homesick and went home."

Fall-Out Shelter Interest Up 400 Per Cent In State

By The Associated Press

Maryland Civil Defense officials said Friday requests for information about fall-out shelters had increased in the state by 400 per cent in recent weeks.

Civil Defense offices throughout Maryland reported they are being swamped by telephone inquiries. At CD headquarters in Pikesville, officials said calls were coming in at the rate of 10 an hour, and that two workers there do nothing but answer such calls.

William P. Bolton Sr., Baltimore County Civil Defense director, described the increase in interest as "fantastic."

"Since President Kennedy spoke (about the Berlin situation on July 26), it's a crusade," Bolton said. "Before, we couldn't get anybody to listen to us."

Fletcher S. Joyce, CD director in Anne Arundel County, said his office has had a similar increase in calls since the President's speech.

On the Eastern Shore, the most interest in shelter building seems to be in Sussex County, Del. Paul A. Bruner, CD director for Sussex, said more than 100 shelters of various types had been built there. At Seaford, Del., a dealer in shelters has opened a business on U.S. 13.

Allen W. Bunting, Worcester County Civil Defense director, said towns should build large shelters at public expense, rather than concentrate on individual shelters for single families.

Auto Workers Favor Walkout

DETROIT (UPI) — First tallies from a nationwide strike poll by the United Auto Workers Union showed Friday 95 per cent of the workers approving a walkout.

Early reports from plants in Michigan, Ohio, Indiana and Delaware had workers authorizing a strike by a margin of 5,315 to 264, an average far above the two-thirds necessary to call a walkout.

SRC Asks Bids On Expressway

BALTIMORE (AP) — Bids for construction along a five-mile toll-free section of the new Northeast Expressway to the Delaware line will be advertised in mid-October by the State Roads Commission.

Five contracts worth $7 million will be let for the expressway section. The SRC already has advertised for bids for construction of four bridges on the interchange where the new Northeast Expressway will join the Baltimore Expressway.

The rest of the 43-mile route from White Marsh to the Delaware line will be a toll facility, to be financed by a special bond issue. The total cost of the expressway in Maryland is estimated at $90 million.

FBI Apprehends Escaped Murderer

WASHINGTON (AP) — Albert S. (Bumps) Sutton, a convicted murderer who escaped from a Maryland prison camp last weekend, was arrested by FBI agents in downtown Washington Friday.

Sutton, a one-time Washington gambler, had been jailed since 1936 in connection with the gangland style murder of Alen B. Wilson, a newspaper circulation employe in Takoma Park, Md., two years before.

The FBI said Sutton offered no resistance when agents grabbed him.

Sutton, 62, broke out of the Springfield work camp at Sykesville, Md., Sunday night or early Monday morning. He had been confined there recently after having spent considerable time in the Maryland Penitentiary, where he was committed in May 1936.

About one-half of the more than $1 million cost of the building will be raised by private subscription, with matching funds from the National Institutes of Health expected to provide the remainder.

Film Seeks To Counter East German Red Conformity Pressure Put On Christians

By GEORGE W. CORNELL
Associated Press Religion Writer

You want to be a part of things, don't you? You want to be accepted, to belong. You want to be a regular, normal, successful guy. You don't want to be an oddball, an eccentric. You've got to get in step, son. Adapt, cooperate.

This, in one form or another, is the timeless and universal lure of conformity, and ever since the ancient Roman Empire it has been used intermittently to try to get Christians to abandon their "peculiar ways."

The come-on is heard in many places, in various ways, but it is being applied relentlessly today against the Christian "outsiders" in the East German Communist zone surrounding Berlin.

Listen to this gentle persuasion from a likable, young East Zone teacher, as he counsels the son of a Lutheran pastor: "Your father has every right to his old ideas. I'm sure he thinks that what he has taught you is true. But times are changing.

"When you get out in the world, in this era of the atom and the sputnik, people won't ask, or even care, whether you know the catechisms—or even the 10 Commandments—or the fairy tales of the Bible.

"I see you want to go to music school—then your political background is even more important. Nobody stands outside society, especially not a teacher, an artist."

The subtly unmanning effects, with the underlying implications for any age or place in which mass-organized society overshadows individual conscience, are depicted in a new church-sponsored movie, "Question 7."

Based on factual documentation it is scheduled for nationwide release next month and already has aroused wide acclaim among both Protestant and Catholic leaders, as well as some disturbing self-examination.

It is a tensely realistic account of the modern Christian stance behind the Iron Curtain, where the church remains the only institution to resist Communist demands for conformity.

The story concerns the quietly harrowing pressures on members of an East Zone congregation, whose jobs, reputations and status are jeopardized by their faith.

The crisis focuses on the pastor's gifted, teen-age son, Peter, who wants to enter a music conservatory, but must foreswear his religion to do so. A questionnaire he must fill out puts the crucial decision in "Question 7."

Sponsored by a group of U. S. Lutheran denominations and produced by Louis de Rochemont Associated (which also made the successful "Martin Luther") the movie, filmed in West Germany, has been three years in the making.

It was given a preliminary premiere in six U. S. cities this spring and won two awards at this summer's Berlin Film Festival, including one from the International Catholic Film Office.

Those stirring words of the Twenty-Third Psalm:
He maketh me to lie down in green pastures . . . He leadeth me beside the still waters . . . He restoreth my soul!

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The psalmist must have known the turmoil of life, even though he lived three thousand years ago. At least he had experienced the peace which comes upon a man when he escapes the bustling world and rests in the quiet stillness of nature's scene. And he caught its spiritual meaning!

A man's soul, like his body, needs to be **restored.** Just as sleep and recreation rebuild our physical strength, prayer and worship re-vitalize our spiritual being.

Thoughtfully, our forefathers taught us to spend part of each day in spiritual pursuits. Wisely, they set aside one day of the week for worship.

The Church provides opportunity for Sunday worship, and guidance in every-day devotion to God.

Makeup Magic

Even after all these years, it is still fascinating for me to watch a group of Powers Models applying their makeup. As they sit before the well-lighted mirrors, getting ready to be photographed, or as they walk down the runway of a fashion show, you find that each one has an individual beauty trick that improves . . . or almost changes her original appearance. One model concentrates more on her eyes; another on applying foundation . . . still another, more on her lipstick. Each applies her makeup like an artist — and with such imagination. Each one is individual and wears the cosmetics that suit her best.

They do amazing things with two shades of foundation — light for dramatizing a feature, and dark for diminishing a flaw. Rouge is the other most effective cosmetic in creating an impression of a different facial type. The value and intensity of rouges, like foundations, is a determining factor in giving prominence to one plane over another.

Let's take some specific examples. If you happen to have a round or square or triangle contour of face with heavy jaws, apply the lighter foundation on the frontal planes of the face and the darker shades of foundation over the jawline. Thus the heavy jaw would recede and the other part of the face would be highlighted. This same principle may be used to camouflage prominent foreheads and receding chins; hollow cheeks and oversized noses; short necks and long, thin ones. The round face needs rouge applied on the outer portion of the cheeks and carried up faintly to the temples — not applied in circular areas. While the long, narrow face will look better if it has lighter rouge blended in a circle in the center of the cheek plus the lighter foundation to highlight the entire face.

Sales Tax Helps Drop Welfare Cost

An illustration of the benefits which Allegany County taxpayers receive from allocation of state sales tax monies was given at yesterday's session of the Allegany County Board of Commissioners.

Miss Ethel Wilderman, director of the Allegany County Welfare Board, met with the commissioners yesterday to submit a letter from Thomas J. S. Waxter, director of the State Welfare Department, which shows the county will save $49,867 in welfare expenditures for the current fiscal year.

The letter from Waxter stated that "we have received the form showing the taxable basis and appropriations for the fiscal year which started July 1. The levy request of your department was prepared before the Legislature passed a law limiting local funds to a maximum of 10 cents per $100 assessable property. However, the maximum amount of local funds required is $174,000 which is less than the total of $223,867 as shown on the form."

The county commissioners were asked to submit a new form giving the new and lower figure which will be noted by the state agency in its records.

The state will defray more of the cost of the welfare load by virtue of the 10 cents per $100 limitation and the funds will come from sales tax monies.

Trial In 30s Recalled Here

The escape of Albert S. (Bump) Sutton, 62-year-old man convicted of a gangster-style mistaken identity murder case in Allegany County Circuit Court, was recalled yesterday by veteran attorneys, court attaches and Cumberlanders residing here in the Thirties.

Sutton, along with an accomplice, Albert McDermott, were tried in Cumberland for the slaying of a Washington newspaper route salesman who was mistaken for a Takoma Park bookie and numbers figure.

On May 4, 1936, the trials of Sutton, (the alleged brains of the murder) and McDermott, a Baltimore gangster, were removed here from Montgomery County.

Because of the notoriety of Sutton and his companion, extra guards were placed around the County Jail 24 hours a day during the weeklong trial.

Spotlights shone on the jail at night, and State Police, City Police and Montgomery County Police placed heavy guards on the two men.

Sutton fled last week from the Springfield work camp, a minimum security institution at Sykesville, but was back in custody yesterday.

County Is Given Report On Roads

The quarterly report of the Allegany County Roads Department was submitted to the county commissioners yesterday.

Harry T. Skelly, roads supervisor, appeared before the board with the report.

He lists total expenditures of $110,741.15 with labor costs $53,706.64, material, $37,095.48 and equipment, $19,939.03.

A summary shows administrative costs of $4,473.26, road and bridge repairs, $95,583.90, shops, $9,276.95 and snow and ice removal (in April) of $1,407.04.

Skelly has listed each roadway and street in each district which was repaired during the quarter.

The Lee brothers, of Virginia, Richard Harry Lee and Francis Lightfoot Lee, were the only brothers to sign the Declaration of Independence.

German trains have telephones which can be connected with the German telephone system.

The average United States farm family has a cash income of a little more than $2,500.

Record Number Of Fish Caught By Children

C. Eugene Mason, recreation director, reported that the recent fishing rodeo at the Battie Mixon fishing area at Oldtown set a new catch record of 412.

Last year, the total was 173; 113 in 1959; 275 in 1958 and 137 in 1957.

The record catch included 25 bass, 115 catfish 5 perch, 1 sucker, 75 sunfish, 2 crappy, 145 bluegill 20 golden shiners, 4 carp, 3 chub, 11 turtles, 5 crawfish and 1 frog.

A total of 114 prizes, donated by Cumberland and Oldtown merchants, were awarded to participating children.

Railroads Request Hike In Fare Rates

The Baltimore and Ohio Railroad, together with four other carriers, has applied to the Interstate Commerce Commission for permission to increase its first class passenger fares.

This boost, if granted, would only apply to sleeping car and parlor car accomondations and would not pertain to coach, slumbercoach and Speedliner fares.

The increase proposed by the B&O, the Erie-Lackawanna, the Monon, the Nickel Plate and the Wabash, amount to slightly more than one-half cent a mile.

The present one-way, first class fare 5.21 cents a mile would be boosted to 5.95 cents a mile.

Despite the increase, B&O officials pointed out that its first class passenger fares will be more than 13 per cent lower than those in effect on the major passenger roads in the East.

The B&O, in petition filed with the ICC, the Maryland Public Service Commission and other state regulatory agencies, said that fare hike is being proposed because of heavy deficits in passenger operations.

During 1960, the B&O sustained a passenger service deficit of $18,226,077, which consumed 55 per cent of the company's net income from freight operations.

The new fares, if approved, would become effective October 1.

West Virginia Tax Revenue To Be Higher

Tighter Practices To Aid Collections

CHARLESTON, W. Va. (UPI)—West Virginia tax revenue this fiscal year may be $1.5 million higher than anticipated because of tighter collection practices, Tax Commissioner C. Howard Hardesty said Friday.

He explained that a crack-down on businesses that have been delinquent in turning in consumer sales and gross sales taxes was made possible by strengthening the department's auditing staff.

The last Legislature gave the department a $30.000 budget increase to expand the auditing staffs in the gross sales and consumer sales tax divisions from only three persons to 22 men.

Hardesty told the Charleston Rotary Club that the state will gain eight times that amount through better enforcement. The Legislature had estimated that this might result in capturing about $1 million in overdue taxes, but Hardesty said he believes now the amount will be at least $2.5 million.

The tax chief said this closer check also will serve to prevent big delinquency pile ups in the future. "Word of the findings spreads like wildfire throughout industry and has the effect of preventing future delinquencies, or induces payment of taxes owed," Hardesty said.

"Since June 1, the expanded force has made audit findings on apparent tax delinquencies totaling about $836,000," Hardesty said. He said this includes $663,000 in consumers sales taxes and $173,000 in gross sales taxes.

"This is more in two months than the three-man staff was able to uncover in the entire previous year," Hardesty said. "That's what an adequate number of personnel can do."

He said total delinquencies found this year could be as much as $5 million. "However, the taxpayer has the right to file a petition for a re-assessment, and perhaps might not owe all or any of the tax," he said.

"But, supposing only 50 per cent of the auditors' findings are due and collectible, that still would mean a direct increase in revenue of $2.5 million this year."

Hand Written Old Testament Shown At Fair

One of the booths at the Cumberland Fair this week contains the entire King James version of the Old Testament written in longhand and bound in four large volumes. The booth is sponsored by the Christ Ambassadors of the Trinity Assembly of God Church in Frostburg. Brenda Brain, secretary of the Christ Ambassadors, was in charge of the writing project started last fall. Thirty-six persons participated in the project which took eight months to complete. Miss Brain completed 174 chapters. Miniature Bibles and brochures are being given to persons visiting the booth. Some 7,000 Bibles are expected to be given away during the six-day span. In the picture, Glenn Walker, 6, and Mary Ann Walker, 4, children of Mr. and Mrs. Edward Walker of Pinto, are looking at the booth, which is being manned by Miss Rebecca Robertson, left, and Mrs. Nellie Lyons.

Midland VHF Television Is Successful

Sponsors Plan Second Channel

MIDLAND — A VHF television transmitter, bringing in channel 7, WMAL, Washington, is operating so successfully here, that sponsors are planning to raise funds for the addition of another channel as soon as possible, Mayor Lionel D. Baker said last night.

Several months ago a corporation of interested citizens was formed to sponsor and promote the enterprise. Since Midland, because of its location, surrounded by hills and mountains, was a deep-fringe and blackout area so far as television reception is concerned, the project had the endorsement of the mayor and town council.

The corporation, known as MGW Television Company, Inc., has as its officers, William Kroll, president; John Yeager, vice president; J. Edwin Winters, secretary and John J. Devlin, treasurer. All serve without salary or remuneration.

Residents were asked to contribute $25 each for the initial installation and some 150 subscribers are participating. Those who have not paid their full subscriptions are to be contacted so that funds will be available for an additional channnel. All present equipment, sponsors say is paid for, however there is a slight cost for upkeep, such as tube replacement etc., which may cost users between one and two dollars per family per year.

Reception is possible in all parts of Midland and Gilmore and in the higher spots of Lonaconing, Mayor Baker explained, in discussing the civic project. "We are all very pleased with the results of the civic-minded cooperative effort".

The Federal Communications Commission has licensed the corporation to operate the transmitter, and additional channels may be added by application. An engineer from the firm which manufactures the equipment is expected shortly to make a final inspection and recommend what is needed for additional channels.

Moose Leader Defends W. Va. In Address

Pittsburgh Man Says State Maligned

CHARLESTON, W. Va. (UPI)—An out-of-stater spoke up like an indignant Mountaineer Friday in defense of West Virginia.

"It burns me up to keep reading about the evils to which West Virginia reportedly has fallen heir," he said. "The people of this good state can match any group anywhere."

The speaker was J. Jack Stoehr, Pittsburgh, regional director of the Loyal Order of Moose.

Addressing a session of the West Virginia Moose Association, he said West Virginia has been and is being unjustly maligned by stories, both published and broadcast, about its depressed economic condition.

The Moose heard a brief welcoming address by Gov. W. W. Barron in which he urged them to continue to take a major hand in humanitarian and community development projects.

The convention winds up Saturday, with H. R. Parrish assured of being elected president to succeed Philip Graziani, Elkins. Parrish is unopposed. The 1962 convention probably will be set for Fairmont.

Anthony DeFazio will be installed as deputy supreme governor of the order for northern West Virginia and Melvin Treolo, Logan, for the south.

Where Will The Showdown Come?

New Kremlin moves in East Germany are flagrant violations of four-power agreements. They are tacit confession of the failure of Communism to win popular support in East Germany. But the West will not intervene.

All this is, however, a bad augury for the future. This is almost certainly the first move in a series of steps, each going a little farther, each daring the West to resist.

This follows the totalitarian tactics made familiar by Hitler—achieve your ends by small steps, no one of which seems worth a war to resist, though the sum total might have seemed worth fighting against.

The real showdown will come when the Communists — either the Russians or the East Germans — try to close the access routes from West Germany to Berlin. In 1948 this was done, and the Allied airlift was the ingenious answer which broke the blockade and enabled both sides to avoid war.

It is doubtful whether another airlift would work in 1961. The Russians would hardly be preparing another attempt to isolate Berlin unless they meant to go further this time.

Will this mean world war? Russia intends to turn control of access to West Berlin over to East Germany, which of course she cannot do unilaterally without violating her solemn agreements. This implies that initial clashes could come between Allied and native troops, as in Korea, with the Russians remaining on the sidelines.

But such a prospect is offset by the fact that Khrushchev has repeatedly threatened retaliation if the West lays a hand on East German troops blocking its access to Berlin.

These Days

By George E. Sokolsky

Partisanship

In the days of Joe McCarthy, those who saw any justice in his effort were accused of improper partisanship. Those who became wildly irate over a kind or humane reference to McCarthy did not recognize that they were almost psychopathically partisan themselves. They failed to recognize that McCarthy had uncovered a Soviet procedure which was then being employed in every country. Today the procedures are different and there is no McCarthy to deal with them; actually, we are just beginning to uncover what McCarthy did not know existed.

Most of those who supported McCarthy have been silenced into sullen inactivity. The man is dead but the opposition need only shout "McCarthyism!" and men rush to the bomb-shelters. One of the most tricky ways of suppression of the truth is the libel suit for large sums.

During much of the Eisenhower Administration, partisanship ceased to be startling. Eisenhower succeeded in establishing a posture which made opposition to him too personal, too non-political. Perhaps the essential reason for this was not Eisenhower's charming personality but rather his inactivity. It became increasingly difficult to discuss political questions without appearing to dislike Eisenhower as a negative personality—the kind of man one just likes for no particular reason.

Political discussion during the Eisenhower Administration was reduced almost to banality. The Republicans were led into the absurd position of being a secondary party while they had a President in office. Were it not for Lyndon Johnson, the Eisenhower Administration might have found itself totally unable to proceed with its legislative necessities.

Now, a curious attitude has appeared. One is regarded as excessively partisan who believes that President Kennedy is President of the United States and that the problems which now face the American people are serious and not contrived to give the impression that President Kennedy is scaring the American people into supporting him.

For instance, the Cuban situation is not a Kennedy contrivance. He found it when he became President, just as he inherited the Berlin problem from Yalta and Potsdam; that is, from Roosevelt and Truman. Any President is entitled to at least 100 days before we jump all over him. When the 100 days were over, the United States was faced with the peril of war. Khrushchev assumed that Kennedy was young, inexpert and that he could not hold the respect of the American people. Therefore, he began to push him around even before, under our system, the President accustomed himself to his office. And it was a tough pushing around that Khrushchev has given Kennedy who had to make an instant decision regarding war or peace.

The opponents of Kennedy rejoiced. But their rejoicing is ridiculous, because when a President of the United States is being pushed around, it is the United States that is being hit at and humiliated. After Vienna, it was impossible not to stand by the President, recognizing that we are as close to war as we have been since Pearl Harbor. The only way to keep Khrushchev at arm's length is to show him a solidarity among the American people which he does not believe exists and which he cannot understand any more than the Kaiser or Hitler understood it.

If the President wants such support from the people, he must not be more partisan than he wants his adversaries to be. If we are to operate the two-party system with all its operational antagonisms, then the President must expect the kind of juvenile antagonism which says that anyone named Kennedy cannot be right. If, on the other hand, the President recognizes, as Woodrow Wilson did, that in time of war there are no partisans, there are only Americans, and he is their leader, he will find a fuller support than he imagines possible or than Khrushchev imagines possible.

Because Joe Kennedy, the President's father is an exceptionally rich man, the assumption is that if a Republican speaks well of his President, he must have been corrupted by Joe. I have known Joe Kennedy for at least 20 years and I have not yet been corrupted by him nor has he offered to corrupt me. Those who are corruptible are usually not worth the pay just as the bigot's opposition, at a time like this, can be ignored as unworthy of a civilized people. We need not sacrifice our right of choice, but we do need to be sensible.

West Must Not Fail Oppressed East Germans

By David Lawrence

IN EUROPE — Anxiety and apprehension over the Berlin problem seem more pronounced in America, judging by press reports, than here in Europe.

Maybe they're accustomed over here to the behavior of dictators and the the bluffing tactics that surround an artificially created crisis. But in a period of economic prosperity, the natural tendency also is to indulge in some wishful thinking and to hope the storm clouds will blow over.

The governments themselves, however, are worried. Foreign ministers and ambassadors in all the capitals are busy talking a lot to each other, and the telephone lines are crowded with official business.

But notwithstanding all the news articles about "time-tables" and "contingency planning" in the official conferences, there seems to be as yet a lack of coordinated policy among the Western powers. It's a sort of wait-and-see kind of approach. It isn't even clear just what is the issue on which the West will risk everything, including war.

For several weeks now the United States has endeavored to impress upon Nikita Khrushchev that there is a point beyond which we will not hesitate to fight for our "rights." But, at the same time, this has been coupled with a well-publicized determination to seek "negotiations."

Legal rights of access to Berlin have become entangled, therefore, in all sorts of abstract issues. The Soviet Premier may think he can rely on the strategy of confusion to attain his objectives while the Western Allies debate among themselves what "concessions" to make.

Broadly speaking, what is absent is a spirit of idealism and a willingness to fight, if necessary, for those ideals. There seems to be no compass to steer by — no principle that has been given paramountcy. Instead, the word goes out, for instance, that the Western Allies are so afraid of possible revolutions in East Germany that the peoples there have been asked through official American radio broadcasts to keep calm and avoid any disturbances which could lead to the use of force. Observers in West Germany, moreover, are dismayed by an editorial in the New York Times which was carried on the press association wires to European newspapers on Wednesday, and which reads in part as follows:

"While the Soviets seek to stir up revolution and war against us wherever they can — even to the perfidy of the Hitler-Stalin Pact—we must seek to discourage anti-Communist revolts in order to avert bloodshed and war. We must, under our own principles, live with evil even if by doing so we help to stabilize tottering Communist regimes, as in East Germany, and perhaps even expose citadels of freedom, like West Berlin, to slow death by strangulation."

This is but another way of saying that the United States must avoid encouragement of a revolutionary spirit inside the Communist-dominated countries for fear of distasteful complications. It implies that the West is really afraid to use the most powerful weapon that can be mobilized at present — the public opinion of the afflicted countries whose citizens look to the United States for inspiration at least, if not direct military help.

The Western powers keep haggling among themselves about legal rights in Berlin when the basic issue is the continued enslavement of 16,000,000 human beings in East Germany. There is nowadays a lot in the press about the need for self-determination of half-civilized peoples in Africa, but there seems to be a temerity about proclaiming such a goal for the civilized peoples of Eastern Europe. Already resentment is rising in West Germany, whose people are beginning to feel they are being forsaken by the West.

The true issue is whether the West is going to adopt an attitude of craven acquiescence which will help the Soviet Union "stabilize tottering Communist regimes," and whether the peoples of East Germany and of the other countries behind the Iron Curtain are to be condemned to "slow death by strangulation."

It seems tragic that, at a time when President Kennedy has been speaking some brave and courageous words, there should arise hints from some administration officials in Washington — also reported in the press of Europe — urging the East Germans to be careful not to offend their Communists masters.

Revolutions are unpredictable, and so are their originating causes. But they come about spontaneously when whole nations become desperate and rise up against their tyrannical rulers. Then even foreign armies sometimes refuse to shoot down the revolutionaries and, instead, join the revolt

Above all else, it is risky for the West to appear to cringe before the Communists and to be giving the world the impression that it is afraid to speak up for basic ideals lest captive peoples derive there-from some hope of liberation. America has rarely failed in the past forthrightly to speak its words of encouragement to peoples anywhere in the world who may be struggling for freedom.

Inside Washington

By Henry Cathcart

APPROPRIATE — Unsupported temporary walls covering a new elevator shaft in the Senate collapsed recently, falling on the chaplain of the Senate, the Rev. Frederick Brown Harris.

The Reverend Harris is back at his work now, but still visibly convalescing from the painful cuts and bruises he received. Through the years, he has gained a modest measure of fame for his ability to attune his daily prayer opening the Senate session with some event of current concern.

However, on the day the wall collapsed, he had no particular theme for his prayer. He made a passing reference to "these historic walls," and commented that "there is a heavenly power to lift us up which is stronger than all the earthly gravitation that pulls us down."

Harris then left the chamber to fall victim to the collapsing wall. His prayer has now been added to Senate lore as one of the most timely and topical he has ever made.

SHORT SHORT — A constituent of Rep. Charles S. Joelson, New Jersey Democrat, wrote: "Dear Congressman: Since you are a member of the Committee on Education and Labor, I would appreciate knowing your opinion on this subject."

Joelson replied: "Dear Sir: I am in favor."

Joelson thinks he's established the record for the shortest exchange of correspondence in Capitol Hill history. His only concern is that he hasn't satisfied his voter because, in retrospect, he didn't know whether the letter writer wanted his opinion on education or labor.

However, the Congressman isn't completely unhappy. He's "in favor" of both.

'Hydrophobia Skunks' Were Frontier Hazard

By Dr. Theodore R. Van Dellen

Dry Gulch Jake, writing in a recent issue of Arizona Medicine, quotes the following story on skunk hydrophobia as it appeared in the Prescott, Ariz., Miner Journal in 1908:

"In the throes of unutterable agonies, J. W. Scantlin, the trapper who Saturday was brought to the county hospital—a victim of hydrophobia—died at midnight Sunday. A month and 10 days passed after the skunk bite before the victim noted anything wrong. Three days later he was a corpse."

Skunk hydrophobia was so common in the southwest, cowpokes regarded their skunks as somewhat different from others, and called them "hydrophobia skunks." Authorities came from far and near to study the exact species and a government agent (a professor, no less) reported that seven persons had died in the Arizona frontier during a six week period.

Those who knew skunks had to admit the species was separate and distinct from others because these animals usually are timid and nocturnal in their habits. The hydrophobic skunk faded away gradually and nowadays the stinker joins dogs, coyotes, foxes, ground squirrels, bats, and wolves as the principal animal reservoirs for rabies.

Dry Gulch Jake says hydrophobia skunks were so real to the Arizona cowhand, a local tent and awning company sold special skunk boats for protection while sleeping in the desert. They were made of heavy canvas and opened up into a fence 6 by 3 feet and 2 feet high.

The cowhand carried this boat in his bed roll. At night, he opened it up and staked it out with a stick at each corner. He wasn't afraid of rattlers but to be bitten by a hydrophobia skunk — man, that would be fatal. Now the skunk boat has joined the prairie schooner in limbo.

MEASLES

J. S. M. writes: Do a large number of women who develop German measles during early pregnancy give birth to defective children?

REPLY

Yes—up to 85 per cent — when German measles occurs during the first three months of pregnancy. The child may be born with a defect of the heart, ears, or eyes.

EXERCISE AFTER OPERATION

M. R. writes: Is walking up and down stairs dangerous after a ruptured disk operation?

REPLY

Not as a rule, but the question should be answered by the surgeon who did the operation, as he knows what was done and whether climbing stairs or the jarring from walking would not be advisable.

PULSE RISE

A. D. writes: Is it normal for the pulse to go up after smoking a cigaret?

REPLY

Yes, if the person is sensitive to tobacco. There are many unavoidable situations such as exertion, digestion, and emotional upsets that increase the pulse rate. Why add smoking to the list?

VISION AND READING

J. F. writes: Can a person read a great deal without harming the eyes?

REPLY

Yes. Normal eyes may become fatigued or straightened but these manifestations disapper with rest.

INELASTIC FINGERS

F. B. writes: Do stiff, numb fingers indicate arthritis?

REPLY

Not always. Cold and overwork may make fingers stiff and numb.

DEPRESSED FRACTURE

P. T. writes: What is a depressed skull fracture?

REPLY

The skull bone not only is fractured but dented, as a result of an injury.

To the limit of space questions pertaining to the prevention of disease will be answered Personal replies will be made when return stamped envelope is enclosed Telephone inquiries not accepted Dr Van Dellen will not make diagnoses or prescribe for individual diseases.

Try And Stop Me

By Bennett Cerf

A man who had been very poor all his life made a fortune overnight on some electronic stock and began living it up in great style. One of his greatest joys consisted in inviting old cronies up to inspect his sumptuous new estate. "Come see the grounds," he urged one of them, "I want to show you my three swimming pools."

"Three swimming pools!" echoed the friend, "Isn't that the least bit excessive?"

"Not at all," the host assured him, "One has cold water, one has hot water, and one has no water at all."

"One with cold water I can understand," conceded the guest. "I can even see a reason for one with hot water But what's the idea of a swimming pool with no water at all?"

The host shook his head sadly,

"You'd be surprised, Sam," he confided, "how many of my don't know how to swim."

"The girl who knows all the answers," opines Marya Mannes, "has very often misunderstood the questions."

Capitalist Countries Have Things Reds Hope To Have In 20 Years

By Drew Pearson

(Editor's Note—Drew Pearson's column today takes the form of a letter written from Stockholm, Sweden, ao his eldest grandson, Drew Arnold.)

Stockholm, Sweden
August 13, 1961

Dear Drew,

You probably have heard of the statement made by Premier Khrushchev of Russia that my grandchildren, and other peoples' grandchildren will live under Communism. His statement is an important one which could affect all the boys and girls of America and I am on my way to Russia to report on whether it is likely to come true.

On my way, I stopped in two countries which lie very close to Russia. They are Norway and Sweden, and I figured that if any countries were likely to go Communist, these little nations which live under the very shadow of the Soviet system would be the most likely.

If you will get out your map you will see what I mean. You also will remember from studying history that the peoples of these two countries have been very adventurous and that one of them, Leif Ericson, in the early days even before Columbus, actually landed in what is now North America.

I have been traveling all through Norway. It is rugged and mountainous, full of beautiful lakes and deep, narrow harbors, and the people are honest, industrious, and friendly. Because their country is so rocky, they have taken to the seas and developed a great shipping and fishing industry. Together with the Swedes, many have also come to America, and some of our fine public servants, like Chief Justice Magnuson of Washington, and Judge Luther Youngdahl of Minnesota, came — through their ancestors — from these countries.

How To Defeat Communism

But despite the poverty and roughness of this area, the Norwegian and Swedish governments are among the most stable in Europe. They are in no danger of going Communist. Both have labor governments and have had them for 28 years.

Some people, like the John Birch Society members and Rev. Billy Hargis of Oklahoma, would claim these governments were Communistic because they're adopted generous pensions for old people and a medical health program for everyone. But what people vote for they have a right to. That's a principle of democracy which is opposed to Commusic — the right to vote and decide for yourself.

If you look over the map of Europe, or travel over Europe as I have done, you will find that no European country has become Communist — unless it has been taken by force of arms. The countries around Russia which are generally called satellite countries did not become Communist by voting. They were occupied by Russian troops. Only then did they become Communist. Others, alongside them, with the right to vote, did not.

However, in order to prevent Communism you have to meet and defeat the problems that cause Communism. That's what these little countries of Norway and Sweden have done. So has Finland, which is located even closer to Russia but which is also non-Communist.

Under The Czar

Your great-grandfather, Count Josef Gizycki, once was a member of Czar's cavalry at a time when the Czars ruled Russia with an iron hand. That Czarist system was what really caused Communism. Your great-grandmother, an American girl who moved from Chicago to live in Russia, used to tell me how shocked she was when she saw the peasants horsewhipped and punched in the face by the overseers on your great-grandfather's farm. This was only 50 years ago, which is very short in the history of nations.

It was this system of treating human beings that really caused Communism. When you don't treat people right, they revolt.

And the people of Norway and Sweden have worked very quietly and efficiently to bring about better living, better health, better schools and hospitals, so that they don't even have strikes in these countries. I suppose this is because labor unions don't like to strike against a labor government, and also because they get such a good deal in pension and health benefits.

At any rate, when I read over Khrushchev's twenty-year goals for the Russian people I noticed that most of these benefits had already been won by the Swedes and Norwegians and in large part also by the American people.

So, instead of trying to have you live under Communism, it looks as if Khrushchev is trying to win some of the benefits of capitalism. This is a real compliment to us. And as long as he doesn't use force of arms to win them we can't quarrel with him for trying; because the heart of the capitalist system is competition.

However, I shall be in Russia soon and will write you what I find out.

Lots of Love,
Your Grandfather

Anguish In Britain

By John Crosby

LONDON

One of the most cutting and concise descriptions of modern architecture I've read was Ian Fleming's assessment of Corbusier's Hansa Settlement in West Berlin written for the "Sunday Times" of London.

"The new face is the new face we are all coming to know—the upended packet-of-fags design for the maximum number of people to live in the minimum amount of space.

"The system treats the human being as a six-foot cube of flesh and breathing space and fits him with exquisite economy into steel and concrete shells. He is allotted about three times the size of his cube for his bed sitter (bedroom-livingroom), once his cube for his bathroom, and once for his kitchen. So that he won't hate this cellular existence too much, he is well-warmed and lighted, and he is provided with a chute in the wall through which he can dispose of the muck of his life—cartons, newspapers, love letters, and gin bottles, the last chaotic remains of his architecturally undesirable non-cube life. These untidy bits of him are consumed by some great iron stomach in the basement.

"Having taken a quick and shuddering look at Corbusier's flattened human ants' nest in Marseilles some years ago, and having visited his recent architectural exhibit in England, I had already decided that he and I did not see eye to eye in architectural matters, and I am glad to learn that the Berliners, however anxious to clamber out of their ruins into a new home, are inclined to agree with me. When they heard of his new plan, they christened him the Devil with Thick Spectacles; and his 2,000-person apartment house—if it can be so called—is still ungratefully known as 'The Living Machine.'"

These upended packet-of-fags apartment houses are all over the world now — Paris, Berlin, New York, Los Angeles, Tel Aviv, Buenos Aires, I suppose even Tokyo, though I've not been there. The glaring single feature of each of these anthills is the balcony. There is no space for humans to put their feet on the ground, so everyone is allotted a balcony to look at the stars. But no one ever sits on these balconies.

I have searched these balconies in Madrid, Paris, Berlin, Caracas, and Fifth Avenue. I've never seen a soul. The world is loaded with unoccupied balconies, thousands of miles of empty balconies, a sort of vast unsung revolt against these damned "Living Machines."

The alternative to the "Living Machine" in an overcrowded city is Britain's New Towns, one of the great social experiments of all time. Britain's fifteen New Towns are built almost from scratch (around the kernel of an existing small town) with their own industries, residential neighborhoods, schools, shopping centers (some of which are getting uncomfortably popular with the surrounding countryside which they weren't designed to serve). The key to the New Towns is employment. These are not meant to be suburbs, with the man of the house commuting to London. A man lives and works in the same town.

Britain's fifteen New Towns, now nearing completion, are, of course, a planner's paradise and again you run into the eternal struggle between planner and the cussedness of the individual. Wyndham Thomas, director of Britain's Town and Country Planning Association, which has done much of the brain work behind the New Towns and the green belt, told me there had been psychiatric problems, especially among women, in moving to the gleaming new garden cities which are to my eye a little too clean and neat and—well—TOO planned. There has been a terrible struggle against monotony but it has not always been successful. But the squares and open spaces and meadowlands are lovely.

When an industry decides to move to a New Town, about 70 per cent of its employes decide to go along, thirty per cent don't want to move from wherever they are. The proportion of young families in New Towns is considerably higher than in the older communities and the healthy and the unmistakably happy appearance of children is a difficult argument for the non-planners to surmount.

Still, not everyone is in love with the New Towns. Quite a fuss was kicked up in the press by a book called "Family and Kinship in East London," which said that few people wish to leave London's dirty, overcrowded, but colorful East End. "They are attached to Mum and Dad, to the markets, to the pubs and settlements, to the club rooms and the London Hospital." The separation of Mum from her young married daughter who has been transplanted to a New Town has caused anguish in Mum-loving Britain.

The planners have retorted to this that the social life of the slums is not a precious flower to be inflicted on the children and their children forevermore. The emotional disturbances, says Wyndham Thomas, are temporary, the first three years being the difficult ones. Anyhow the argument is academic. John Smith may like Bethnal Green just as it is, but, with the population explosion, it's not going to stay as it is. Life in a tall block of cells at 120 persons to the acre in 1960 is hardly going to resemble life in a street of two-story houses built in 1860.

As between the Living Machines and the new garden cities, there is no comparison.

State Collects $25.4 Million

ANNAPOLIS (AP) — Comptroller Louis L. Goldstein Friday announced the state collected $25.4 million from its major tax sources during the month of July.

Goldstein said the total of $25,399,676 represented a 16.9 per cent over collections for the same month a year ago.

The largest increase was noted in collections of $7,329,319 from the individual income tax, 28.8 per cent of $1.6 million over July last year. Goldstein said the variation in the figures was only of a temporary nature.

He explained that the Income Tax Division is in the middle of the processing period for employer withholding returns for the April-June quarter and a better picture can be obtained at the end of August when this processing is completed.

The first returns from the recent increase in the sales tax showed collections of $7,275,936, up $730,140 over a year ago. The recent legislature lowered the sales tax base from 51 to 25 cents and applied it to restaurant meals over $1.

Another tax increase, the jump from three to six cents in the state cigarette tax, accounted for a whopping 87.8 per cent rise in tobacco tax collections. The comptroller's report showed collections from this source were $2,497,715, up $1,167,600 from totals for July 1960.

Cumberland Contracting Company crews are seen putting the finishing touches on the blacktopping of the Franklin Street widening project. Ann Landers . . .

Answers Your Problems

DEAR ANN LANDERS: Our eight-year-old son is gentle and kind. He has a sweet disposition and gets along well with everyone. Every night when we sit down to dinner his father says, "Well, son, have you had a fight yet?"

The boy always lowers his eyes and meekly replies, "No." His father has suggested in many ways that it is manly to fight, and if a boy does not have a few fist fights he is either cowardly or other people are pushing him around. I deplore this notion, but he says women don't understand these things and that if it were up to me the boy would be a cream-puff.

Please discuss this in your column. If I am the one who needs straightening around I will gladly change my ideas. — A MOTHER

DEAR MOTHER: It is normal for boys to fight now and then but a boy who does not fight is not abnormal, nor is he cowardly.

Your husband sounds like a bully who found satisfaction in beating up on others. He can't understand how a boy can get along without the crutch that he found so useful. He should be grateful that his son is better adjusted, more secure, and more mature than he was.

DEAR ANN: My best girl friend lives in the same block. Her father is a respected member of the community. Our parents have been friends for many years.

This summer I went on a trip, 250 miles away, to visit relatives. They gave a small dinner for me at the downtown hotel. As I glanced around the dining room I pretended not to see him but I'm sure he saw me.

Since returning home I've been wondering about this. Louise casually mentioned that her dad had been to the same city "to get his teeth fixed."

I keep telling myself the woman was a relative or a business acquaintance but I must admit it didn't look that way. I wouldn't mention this to Louise, but shall I tell my mother? — BIG EYES

DEAR BIG EYES: Why? Merely mentioning it suggests that you think the worst, and you have no evidence whatsoever because you have no idea who the woman was.

Loose talk can cause immense damage and heartache. Remember that big people talk about ideas. Medium-size people talk about things. Small people talk about people.

Are your parents too strict? You can benefit from the experiences of thousands of teen-agers if you write for ANN LANDERS' booklet, "How To Live With Your Parents," enclosing with your request 20 cents in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Cleveland Halts Yankees, 5-1; Baltimore Defeats Senators, 3-2

Grant Holds Bombers To Three Hits

Mantle And Maris Fail To Connect As Mudcat Wins 12th

CLEVELAND (AP)—Jim Grant held the New York Yankees to three hits in pitching the Cleveland Indians to a 5-1 victory in the opener of a four-game series Friday night.

Bubba Phillips drove in two runs with his 18th homer of the season and Woodie Held sent two more runners home with a triple to back up Grant, who went the distance in picking up his 12th victory in 18 decisions.

The 26-year-old right-hander retired the first 14 batters he faced before the Yankees got their first hit, a home run by Elston Howard. The only other hits off Grant were a ground rule double by Bud Daley which bounced into the right field stands in the sixth inning and a single by Tony Kubek in the ninth.

Yankee slugger Roger Maris and Mickey Mantle, who are hitting homers at a pace exceeding that of Babe Ruth when he set the all-time record of 60 in 1927, failed to add to their totals of 48 and 45, respectively.

Jim Piersall backed up against the fence in right center field near the 380-foot mark to make a leaping catch of Mantle's line drive in the fifth inning.

The Indians got all their runs off starter Jim Coates (9-4), who gave up five hits in the 2 2-3 innings he worked. Daley and Al Downing followed him to the mound.

Phillies Drop 21st Straight

Break Modern Mark, Lose To Braves, 4-1

By RAY W. DOHERTY

MILWAUKEE (UPI)—The Philadelphia Phillies broke the modern major league record for consecutive losses Friday night when they lost their 21st in a row, 4-1, to the Milwaukee Braves and Lew Burdette, who allowed only six hits in winning his 15th game this year.

The major league record had been 20 in a row, set by the Boston Red Sox in 1906 and tied by the Philadelphia Athletics in 1916 and 1943. The all - time major league record is 24, by Cleveland in 1899 while a member of the National League.

It was Milwaukee's eighth win in a row, its best streak in two seasons.

Hank Aaron batted in two runs with a single in the first inning and Burdette took it from there to give the Phillies their inglorious spot in the record books. Five of their hits were singles, and except for Don Demeter's 11th homer in the seventh, the Phils had only three other scoring chances, and they were meager ones.

It was Burdette's 11th win in his last 13 decisions and seventh complete game in his last 13 starts. He didn't walk a man, running his string to only five free passes in the last 104 2-3 innings.

Burdette drove in the Braves' third run with a double in the second, following a single by Roy McMillan and Lee Maye wound it up for Milwaukee with his 13th homer of the year in the fourth.

The Philadelphia losing streak started on July 29. Their last win was 4-3 over the San Francisco Giants in the second game of a doubleheader July 28. They were eliminated from the pennant race Thursday.

CINCINNATI (UPI) — Ken Johnson, a 28-year - old Kansas City castoff, pitched the league-leading Cincinnati Reds to their fifth straight victory Friday night by beating the St. Louis Cardinals 6-3.

U.S. Swimmers Hang Up Three World Records

Stickles, Tremewan, Clark Lower Marks

By ALEX KAHN

LOS ANGELES (UPI)—American swim stars set two world records — in the 100-meter freestyle and 400-meter individual medley—and one new U.S. mark in the 1,500-meter freestyle in the first day's competition of the men's outdoor national swimming championships.

Rose Is Scratched

Neither Australia's Murry Rose, who was scratched from the 1,500 by illness, nor Japan's Tsyoshi Yamanaka, a distant sixth, was among top finishers Friday.

Ted Stickles, of the Indianapolis Athletic Club who held the pending world record of 4:56.8, broke his own mark in the 400-meter medley with a four body-length win in 4:55.6. His teammate, Cary Tremewan, bettered the existing world's mark in the event in 5:01.5.

Clark Beats Lyons

Steve Clark, 18-year-old Santa Clara, Calif., Swim Club performer, set the other world record of :54.4 in the 100-meter free-style in which he beat David Lyons of Winnetka, Ill., by about a half-body length. The American record in the 1,500 meter freestyle of 17:29.8 was set by Roy Saari of El Segundo, Calif.

The 400-meter individual medley consists of the butterfly, backstrong, breaststroke and freestyle, in that order. Stickles took the lead as he completed the breaststroke and opened up a two-body length advantage of the first lap of the freestyle.

Clark bested the four-year-old world mark in the 100 by two-tenths of a second.

PROVES NOTHING—An engineer in New York (left) uses an explosive-driven ram to test baseballs of today and yesterday in an effort to determine whether all those home runs are due to a livelier ball. The result was that "the test proved interesting but not conclusive." At the right (top) baseballs from 1936 (left) and 1961 looked like this in lab bottles. In the cutaway ball below are the ingredients which go into making one. Included are a cork center, layers of black and red rubber, white wool, 53 yards of fine gray wool and 150 yards of white cotton, rubber cement and the white horsehide cover.

the Cas Taylors

Just for speculation, mind you! We wonder at the wisdom of expanding baseball's major leagues from eight to ten teams each. We wonder if a move in the opposite direction might not, perhaps, have been the better for baseball as a whole.

For example, the American League jumped to ten teams this season. What happens . . . one of the already weak links in the league immediately plummeted from eighth to tenth place.

Now, the National League is planning expansion for next season. Would it be better to go with just six teams (six in each league could play an intra-league schedule) . . . teams that could and would best utilize the available talent? In the National League quite obviously the Cubs and Phillies just don't belong.

We're not suggesting, mind you, just speculating. Why not drop in at The Cas Taylor's, corner of N. Mechanic and Valley Streets and speculate with us?

State Collects $25.4 Million

ANNAPOLIS (AP) — Comptroller Louis L. Goldstein Friday announced the state collected $25.4 million from its major tax sources during the month of July.

Goldstein said the total of $25,399,676 represented a 16.9 per cent over collections for the same month a year ago.

The largest increase was noted in collections of $7,329,319 from the individual income tax, 28.8 per cent of $1.6 million over July last year. Goldstein said the variation in the figures was only of a temporary nature.

He explained that the Income Tax Division is in the middle of the processing period for employer withholding returns for the April-June quarter and a better picture can be obtained at the end of August when this processing is completed.

The first returns from the recent increase in the sales tax showed collections of $7,275,936, up $730,140 over a year ago. The recent legislature lowered the sales tax base from 51 to 25 cents and applied it to restaurant meals over $1.

Another tax increase, the jump from three to six cents in the state cigarette tax, accounted for a whopping 87.8 per cent rise in tobacco tax collections. The comptroller's report showed collections from this source were $2,497,715, up $1,167,600 from totals for July 1960.

Ann Landers . . .

Answers Your Problems

DEAR ANN LANDERS: Our eight-year-old son is gentle and kind. He has a sweet disposition and gets along well with everyone. Every night when we sit down to dinner his father says, "Well, son, have you had a fight yet?"

The boy always lowers his eyes and meekly replies, "No." His father has suggested in many ways that it is manly to fight, and if a boy does not have a few fist fights he is either cowardly or other people are pushing him around. I deplore this notion, but he says women don't understand these things and that if it were up to me the boy would be a cream-puff.

Please discuss this in your column. If I am the one who needs straightening around I will gladly change my ideas. — A MOTHER

DEAR MOTHER: It is normal for boys to fight now and then but a boy who does not fight is not abnormal, nor is he cowardly.

Your husband sounds like a bully who found satisfaction in beating up on others. He can't understand how a boy can get along without the crutch that he found so useful. He should be grateful that his son is better adjusted, more secure, and more mature than he was.

DEAR ANN: My best girl friend lives in the same block. Her father is a respected member of the community. Our parents have been friends for many years.

This summer I went on a trip, 250 miles away, to visit relatives. They gave a small dinner for me at the downtown hotel. As I glanced around the dining room I pretended not to see him but I'm sure he saw me.

Since returning home I've been wondering about this. Louise casually mentioned that her dad had been to the same city "to get his teeth fixed."

I keep telling myself the woman was a relative or a business acquaintance but I must admit it didn't look that way. I wouldn't mention this to Louise, but shall I tell my mother? — BIG EYES

DEAR BIG EYES: Why? Merely mentioning it suggests that you think the worst, and you have no evidence whatsoever because you have no idea who the woman was.

Loose talk can cause immense damage and heartache. Remember that big people talk about ideas. Medium-size people talk about things. Small people talk about people.

Are your parents too strict? You can benefit from the experiences of thousands of teen-agers if you write for ANN LANDERS' booklet, "How To Live With Your Parents," enclosing with your request 20 cents in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Cleveland Halts Yankees, 5-1; Baltimore Defeats Senators, 3-2

Grant Holds Bombers To Three Hits

Mantle And Maris Fail To Connect As Mudcat Wins 12th

CLEVELAND (AP)—Jim Grant held the New York Yankees to three hits in pitching the Cleveland Indians to a 5-1 victory in the opener of a four-game series Friday night.

Bubba Phillips drove in two runs with his 18th homer of the season and Woodie Held sent two more runners home with a triple to back up Grant, who went the distance in picking up his 12th victory in 18 decisions.

The 26-year-old right-hander retired the first 14 batters he faced before the Yankees got their first hit, a home run by Elston Howard. The only other hits off Grant were a ground rule double by Bud Daley which bounced into the right field stands in the sixth inning and a single by Tony Kubek in the ninth.

Yankee slugger Roger Maris and Mickey Mantle, who are hitting homers at a pace exceeding that of Babe Ruth when he set the all-time record of 60 in 1927, failed to add to their totals of 48 and 45, respectively.

Jim Piersall backed up against the fence in right center field near the 380-foot mark to make a leaping catch of Mantle's line drive in the fifth inning.

The Indians got all their runs off starter Jim Coates (9-4), who gave up five hits in the 2 2-3 innings he worked. Daley and Al Downing followed him to the mound.

Phillies Drop 21st Straight

Break Modern Mark, Lose To Braves, 4-1

By RAY W. DOHERTY

MILWAUKEE (UPI)—The Philadelphia Phillies broke the modern major league record for consecutive losses Friday night when they lost their 21st in a row, 4-1, to the Milwaukee Braves and Lew Burdette, who allowed only six hits in winning his 15th game this year.

The major league record had been 20 in a row, set by the Boston Red Sox in 1906 and tied by the Philadelphia Athletics in 1916 and 1943. The all - time major league record is 24, by Cleveland in 1899 while a member of the National League.

It was Milwaukee's eighth win in a row, its best streak in two seasons.

Hank Aaron batted in two runs with a single in the first inning and Burdette took it from there to give the Phillies their inglorious spot in the record books. Five of their hits were singles, and except for Don Demeter's 11th homer in the seventh, the Phils had only three other scoring chances, and they were meager ones.

It was Burdette's 11th win in his last 13 decisions and seventh complete game in his last 13 starts. He didn't walk a man, running his string to only five free passes in the last 104 2-3 innings.

Burdette drove in the Braves' third run with a double in the second, following a single by Roy McMillan and Lee Maye wound it up for Milwaukee with his 13th homer of the year in the fourth.

The Philadelphia losing streak started on July 29. Their last win was 4-3 over the San Francisco Giants in the second game of a doubleheader July 28. They were eliminated from the pennant race Thursday.

Win Fifth Straight, Johnson Is Victor

CINCINNATI (UPI) — Ken Johnson, a 28-year - old Kansas City castoff, pitched the league-leading Cincinnati Reds to their fifth straight victory Friday night by beating the St. Louis Cardinals 6-3.

The victory was the veteran right hander's fourth against one loss since purchased by the Reds from Toronto of the International League July 21.

A bases-loaded triple by Gordy Coleman, hitless in his last 10 previous trips to the plate, started the Reds on the road to victory in the first inning.

Coleman's smash off Bob Gibson came after a single and two walks had loaded the bases with two out.

Frank Robinson scored the Reds fourth run in the third inning on the front end of a double steal. He then drove home the last two runs with singles in the fifth and seventh innings.

Johnson had a three hit shutout until the seventh inning. The Cards then scored two runs, one unearned, to end a string of 32 scoreless innings for the Red pitchers.

Steve Barber Scores 15th Mound Win

Gentile's Single Wins Game In 8th; Triandos Is Injured

WASHINGTON (UPI)—Jim Gentile, Baltimore's power-house first-baseman, was held to one single Friday night but it was enough to drive in the winning run and give the Orioles a 3-2 victory over the Washington Senators.

The Orioles, however, lost the services of catcher Gus Triandos for a week to 10 days. Triandos suffered a hairline fracture of the right thumb when hit by batterymate Steve Barber's wild pitch in the first inning.

Barber went all the way for the Orioles, gaining his 15th victory of the year on a five-hitter. He yielded both Washington runs in the first inning on a single by Chuck Hinton, a scoring double by Danny O'Connell, a single by Willie Tasby and Bob Johnson's infield out.

Joe McClain lost his eighth straight and his 10th in the last 11 starts. McClain had a shutout until the sixth when the Orioles tied the score on an error and three singles.

Dallas Whips Buffalo, 35-26

BUFFALO, N.Y. (UPI) — The Dallas Texans survived three long touchdown runs by the Buffalo Bills Friday night to score their third straight American Football League exhibition victory, 35 - 26, before 11,166 fans in War Memorial Stadium.

Quarterback Cotton Davidson passed for three touchdowns and picked up one himself as Dallas overcame the brilliant running of flanker back Elbert Dunbenion and fullback Art Baker of the Bills.

Dubenion streaked 95 and 92 yards for touchdowns in the first half to keep the bills close.

Just for speculation, mind you! We wonder at the wisdom of expanding baseball's major leagues from eight to ten teams each. We wonder if a move in the opposite direction might not, perhaps, have been the better for baseball as a whole.

For example, the American League jumped to ten teams this season. What happens . . . one of the already weak links in the league immediately plummeted from eighth to tenth place.

Now, the National League is planning expansion for next season. Would it be better to go with just six teams (six in each league could play an intra-league schedule) . . . teams that could and would best utilize the available talent? In the National League quite obviously the Cubs and Phillies just don't belong.

We're not suggesting, mind you, just speculating. Why not drop in at The Cas Taylor's, corner of N. Mechanic and Valley Streets and speculate with us?

U.S. Swimmers Hang Up Three World Records

Stickles, Tremewan, Clark Lower Marks

By ALEX KAHN

LOS ANGELES (UPI)—American swim stars set two world records — in the 100-meter freestyle and 400-meter individual medley—and one new U.S. mark in the 1,500-meter freestyle in the first day's competition of the men's outdoor national swimming championships.

Rose Is Scratched

Neither Australia's Murry Rose, who was scratched from the 1,500 by illness, nor Japan's Tsyoshi Yamanaka, a distant sixth, was among top finishers Friday.

Ted Stickles, of the Indianapolis Athletic Club who held the pending world record of 4:56.8, broke his own mark in the 400-meter medley with a four body-length win in 4:55.6. His teammate, Cary Tremewan, bettered the existing world's mark in the event in 5:01.5.

Clark Beats Lyons

Steve Clark, 18-year-old Santa Clara, Calif., Swim Club performer, set the other world record of :54.4 in the 100-meter free-style in which he beat David Lyons of Winnetka, Ill., by about a half-body length. The American record in the 1,500 meter freestyle of 17:29.8 was set by Roy Saari of El Segundo, Calif.

The 400-meter individual medley consists of the butterfly, backstrong, breaststroke and freestyle, in that order. Stickles took the lead as he completed the breaststroke and opened up a two-body length advantage of the first lap of the freestyle.

Clark bested the four-year-old world mark in the 100 by two-tenths of a second.

Dapper Phillies Capture Fourth Straight Little League Crown

Defeat Cards In Playoffs Finale, 8-3

Deremer Cops 6th Mound Win; Team Sets Title Mark

The Phillies won their fourth consecutive Dapper Dan Little League championship by defeating the Cardinals, 8-3, in the finale of their title series at Penn Avenue Field yesterday.

The defending champions set a new mark for winning by becoming the first team in the 12-year history of the two-division circuit to win four titles. They also now hold the record for consecutive championships.

Only the Phillies, and the Red Sox with three championship nines, have won the crown more than twice since the league began operation in 1950.

Edge Cardinals Again

Piloted by Lloyd "Pete" Deremer and Howard "Farmer" Northcraft, the Phillies edged the Cardinals for the second straight year in their best-of-three championship series. They lost the opener of this year's title playoffs to the Cardinals, 7-0, then bounced back to win 5-4 on Wednesday and took the crown with yesterday's triumph.

The Phillies also won two of three games in the championship playoffs against the Cardinals last season.

The winners eliminated the Dan Indians, 9-8 and 4-2, to reach the 1961 finals while the Dapper Cardinals downed the Dan Braves 3-2 and 9-6 after losing 3-2 in their semi-final series.

Trailing 3-2 in the fifth inning, the Phillies forged ahead with two runs in the top of the frame when Randy Natale and Jimmy Bennett spanked two-base hits to left for the tying run and then starter Nick Perlozzo walked Billy Meister, Quentin Simpson and Gary Perkins to force in the winning tally.

The victors added four insurance runs in the sixth on consecutive singles by Tommy McGeady, Natale, Terry Deremer, and Bennett and a two-run double by Mark Lindner.

Cards Take Lead

The Cardinals, managed by Jim Ellsworth, took the lead in the bottom of the fourth when Kenny Green singled to center and completed the circuit on an outfield error. Nick Perlozzo beat out an infield hit and Curtis Kime was safe on an error. Walt Davis then singled the last two runs home for the losers.

Outstanding fielding plays included a fine running catch by Shortstop Green of the Cardinals of Meister's pop fly into center, and Simpson's perfect peg from centerfield to nail Nick Perlozzo at the plate for the Phillies.

The Cardinals had another runner thrown out at the plate when Green tripled to left and was cut down with the potentia' tying run in the fifth. The relay from Leftfielder Gary Knowlton to Lindner to Meister at the plate got Green as he tried to stretch the hit into a home run.

Deremer Wins Sixth

Leading stickers for the Phillies were Bennett, Terry Deremer, Natale and Mark Lindner, each with a single and a two-bagger. Walt Davis collected a pair of singles and Green had a single and a triple for the Cardinals.

Terry Deremer won his sixth game of the season for the Phillies with a seven-hit effort. He whiffed nine and walked only one batter as he completed his third year with the champions. Nick Perlozzo, relieved by Dave Coffman, was the loser.

Deremer's three - year pitching record in the Little League is 14-3. The results:

Phillies	100 124—8	11	4
Cardinals	000 300—3	7	2

Terry Deremer and Billy Meister, Nick Perlozzo, Dave Coffman (6) and Walt Davis.
Loser—Nick Perlozzo.

Bartzen Gives U.S. Netmen Tie With Mexicans

McKinley Is Upset By Rafael Osuna

CLEVELAND (AP) — Bernard (Tut) Bartzen gave the United States a 1-1 tie with Mexico in the American Zone Davis Cup tennis championships Friday.

Bartzen, 33, beat Mario Llamas, Mexico's No. 1 player, in the second round of singles play 4-6, 6-4, 6-4, 6-4. He continually forced Llamas across the back line, making his opponent drive the ball into the net several times.

In the first round, Mexico's Rafael Osuna relied on a powerful serve and accurate forehand smash to beat Chuck McKinley in straight sets, all by 6-3 scores.

The teams resume their best-of-five struggle for supremacy on the clay courts of the Cleveland Skating Club with doubles Saturday and a pair of singles Sunday. The same Mexican squad that just missed an upset a year ago is rated a good chance to win. The margin then was just 3-2.

Osuna, 22, a University of Southern California student, proved too fast and powerful for McKinley, a recent runnerup at Wimbledon. McKinley, 28, of St. Louis, never broke through the Mexican's service.

Americans Win All-Star Game In Rec League

Bob Carey's Tossers Beat Nationals, 8-1

Manager Bob Carey's American Division team defeated the National Division tossers in the Rec Softball League all-star battle yesterday at Stitcher Field by the score of 8-1 in a game called in the top of the ninth inning on account of darkness.

Four hurlers, namely, Bill Kenney, Bob Fletcher, Jack Long and Rich Smith, limited the Nationals to three hits — a triple by Ronnie Carcella and singles by Frank Young and Paul Chaney. Kenney, of Wiley Ford, pitched the first three innings and received credit for the win.

Allan Largent, the first of four National hurlers, was tagged with the loss.

Jim Leamon of Wiley Ford paced the Americans' 10-hit assault with a double and two singles while John Lechlier, also of Wiley Ford, garnered two bingles. Paul Stickley, of Wiley Ford, smacked a two-bagger.

Twenty-two players saw action with Manager Bill Payton's Nationals while 19 tossers were used by Manager Carey.

Colts Defeat Vikings, 13-3

Lenny Moore Tallies Both Touchdowns

BALTIMORE, Md. (UPI)—Halfback Lennie Moore ran for one touchdown and took a pass from quarterback Johnny Unitas for another to lead the Baltimore Colts to a 13-3 pre-season win Friday night over the Minnesota Vikings.

The Colts freely displayed rookies but no secrets, with the veterans appearing to score easily over the new entry in the National Football League.

A Memorial Stadium crowd of 10,203 saw Moore race nine yards late in the second quarter to give Baltimore a 6-0 lead. Minnesota fought back with a 30-yard, third quarter field goal by Mike Mercer. But in the final quarter Moore caught a Unitas pass good for 75 yards and a touchdown.

Two players acquired in trades, ends Jimmy Orr of the Steelers and Dee Mackey, of San Francisco were impressive newcomers to the Baltimore club.

Former Colt George Shaw did a smooth job of quarterbacking the Vikings, while halfbacks Hugh McElhenny and Tommy Mason carried the brunt of the ground game.

Minnesota	0	0	3	0	3
Baltimore	0	6	0	7	13

Scoring:
Bit: TD, Moore (9 run); Moore (75, pass from Unitas).

Market Reaches New High In Active Trading Friday

NEW YORK (AP)—Weathering some profit taking and bad news for the drugs, the stock market Friday moved to a new high in active trading.

Historic peaks were recorded for The Associated Press average, the Dow Jones industrial average, and Standard & Poor's 500-stock index.

An estimated $1.6 billion was added to the quoted value of stocks listed on the New York Stock Exchange, based on the rise in the AP average.

The vigorous rise was achieved despite news that Pfizer, American Cyanamid and Bristol-Myers had been indicted on antitrust charges that they had allegedly fixed prices for antibiotics.

The pattern was spotty for Big Three motors, steels, chemicals and electronics, but rails continued their strong rebound.

The Dow Jones industrial average rose 1.70 to 723.54, topping its previous closing high of 722.61 reached Aug. 11. The AP 60-stock average rose 1.10 to 256.50 with industrials up 1.40, rails up 1.10 and utilities up .30 to a high for the year.

Standard & Poor's 500-stock index rose .18 to 68.29.

Of 1,252 issues traded, 577 advanced and 465 declined. New highs for the year totaled 65 and new lows 8.

Prices on the American Stock Exchange also moved generally higher. Volume was 1.22 million shares compared with 1.16 million Thursday.

Corporate bonds were mixed. U.S. government bonds advanced.

Bond volume dipped to $5.24 million par value from $5.91 Thursday.

In Memoriam

In memory of Florence Shriver, who passed away August 19, 1954.
You were loved in life, in death remembered,
Time takes away the edge of grief,
But memory turns back every leaf.
Sadly missed by sister and niece,
ELLA LAWMAN WANENFELTZ AND FAY MULLENIX

COLLEGE PARK, Md. (AP)—Brooklawn, N. J. Post 72 upset Washington Gas Light Post 55, 5-4, and Post 21, of Wilmington, Del., eliminated Post 94 of South Charleston, W. Va., 10-3, in today's second round of the American Legion Junior Baseball Regional Tournament at the University of Maryland.

Delaware plays Post 11 of Frederick, the Maryland champion, at 10 a. m. tomorrow while Post 1367 of Staten Island, N. Y., meets New Jersey, with a 2-0 record, at 1 p.m.

Delaware made short work of West Virginia behind the 6-hit pitching of Paul Harrington. Allen Beitman had 3 hits and Dick Lindsay a solo home run for the winners.

New Jersey came from behind with 4 runs in the bottom of the 7th inning to nip Washington, the tourney favorite. Toby Frymira knocked in 2 runs and Dennis O'Brien one in the 7th. Jerry Osler walked and scored the winning run on an error.

Dick Laxton went all the way on the mound for New Jersey and survived despite 6 errors by his teammates. All of Washington's runs were the result of New Jersey errors.

Banks' Double Beats Bucs 2-1

Chicago Wins Game On 11th Inning Hit

CHICAGO (AP) — Ernie Banks' double scored Jerry Kindall with one out in the 11th inning to give the Chicago Cubs a 2-1 victory over the Pittsburgh Pirates Friday.

In scoring the winning run, Kindall collided with catcher Don Leppert, who was attempting to block the plate while waiting for the relay throw from shortstop Dick Groat after Bill Virdon recovered Banks' blow.

Kindall remained on the ground for three minutes before walking off the field after successfully beating the throw to Leppert.

The loss was a heart-breaker for American League cast-off Tom Sturdivant, who suffered his first National League defeat. He gave up eight hits. Winner Dick Ellsworth, who balanced his record at 7-6, was tagged for 10 hits as the Cubs squared their season series with the Pirates at 6-6.

Casper Holds Stroke Lead

Billy Shoots 137 At Indian Spring

SILVER SPRING, Md. (AP)—Billy Casper's reliable putter went sour on him Friday and sent him a stroke over par 70, but the chubby golfer from Apple Valley, Calif., had enough of a head start to hold the second-round lead in the $35,000 Indian Spring Open.

Casper's 71 was five strokes higher than he shot in Thursday's opening round of the 72-hole tournament and left him with a total 137.

His nearest first-round pursuers had even worse luck on the difficult 7,031-yard course and left the way open for a new set of Casper challengers.

Billy Maxwell shot his way to within one stroke of Casper. The Dallas pro displayed consistency by taking 69 strokes for the second straight time.

Wightman Tests To Start Today

CHICAGO (AP)—A trio of teenagers has been assigned shock troop duty against the decidedly favored women amateur tennis stars of Great Britain in Wightman Cup competition starting Saturday.

Karen Hantze, 18, of San Diego, Billie Jean Moffitt, 17, Long Beach, Calif., and Justina Bricka, 18, St. Louis, make up the youngest group ever to represent the U.S. in the 32 matches played between the two countries since 1923.

To Miss Hantze and Miss Moffitt, named No. 1 and No. 2, respectively, goes the major task of playing in two singles each and one doubles.

Two singles and one doubles will be held Saturday starting at 1:30 p.m. EST, with three singles and one double Sunday. Each match won is worth one point.

Great Britain won last year on its home ground 4-3. If it repeats, it will be the first time it has done so since 1924 and 1925.

Mayor Sees No Way To Change Budget

Resurfacing Funds Reduced

Mayor J. Edwin Keech said yesterday that he has gone over the proposed budget very carefully again and sees no way, at this time, to change it.

Barring a surprise proposal, levy and budget ordinances which were prepared yesterday by City Comptroller Arthur B. Gibson will go before the Mayor and Council for action Monday morning.

The ordinances call for levying a tax of $1.54 for operations and debt service to raise a budget totaling $1,950,610.

The $1.54 tax rate will include $1.2498 for operating expenses and 29.02 cents for servicing the city's general debt.

City officials found no way, during studies of the budget, to provide requested wage increases for the city's 270 workers beyond the some $25,000 included for merit pay increases.

Would Mean Cut

Mayor Keech said that if the city were to use all of the $239,000 surplus which was used to help make up this budget, there would be no surplus next year and the budget would have to be cut by as much as it is short.

He said that property taken off the tax books as the Thruway project progresses is cutting into the tax base and that he was informed by the State Roads Commission that property assessed at some $1,444,000 will be taken.

The present $1.25 limit on taxes for operating expenses, he added, "does not allow for increases in the costs of city services."

A lot of people, Mr. Gibson commented, do not get the idea of the surplus.

He said the surplus was $239,000 last year and that to make the same budget, you would have to have the same surplus.

Takes Cut

The Street Department paving and resurfacing program took the worst beating in final compilation for the budget.

The department had requested a total of $226,481 for its projects and in the appropriations which may be approved at Monday's meeting of the Mayor and Council, received only $95,500.

That represents a reduction of 57.83 per cent from the original request.

On the other hand, the Fire Department asked for $339,121.01 and received $325,000, a reduction of 4.16 per cent; while the Police Department requested $339,724 and received $315,000, a reduction of 7.28 per cent.

Projects Listed

Included in the original request was $125,000 for the rehabilitation of downtown streets, of which the city would pay $62,500; and resurfacing plans for East Third Street, Montgomery Avenue, Buckingham Road, Windsor Road, Arch Street, Sedgwick Street, Washington Street, Greenway Avenue, Brookfield Avenue, East Elder Street, Tilghman Street, School Street and Camden Avenue.

New construction was proposed on Memorial Avenue, First Street and Somerville Avenue and $90,000 in improvements on Bedford Street.

Since ordinances have already been passed in most cases for resurfacing the mentioned streets, it would appear that the $95,500 granted for street and alley paving is committed. It will not, in fact, cover the resurfacing of all the listed streets during the next fiscal year.

Set up under Special Projects which includes streets as well as others, are the widening of North Mechanic Street, $10,000; new traffic lights on Baltimore Street, $7,680; traffic signals at Henderson Avenue-North Mechanic Street intersection (bridge), $5,500; the Virginia Avenue (Industrial Boulevard) traffic lights, $4,600; repair of the old Market Street bridge over the railroad, $2,500; and a conduit needed in connection with the Industrial Boulevard, $2,500.

Street Commissioner John J. Long in commenting on his budget, said "We would like to have more to continue our excellent program but if the city fathers feel that is all we can have, then we will do the best we can with what we have."

Home Is Planned On Kent Avenue

The Garner Construction Company yesterday secured permits for the construction of a home and a garage at 912 Kent Avenue.

The 26 by 26 foot home will be of brick and frame construction and is estimated to cost $9,000. A brick garage at the rear of the lot will cost $1,000.

Civil War 'Battle' Today

The Winchester Rebels, Company K, Fifth Virginians, shown above, will take part in a mock Civil War battle today at 2 p. m. at Mt. Savage High School athletic field. The battle is being staged in connection with the 15th anniversary celebration of Old Rail Post 6025, Veterans of Foreign Wars in Mt. Savage. Three other units also will take part in the attraction.

Mock Civil War Battle Today At Mt. Savage

A mock Civil War skirmish will be staged this afternoon at Mt. Savage between two Confederate units and two units representing Union Army forces.

The mock battle will be presented at 2 p. m. at the Mt. Savage High School athletic field under the auspices of Old Rail Post 6025, Veterans of Foreign Wars in Mt. Savage, which is observing its 15th anniversary this week.

Between 80 and 100 men are expected to take part in the "battle" which will depict a typical raid by Confederate forces on railroads in the Cumberland area during the Civil War.

Units which will take part include the Cumberland Continentals, Company C, Second Maryland Infantry Regiment, U. S. Volunteers; Company A, Second Maryland Infantry Regiment, U. S. Volunteers from Hagerstown; Winchester (Va.) Rebels, Company K, Fifth Virginians, and the Warren Rifles Company, 17th Regiment, Front Royal, Va.

Pike Firemen Raise $1,466 In Fund Drive

Baltimore Pike volunteer firemen have just completed the best fund drive they've held in recent years. They raised $1,466.10, and more money is still to come in, said Donald Ware, president.

The firemen plan to use part of the money for payments on the 600-gallon tank truck they bought two years ago for $16,000. Having the truck brought down fire insurance rates for people who live in the area the company serves.

Part of the money may be spent on a new five-horsepower siren to be mounted atop the fire hall.

Mr. Ware said the present one-horsepower siren is too weak to be heard by most members of the company when it's sounded to call the firemen to a fire. As a result, the company has to rely heavily on the telephone to summon some of its members. This takes too much time.

The firemen are considering moving the present siren to a point somewhere on Martin's Mountain for use as an auxiliary unit if a bigger siren is bought. Many members live in that area, and some live as far away as Bean's Cove, across the line in Pennsylvania.

Mr. Ware said anyone who still has a coin card from the fund drive may turn it in at Kight's Garage or at Hanlin's Esso Station, or may call him at PA 4-9398 and it will be picked up.

He said the company wants to thank all donors who "made this one of the best fund drives held in recent years." Last year's drive raised about $1,200, and the 1959 drive, about $1,000.

Premium Money To Be Distributed At Fair Today

Some 1,500 envelopes containing premium money won by exhibitors at the 44th annual Cumberland Fair will be ready for distribution starting about 9:30 a. m. today at the headquarters of Mrs. Martin M. Gordon, chief clerk of entries at the Fair.

Mrs. Gordon has requested that all persons entitled to premium money come to her office near the main entrance to the Fair grounds before noon today.

The Cooties announced they will make their next visit to Newton D. Baker veterans hospital at Martinsburg, W. Va. in October. They also expressed thanks to Alvin C. Neat Post 5280, VFW, at Lonaconing, for its help in the hospital program.

Md. Prison Assistant Is Dismissed

Robert L. Clopper Said Insubordinate

BALTIMORE (AP)—The State Board of Correction voted Friday to dismiss Robert L. Clopper as assistant superintendent of the Reformatory for Males on grounds of insubordination.

The 5-1 vote came on the recommendation of James W. Curran, superintendent of prisons, and Clement J. Ferling, superintendent of the reformatory.

The board acted on the basis that Clopper was not under the state merit system. His request for a hearing was turned down.

Clopper's only apparent appeal is to the courts. Contacted at his home on the reformatory grounds, he had no immediate comment on the board's action.

G. C. A. Anderson, chairman of the board, read a letter from Ferling recommending Clopper be fired. The letter said Clopper had been insubordinate to Ferling in an incident at the reformatory Aug. 8.

Clopper, a reformatory employe for nine years, was suspended by Curran the day after the incident.

Ferling's letter said the Aug. 8 incident involved a prisoner who had been denied athletic privileges for medical reasons but had been kept working on the rock pile.

Ferling said Clopper made insubordinate remarks and claimed that he was always "caught in the middle" in differences between Ferling and the reformatory doctor.

Ferling has been superintendent for seven years at the reformatory, which houses 1,200 inmates at Brethedsville, near Hagerstown.

Three Hurt In Accident At Eckhart

Three persons, including a man and his wife, were injured yesterday evening in a two-car accident in Eckhart.

Admitted to Miners Hospital in Frostburg for observation was Michael J. Gaudio, 32, of Porter Street, Eckhart, who sustained a possible injury to his left leg.

Victor E. Wonn, 49, of RD 1, Dressman's Addition, city, was admitted to Memorial Hospital here with an injury to his left knee, abrasions of the body, chest injuries and possible fractured ribs. He was reported in "good" condition.

His wife, Margaret, was treated at the local hospital, according to police, who said she suffered abrasions in the accident at 6:10 p. m. at the intersection of old and new Route 40 in Eckhart.

State Police said Gaudio was traveling west on Route 40 and stopped to make a left turn onto old Route 40.

Wonn was traveling west on Route 40 and struck the Gaudio car in the rear, said police.

Tfc. Joseph V. Stakem of the Maryland State Police said charges are pending.

Minister Hurt In Auto Crash

Rev. Wilmer Rayner, 41, pastor of Lonaconing Church of God, is reported in "satisfactory" condition at Memorial Hospital where he was admitted yesterday morning following an auto accident on Oldtown Road.

Rev. Mr. Rayner sustained a possible fracture of the spine when his car struck a guard rail. Tfc. Joseph H. Helmstetter said the Lonaconing minister swerved to avoid an oncoming car and ran off the highway.

Sears Ouster Is Urged By Pressman

Attorney Charges Abuses By Firms

BALTIMORE (AP) — Attorney Hyman Pressman appealed publicly Friday night for removal of F. Douglass Sears as state insurance commissioner.

He charged in a televised speech that Sears has ignored complaints of motorists whose claims have been refused and whose policies have been canceled or rates boosted "arbitrarily" by certain out-of-state firms.

Such policy holders are forced after cancellation to go into an "assigned risk" pool where risks are spread over various companies and they pay higher rates.

Pressman said that Sears has been associated with the insurance industry for 30 years and "apparently feels it is his duty to protect the industry."

He said the commissioner has refused to hold a public hearing on the matter.

"This is a job which calls for an aggressive person who will protect the rights of the public," Pressman said in the telecast for which he purchased time.

Charges Abuses

"I urge that you do something about it. I ask you to write to Gov. Tawes urging that Commissioner Sears be replaced by an active, vigorous man who will dedicate his efforts to the protection of the public and that the new commissioner hold hearings to review the insurance rates and to eliminate abuses by insurance companies."

Sears said he watched the telecast but had no comment to make on Pressman's charges.

The Baltimore attorney charged that there are "a number of out-of-state companies which have been coming to Maryland to make a fast buck."

"They cancel policies without just cause. After a person's policy is canceled, even the honorable insurance companies refuse to sell him insurance so he is forced to get his insurance through a special pool at a tremendously increased rate."

General Cases Cited

Pressman did not name any of the companies, but he cited several cases.

He said Donald Carlsen of Baltimore, a driver for 38 years, has been involved in "only a few minor accidents in which no one was injured and the total amount of property damage was less than $200."

"Yet his policy was canceled with the result that neither he nor anyone in his family can get insurance at regular rates. In the assigned risk pool, he has to pay $119 for a policy which cost him $69 before. When his son became of age, he had to pay $256 instead of $154."

Pressman said other cancellations which had come to his attention "were even more arbitrary and discriminatory."

"Some were canceled because the insured happened to live in a neighborhood which the company suddenly decided to black out, or because the company eliminated everyone in a certain occupation," he said.

The Maryland Paintiff's Bar Association, of which Pressman is a member, had earlier appealed to Gov. Tawes for public hearings by the insurance commissioner on policy cancellations.

John B. Wright, of Annapolis, association president, said in a letter to the governor Wednesday that the group has instances of wholesale cancellations of policies on drivers who generally had good records.

'Y' Will Offer Classes For Women

Central YMCA will offer morning and evening baby sitting service for its fall and winter "slimnastics" and swimming classes, according to Benjamin Haines, program director.

All women's classes will be offered on Tuesday and Thursday morning and on Tuesday evenings. Mrs. Judy Briner, "Y" gym and swimming instructor, will teach both classes.

A registered nurse will supervise the children in the "Y" nursery room during the class periods.

The special women's classes will start September 12, and interested women should contact the YMCA, Mr. Haines said.

New PE Map Features Civil War Area Events

Attention is focused on the Cumberland Tri-State area by a colorful Civil War map just published by the Potomac Edison System as the last phase of the PE program to commemorate the centennial of that war between brothers of 1861-65.

Framing the map which includes portions of Maryland, West Virginia, Virginia, Pennsylvania and the District of Columbia are 18 pictures taken in and around different communities in Maryland, West Virginia and Virginia.

One picture was taken here in Cumberland. Present-day "soldiers" dressed in Union and Confederate uniforms typical of a century ago are shown in front of the Revere House, now the home of Monarch Foods Corporation at 184 Baltimore Street. It was in this building that a small band of McNeill Rangers captured Union General George Crook on the night of February 21, 1865. General B. F. Kelley was similarly captured the same night from Barnum House, which for years was known as the Windsor Hotel. This building at the corner of Baltimore and George streets was torn down several years ago to make room for a parking lot.

Also pictured on the map is the Clarysville Inn, situated some three miles east of Frostburg. During the Civil War, the Union Army used this building as a hospital.

Other pictures on the map were taken in the South Branch Valley communities of Romney, Moorefield and Petersburg. The Romney picture shows a home which was the headquarters of Union General Lew Wallace.

The Moorefield photograph shows the Presbyterian Church which was used as a stable by Union soldiers. The Petersburg picture depicts "Silver Bend," built in 1812, which was the home of Captain John Hanson McNeill.

Other pictures on the map were taken in communities within a 90-mile radius of Cumberland. Included are Chambersburg, Pa.; the Maryland communities of Frederick, Boonsboro, Sharpsburg and Burkittsville, West Virginia towns of Harpers Ferry, Charles Town and Martinsburg and the Virginia communities of Millwood, Front Royal, Winchester, Middletown and Strasburg.

TO PREACH HERE — Rev. L. Stanley Whitson, pastor of Holy Trinity Evangelical Lutheran Church in Elkins, W. Va., will be guest minister at St. Paul's Lutheran Church at the 8:30 and 11 a. m. services tomorrow. A son of Mr. and Mrs. Roy Whitson, 203 Columbia Street, he is married to the former Dorothy Jean Dunkelberger. He graduated from Allegany High School before going to Gettysburg College and to the seminary there. He was ordained in 1948.

City To Aid In Area Water, Sewage Studies

Mayor J. Edwin Keech yesterday promised cooperation of the City of Cumberland in studies of water and sewage problems of this county.

The offer was made as Mayor Keech, City Attorney William R. Carscaden, City Engineer C. R. Nuzum and City Comptroller Arthur B. Gibson met with John C. Childs of Matz, Childs and Associate, Baltimore.

The firm is making a feasibility study of a water line from the Savage River Dam to serve communities and plants along the North Branch.

The city, Mayor Keech said, agreed to make available information, maps and reports which might be of use to the firm for a long-range study of the area's water needs.

Mr. Childs also reported his firm was making a study of the sewage problem at Roberts Place, Bowling Green and Cresaptown and discussed with city officials sewer lines, the treatment plant and how city facilities may apply to his studies.

29th Could Be Ready In 60 Days

CAMP A. P. HILL, Va. (AP)—Maryland's famed 29th Division could be ready to fight in two months according to the unit's operations officer.

The officer, Lt. Col. John F. Burk of Timonium, Md., made the statement at a briefing Friday which preceded a tour of this installation where Maryland and Virginia National Guard units are training. Participating in the tour were Maryland's Gov. J. Millard Tawes and Gen. Charles G. Dodge, Army deputy chief of staff for reserve affairs.

Infantry troops of the Maryland-Virginia units will hold a review here today for Tawes, Dodge and other visiting dignitaries. Virginia Gov. J. Lindsay Almond was invited to attend the ceremonies but declined.

Miss Fairgo Selection Tonight

The sixth Miss Fairgo will be crowned about 8 o'clock tonight at the 44th annual Cumberland Fair just before the final performance of the "Stars of Tomorrow Revue" on the stage in front of the Fairgo grandstand.

Miss Helen Paxton of Cumberland, who as the Allegany County farm queen was selected as the first Miss Fairgo in 1956, is scheduled to crown the sixth Miss Fairgo tonight.

Voting for Miss Fairgo ended last night. The ballots will be counted in time for the 8 o'clock ceremony tonight. Fair patrons are wondering whether Mineral County, W. Va., can retain its monopoly on Miss Fairgo. The last three years the Mineral County fair queen has gained added honors as Miss Fairgo.

Contestants for Miss Fairgo of 1961 are Miss Kathy Yaste, Garrett County farm queen; Miss Sally Ort Miller, Allegany County farm queen; Miss Rebecca Rininger, Somerset County (Pa.) maple queen; Miss Diane Cheshire, Mineral County fair queen, and Miss Marcia Evans, West Virginia poultry queen.

Previous winners of Miss Fairgo honors since Miss Paxton's selection included the following:

Miss Louise Pyles, West Virginia poultry queen, 1957; Miss Anne Drane, Mineral County fair queen, 1958; Miss Donna Ruth Hershberger, Mineral County fair queen, 1959, and Miss Kay Stullenbarger, Mineral County fair queen, 1960.

Redmen Urge Truck Safety Plan

The Improved Order of Redmen of Westernport, concerned over the fatal accidents which have occurred in Bloomington at the foot of Backbone Mountain, has appealed to Governor Tawes for action to alleviate the dangerous situation.

In a letter to the governor, Earl W. Conn, chairman of the organization's highway safety committee, joins the residents of the community who are appealing to "your better judgment to take immediate steps to have this situation altered."

He pointed out that Maryland Route 135 is heavily traveled to and from Deep Creek Lake and "we are all afraid that one of these runaways might catch a school bus or one or more autos in its path."

Mr. Conn suggests that a large sign could be erected at the top and halfway down the mountain to alert tractor-trailer drivers of the dangerous curve at the foot of the mountain.

"Maybe it would be possible," he said, "to bulldoze out a couple of runways along the left side of the road so the drivers could ditch their rigs in them."

The chairman cited that the Bloomington School and two service stations are located at the bottom of the mountain highway.

Injuries Fatal To Woman In Route 50 Crash

Mrs. Ruth Butcher Dies In Winchester

Mrs. Ruth Butcher, about 31, of Summit Point, W. Va. (Jefferson County) died yesterday at 11 a. m. in Winchester (Va.) Memorial Hospital of injuries sustained in a two-car collision Thursday morning on U. S. Route 50 about a mile west of Capon Bridge.

Her husband, two-year-old son, and a Hedgesville, W. Va., man are patients in the hospital.

Rev. Samuel F. Butcher, 35, is reported in "satisfactory" condition, according to attaches, who said he sustained a ruptured liver and fractured ribs.

Timothy Butcher, two, had several teeth knocked out and suffered facial lacerations and concussion.

Otis Clark of Hedgesville, sustained a minor knee injury in the accident, which occurred about 10:45 a. m. Thursday.

A young daughter of Rev. and Mrs. Butcher escaped serious injury and was taken care of Thursday night by friends of the couple.

Authorities said Clark, who was traveling east, was making a left turn into a service station when the Butcher car hit the vehicle almost headon.

Mrs. Butcher sustained a fractured skull, a severe laceration of her forehead, a fractured right leg and broken ribs.

No charges were preferred pending a complete investigation by West Virginia State Police at Romney.

The victim's body was taken to the Kurtz Funeral Home in Winchester and will be taken to the Tomblyn Funeral Home in French Creek, W. Va.

Summit Point is located about six miles southwest of Charles Town.

Pigeon Show Winners Share $2,032 Prizes

Most of the exhibits in the poultry, pigeon and pet stock department at the Cumberland Fair were being removed yesterday afternoon and C. A. Smith, show secretary and manager, expressed a belief that the quality of the exhibits was the best in years.

Mr. Smith is a man who should know. His association with poultry and pigeons at Fairgo goes back some 37 years to 1924. There are few, if any other persons connected with the Fair, whose experience outdates Mr. Smith's.

Before the show came to its conclusion yesterday, some $2,032 in premium money was distributed to prize-winning exhibitors.

Some 37 different persons are sharing the prize money. Twenty-three of them exhibited pigeons. Five of the pigeon fanciers won over $100 in premium money. Included were C. A. Smith and Sons, LaVale, $419; George Edward Knox, Westminister, $182; Kenneth M. Green, Hagerstown, $171; Ellsworth Kistler, Centre Valley, Pa., $117, and J. Norman High, Reisterstown, $108.

Ten different chicken exhibitors shared prize money. Biggest winners here were Henry K. Miller, Lebanon, Pa., $193; Miles Light, Mt. Aetna, Pa., $173. Three Allegany County exhibitors who did well were E. A. Clise, Midland, $46; Daniel Jones, Frostburg, $27; and E. M. Sager, this city, $21.

The Jones Rabbitry of Cumberland won $28 in premiums for its prize rabbits. Three other rabbit exhibitors shared winnings here.

Man Shot In Back Said 'Satisfactory'

Warren R. Elliott, 36, of near Barton, who was shot in the back at his home Thursday afternoon, was reported in "satisfactory" condition last night at Memorial Hospital.

His wife, Mrs. Frances Ann Elliott, 34, is being held in the County Jail on an open charge pending the outcome of her husband's injury.

Elliott was shot in the back with a .22 caliber pistol following an altercation at the Elliott residence.

County Investigator Edwin R. Lilya and Tfc. Robert C. Dishong are conducting the investigation.

Audit Of City Records Begins

The annual audit of the financial records of the City of Cumberland is under way at City Hall.

The work is being done by John W. Rollins Jr. and William Torkington, local certified public accountants, and is expected to be completed in a few weeks.

Capuchin Missionaries Vacation Here

By C. WESLEY BLACKBURN
News Staff Writer

Two Cumberland men who have spent the last five years with the Capuchin Mission Band in New Guinea are home on vacation here.

They are Rev. Gary Stakem, O. F. M. Cap., and Brother Claude Mattingly, O. F. M. Cap.

Both are in the United States for a six-month vacation after serving for the past five years with the Capuchin Mission Band in the southern highlands of Papua, New Guinea.

Brother Claude returned to the States six weeks ago and arrived here yesterday for a visit with his brother, Robert C. Mattingly, 324 Cumberland Street.

He will return early next year to the missions established by the Capuchins six years ago.

Brother Claude is enjoying his visits with members of the family here and in California and Pittsburgh, but said it is hard to get used to "all of the hustle and bustle."

He said the people served by the Capuchin Mission are "behind the stone age people" and that their only contact with civilization has been during the past 10 years.

He said he likes the life in New Guinea very much and that "all of the men like it" and that although it is an entirely different type of life there is "never a dull moment."

He expects to stay here until after Labor Day, and then will go to Pittsburgh for a medical check-up and a visit with his sister.

Brother Claude is stationed at Mendi, the mission's main station, with Rev. Benjamin Madden, another native of Cumberland.

Father Gary is stationed at Ialibu, another of the five main stations, and Rev. David Dressman, also of Cumberland, is serving at Kagua.

Father Gary arrived here last week for his vacation and is visiting his parents, Mr. and Mrs. R. J. Stakem, 414 Fayette Street.

He plans to spend the vacation here and in the Pittsburgh area, where he is scheduled to do mission work.

Another son of SS. Peter and Paul parish here, Rev. Stanley Miltenberger, was one of the priests who helped set up the missions. He is now stationed at Rochester, Pa.

Father Gary said life in the New Guinea missions presents many problems, as it is an entirely different way of life, but that he likes it "very much."

Although he is stationed at Ialibu, he spends much of his time making the rounds of the some 20 out-stations, spending as much as two weeks at a time at the outposts.

On some of the trips, it is possible to go in style on a motor bike, as trails have been improved since the stations were established. Accompanied by natives, he makes the other trips into the bush on foot.

UGLIEST GUN IN WEST — This would throw a quick chill into any opponent. The cold-eyed monk crashed the act in Hollywood during filming of a "Rawhide" TV episode.

Banner Company Shows Clicking

This season perhaps the most successful producing company in television is that of Bob Banner Associates. They had the pleasure of seeing two of their productions land among the top ten all year long. These were the Garry Moore Tuesday night variety shows and the Sunday "Candid Camera" programs.

Coming up on Banner Associates scheduled on September 27 will be "Jack Benny at Carnegie Hall" on CBS-TV. This is a special comprising taping of a salute given to Benny several months ago.

Back to back with the Banner special will be the Victor Borge special and this should make it one of the most memorable evenings on TV in many a moon.

Julia Meade, Bess Myerson Typify Trend

By CHARLES J. LEAVY

Since the days of Susan B. Anthony and Woman Suffrage, there are very few occupations which the "weaker sex" has not been successful in invading. The deep resonant voice of the male has long been the prime requisite for an announcer. During the many years of radio's heydey, there have been some female announcers, but none ever attained great stature in this medium.

With the advent of television — when sight was added to sound — many radio fans were astounded to see that the delightful masculine voice did not always have the looks and figure to match.

Along with woman's inroads into other professions, it was a natural for television to cash in on the distaff's side prime asset — beauty.

Bess Myerson and Julia Meade are two of the most successful salesladies in television today.

Bess graduated from Hunter College in 1945, a photographer submitted her pic- Contest. She won and went on to become Miss America.

Julia's mother, Caroline Meade, appeared in Shakespearean roles.

Besides doing commercials, Bess is a regular panelist on "I've Got A Secret" every Wednesday. She enjoys this especially since it requires no rehearsal time.

Julia can currently be seen in the motion picture, "Tammy, Tell Me True."

Panelist Takes Singing Lessons

Betsy Palmer, pert panelist on "I've Got a Secret," would love to star in a musical some day. That's why she's been taking singing lessons.

"I don't know, though," she reports, "whether my voice would hold up. If I got laryngitis, what would I do? I'm not afraid to get up and face an audience. I don't dance but I could learn that in no time flat if I had to—if it were not too difficult. I love musicals. I like music."

TV fans have already heard Betsy sing. Once on the old Phil Silvers Show and once on the Garry Moore Show. The critics seemed pleasantly surprised.
